INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Biscuits & Bath 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Biscuits & Bath 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company ("FMTC"), as of December 31, 2019 and 2018 and for the years then ended, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that FMTC holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from FMTC as of December 31, 2019 and 2018 and for the years then ended that the information provided to the plan administrator by FMTC is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule on page 15 as of December 31, 2019 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Biscuits & Bath 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Biscuits & Bath, Inc. (the "Company"). Employees are eligible for participation in the Plan upon meeting the Company's specified criteria. Fidelity Management Trust Company (the "Trustee") provides custodial and recording keeping services to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility and Participation

Full-time and part-time employees are eligible to participate in the Plan after working one year and 1,000 hours provided they are at least 21 years of age. The Plan automatically enrolls all eligible employees who have not properly notified the Plan Administrator of their intent not to participate.

Contributions

The Plan allows participants to contribute from 1% to 90% of their eligible compensation up to a maximum of $18,500 for the year ended December 31, 2019. Participants attaining 50 years of age or who are over 50 years of age prior to the end of a calendar year may elect to contribute an additional amount of up to $6,000 for the year ended December 31, 2019, in tax deferred savings, known as "catch-up contributions". A default contribution rate of 4% of eligible compensation is set for automatically enrolled participants. The default contribution rate for each participant is automatically increased by 1% annually, on each participant's automatic increase date, until the participant's contribution rate equals or exceeds 18% of eligible compensation subject to the conditions defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution). Rollover contributions for 2019 and 2018 were $-0-. No after-tax contributions are permitted. Participants direct the investment of their contribution and their Company contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Note 1 - Description of the Plan (Continued)

Contributions (Continued)

The Plan Sponsor makes mandatory matching contributions equal to 25% of participants' contributions up to 8% of participants' eligible compensation. Matching employer contributions amounted to $54,239 and $34,259 for the years ended December 31, 2019 and 2018, respectively. All participants making 401(k) contributions are eligible to receive this match. The Company may also make a discretionary matching employer contribution for a plan year. No discretionary matching employer contribution was made for the 2019 or 2018 plan years.

Participant Accounts

Each participant's account is credited with the participant's contribution, the matching employer contribution, plan earnings, and charged administrative expenses. Effective during 2019, the annual per participant fee charged by Fidelity increased from $40 to $100. Each participant elects, in increments of 1%, the manner in which their contributions are invested by making investment directions. If no such direction is made by the participant, the Plan Administrator will invest the participant's account in a qualified default investment alternative until the participant does make such a direction with respect to their account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants shall be vested in matching employer contributions based on their years of service in accordance with the following schedule:

Years of Service	Percentage
Less than 2 years	0%
More than 2 years, but less than 3	20
More than 3 years, but less than 4	40
More than 4 years, but less than 5	60
More than 5 years, but less than 6	80
6 years or more	100

A year of service is a plan year in which a participant completes at least 1,000 hours of service.

Note 1 - Description of the Plan (Continued)

Notes Receivable from Participants

Participants may obtain loans secured by their account value. Loans made are limited to the lesser of $50,000 or one-half of the vested balance in the account, but not less than $1,000. The maximum repayment period is five years. The interest rate charged is the prime rate, plus 1.00%. This rate is fixed at the time the loan is originated. Actual interest rates on loans are 6% at December 31, 2019 and December 31, 2018, respectively. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments in the form of an annuity payment. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

In addition, the Plan allows participants to make hardship withdrawals, as well as in-service withdrawals, subject to provisions of the Plan.

Forfeited Accounts

Forfeiture balances of terminated participants' nonvested accounts are used to reduce the Plan's administrative expenses or future Company matching contributions as further defined by the Plan. The amount of forfeitures used to pay administrative expenses were approximately $-0- for each of the years ended December 31, 2019 and 2018. The amount of forfeitures used to reduce Company contributions were approximately $2,488 and $5,700 for the years ended December 31, 2019 and 2018, respectively. The forfeiture non-vested accounts as of December 31, 2019 and 2018 totaled $3,552 and $578, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Daily operating expenses are paid by the Plan. In 2019 and 2018, certain plan expenses of $15,134 and $5,467, respectively, were paid by plan participants to Transamerica Investment Advisors, the record keeper, and have been netted against interest income from loans to participants. These transactions qualify as party-in-interest transactions. In addition, the audit fees for 2019 and 2018 of $12,500 and $15,000, respectively, are being paid directly by the Plan. All other expenses of the Plan are paid directly by the Company or through plan forfeitures.

