Elkhart Plastics, Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Elkhart Plastics, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was established effective April 1, 2011 by Elkhart Plastics, Inc. (the "Company") and is a defined contribution plan covering substantially all full-time employees of the Company, who have two months of service as defined by the Plan, are age eighteen or older, and are not a member of a unit of employees covered by a collective bargaining agreement, a leased employee, or a resident of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In November 2018, the Plan was amended, effective January 1, 2019, to include employees hired as a result of the acquisition of Elkhart Plastics of Iowa. These employees were eligible for plan participation on January 1, 2019 following satisfaction of the Plan's eligibility conditions, as noted above.

Contributions: Each year, participants may contribute a portion of their pre-tax annual compensation, as defined by the Plan. The Plan includes an automatic elective deferral contribution of 6% for all eligible employees, which will increase annually by 1% of compensation up to a maximum of 10% of compensation. The participants may execute an agreement to select a percentage below 6% of all eligible wages, and also may opt-out of the annual increase. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company has elected to provide safe-harbor contributions and therefore is required to match the first 1% of the employee's compensation and 50% of the next 5% of the employee's compensation as limited by the employee's contributions to the Plan. The Company contributions are invested into the various investment options in a manner that is consistent with participant contributions. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings. Participants are vested in employer qualified safe-harbor match contributions plus actual earnings thereon after two years of service. Vesting in any additional employer discretionary contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of benefits: On termination of service due to death, disability, retirement, or other reasons participants receive a single lump-sum payment in an amount equal to the value of the participant's vested account. Benefit payments are recorded when paid.

Forfeitures: Forfeited accounts can be used to reduce future employer contributions or allocated to participants. At December 31, 2019 and 2018, there were approximately \$27,000 and \$23,000, respectively, of forfeited accounts available for carry-over to future years. During the year ended December 31, 2019, approximately \$87,000 of forfeited accounts was used to reduce employer contributions.

Elkhart Plastics, Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The maximum term allowed is five years or longer for the purchase of a principal residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the third-party administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any time. Two loans are allowed if one loan is for a principal residence.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Fair value measurements: The accounting standards board establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. That hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Elkhart Plastics, Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Shares of cash equivalents and mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pending accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through July 29, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. As a result, the Plan's investments have incurred significant fluctuations in fair value since December 31, 2019.

Note 3. Information Certified by Schwab

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Schwab, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the Plan's assets, as certified by Schwab, at December 31, 2019 and 2018.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The Plan evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers between levels.

Note 5. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Related Party Transactions

Certain Plan investments are managed by Schwab. Schwab is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the trustee and third-party administrators by the Plan for the year ended December 31, 2019, totaled approximately \$105,000.

Note 7. Income Tax Status and Uncertain Tax Positions

The Plan has adopted a volume submitter plan sponsored by Standard Retirement Services, Inc. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2016.