Note 3 - Investments

During 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in fair value by $180,655 and $(108,259), respectively.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within its hierarchy that may be used to measure fair value are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

Note 4 - Fair Value Measurements (continued)

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2019 and 2018:

	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments at fair value as of December 31, 2019:				
Mutual funds	$ 1,285,593	$ 1,285,593	$ -	$ -
Total investments	$ 1,285,593	$ 1,285,593	$ -	$ -

Note 4 - Fair Value Measurements (Continued)

	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments at fair value as of December 31, 2018:				
Mutual funds	$ 825,569	$ 825,569	$ -	$ -
Total investments	$ 825,569	$ 825,569	$ -	$ -

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5 - Related Party and Party-in-interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Employer. Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. or Fidelity Management and Research Company, which are affiliates of Fidelity Management Trust Company. FMTC is a trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Plan was designed under the Fidelity Basic Plan Document. The prototype plan document received a favorable tax opinion letter dated March 31, 2014. The plan administrator believes that the Plan has been designed to be a qualified plan as described in Section 401(a) of the Internal Revenue Code ("IRC"), and therefore exempt from payment of federal income taxes under provisions of Section 501(a) of the IRC. The Plan has been amended since the opinion letter was received. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 8 - Investments Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity Management Trust Company, the Trustee of the Plan, that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2019	2018
Investments at fair value:		
Mutual funds	$ 1,285,593	$ 825,569
Notes receivable from participants	$ 35,089	$ 11,435
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	$ 180,655	(108,259)
Dividend and interest income	62,284	44,633
Net investment income (loss)	$ 242,939	(63,626)
Interest income on notes receivable from participants, net	$ 779	813

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 9 - Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events and transactions through, July 23, 2020, the date that the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The extent of the impact of COVID-19 on the Plan sponsor's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on its customers, employees and vendors all of which are uncertain and cannot be predicted. As a result, the company has taken the necessary steps and enacted a policy change to lower the employer matching contributions of 25% of participants' contributions up to 8% of participants' eligible compensation, to 10% of participants' contributions up to 5% of participants' eligible compensation.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Biscuits & Bath 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Biscuits & Bath 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company ("FMTC"), as of December 31, 2019 and 2018 and for the years then ended, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that FMTC holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from FMTC as of December 31, 2019 and 2018 and for the years then ended that the information provided to the plan administrator by FMTC is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule on page 15 as of December 31, 2019 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Biscuits & Bath 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Biscuits & Bath, Inc. (the "Company"). Employees are eligible for participation in the Plan upon meeting the Company's specified criteria. Fidelity Management Trust Company (the "Trustee") provides custodial and recording keeping services to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility and Participation

Full-time and part-time employees are eligible to participate in the Plan after working one year and 1,000 hours provided they are at least 21 years of age. The Plan automatically enrolls all eligible employees who have not properly notified the Plan Administrator of their intent not to participate.

Contributions

The Plan allows participants to contribute from 1% to 90% of their eligible compensation up to a maximum of $18,500 for the year ended December 31, 2019. Participants attaining 50 years of age or who are over 50 years of age prior to the end of a calendar year may elect to contribute an additional amount of up to $6,000 for the year ended December 31, 2019, in tax deferred savings, known as "catch-up contributions". A default contribution rate of 4% of eligible compensation is set for automatically enrolled participants. The default contribution rate for each participant is automatically increased by 1% annually, on each participant's automatic increase date, until the participant's contribution rate equals or exceeds 18% of eligible compensation subject to the conditions defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution). Rollover contributions for 2019 and 2018 were $-0-. No after-tax contributions are permitted. Participants direct the investment of their contribution and their Company contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Note 1 - Description of the Plan (Continued)

Contributions (Continued)

The Plan Sponsor makes mandatory matching contributions equal to 25% of participants' contributions up to 8% of participants' eligible compensation. Matching employer contributions amounted to $54,239 and $34,259 for the years ended December 31, 2019 and 2018, respectively. All participants making 401(k) contributions are eligible to receive this match. The Company may also make a discretionary matching employer contribution for a plan year. No discretionary matching employer contribution was made for the 2019 or 2018 plan years.

Participant Accounts

Each participant's account is credited with the participant's contribution, the matching employer contribution, plan earnings, and charged administrative expenses. Effective during 2019, the annual per participant fee charged by Fidelity increased from $40 to $100. Each participant elects, in increments of 1%, the manner in which their contributions are invested by making investment directions. If no such direction is made by the participant, the Plan Administrator will invest the participant's account in a qualified default investment alternative until the participant does make such a direction with respect to their account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants shall be vested in matching employer contributions based on their years of service in accordance with the following schedule:

Years of Service	Percentage
Less than 2 years	0%
More than 2 years, but less than 3	20
More than 3 years, but less than 4	40
More than 4 years, but less than 5	60
More than 5 years, but less than 6	80
6 years or more	100

A year of service is a plan year in which a participant completes at least 1,000 hours of service.

Note 1 - Description of the Plan (Continued)

Notes Receivable from Participants

Participants may obtain loans secured by their account value. Loans made are limited to the lesser of $50,000 or one-half of the vested balance in the account, but not less than $1,000. The maximum repayment period is five years. The interest rate charged is the prime rate, plus 1.00%. This rate is fixed at the time the loan is originated. Actual interest rates on loans are 6% at December 31, 2019 and December 31, 2018, respectively. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments in the form of an annuity payment. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

In addition, the Plan allows participants to make hardship withdrawals, as well as in-service withdrawals, subject to provisions of the Plan.

Forfeited Accounts

Forfeiture balances of terminated participants' nonvested accounts are used to reduce the Plan's administrative expenses or future Company matching contributions as further defined by the Plan. The amount of forfeitures used to pay administrative expenses were approximately $-0- for each of the years ended December 31, 2019 and 2018. The amount of forfeitures used to reduce Company contributions were approximately $2,488 and $5,700 for the years ended December 31, 2019 and 2018, respectively. The forfeiture non-vested accounts as of December 31, 2019 and 2018 totaled $3,552 and $578, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Daily operating expenses are paid by the Plan. In 2019 and 2018, certain plan expenses of $15,134 and $5,467, respectively, were paid by plan participants to Transamerica Investment Advisors, the record keeper, and have been netted against interest income from loans to participants. These transactions qualify as party-in-interest transactions. In addition, the audit fees for 2019 and 2018 of $12,500 and $15,000, respectively, are being paid directly by the Plan. All other expenses of the Plan are paid directly by the Company or through plan forfeitures.

Note 3 - Investments

During 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in fair value by $180,655 and $(108,259), respectively.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within its hierarchy that may be used to measure fair value are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

Note 4 - Fair Value Measurements (continued)

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2019 and 2018:

	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments at fair value as of December 31, 2019:				
Mutual funds	$ 1,285,593	$ 1,285,593	$ -	$ -
Total investments	$ 1,285,593	$ 1,285,593	$ -	$ -

Note 4 - Fair Value Measurements (Continued)

	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments at fair value as of December 31, 2018:				
Mutual funds	$ 825,569	$ 825,569	$ -	$ -
Total investments	$ 825,569	$ 825,569	$ -	$ -

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5 - Related Party and Party-in-interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Employer. Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. or Fidelity Management and Research Company, which are affiliates of Fidelity Management Trust Company. FMTC is a trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Plan was designed under the Fidelity Basic Plan Document. The prototype plan document received a favorable tax opinion letter dated March 31, 2014. The plan administrator believes that the Plan has been designed to be a qualified plan as described in Section 401(a) of the Internal Revenue Code ("IRC"), and therefore exempt from payment of federal income taxes under provisions of Section 501(a) of the IRC. The Plan has been amended since the opinion letter was received. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 8 - Investments Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity Management Trust Company, the Trustee of the Plan, that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2019	2018
Investments at fair value:		
Mutual funds	$ 1,285,593	$ 825,569
Notes receivable from participants	$ 35,089	$ 11,435

Dividend and interest income	62,284	44,633
Net investment income (loss)	$ 242,939	(63,626)
Interest income on notes receivable from participants, net	$ 779	813

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 9 - Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events and transactions through, July 23, 2020, the date that the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The extent of the impact of COVID-19 on the Plan sponsor's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on its customers, employees and vendors all of which are uncertain and cannot be predicted. As a result, the company has taken the necessary steps and enacted a policy change to lower the employer matching contributions of 25% of participants' contributions up to 8% of participants' eligible compensation, to 10% of participants' contributions up to 5% of participants' eligible compensation.
