We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2019 and for the year then ended that the information provided to the plan administrator by the trustee is complete and accurate.

**ONCOR THRIFT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**1. DESCRIPTION OF THE PLAN**

The following description is provided for general information purposes only. Reference should be made to the Oncor Thrift Plan (Plan) document for more complete information.

**General** — The Plan is a defined contribution plan established January 1, 2015 by Oncor Electric Delivery Company, LLC (“Oncor”). The Oncor Thrift Plan Committee (Committee) manages the operation and administration of the Plan. Fidelity Management Trust Company is the trustee, custodian of the assets and record-keeper. Aon Hewitt Investment Consulting, Inc. acts as a co-fiduciary investment advisor to the Plan and the Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is intended to be a participant-directed “individual account plan” under ERISA Section 404(c). As such, the fiduciaries of the Plan are not liable for any losses that are the direct result of participant investment decisions. Although the Plan has an automatic enrollment feature for new employees, continued participation in the Plan by employees is entirely voluntary.

**Participant Accounts** – Each participant’s account is credited with the participant’s contributions and an allocation of employer matching contributions and Plan earnings, and is charged with his or her withdrawals and administrative expenses related to participant directed activities. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

**Eligibility, Participation and Employee Savings** — All individuals who are characterized in the internal records of Oncor as employees are eligible to participate in the Plan upon employment except: (1) nonresident alien employees who receive no earned United States of America (US) sourced income, (2) leased employees, or (3) any individuals who are treated by or characterized in the internal records of Oncor as independent contractors, summer interns, loaned employees, staff augmentation personnel, or scope of work contractors, or who perform services for Oncor under a special contract for services arrangement, regardless of any determination by the US Internal Revenue Service (IRS), other governmental agency, or a court or other tribunal, that any such individual is, or was, a common law employee of Oncor for any period of time.

The Plan has an automatic enrollment feature whereby new employees are automatically enrolled in the Plan with a pretax contribution rate of a percentage of eligible compensation unless the new employee affirmatively makes an election not to participate or to participate at a different contribution rate. For employees hired prior to August 2018, that automatic enrollment pretax contribution rate was 3% of eligible compensation. Beginning in August 2018, the automatic contribution rate was increased from 3% to 6% of eligible compensation. If no change is made by the participant, the contribution rate will automatically increase by 1% each year up to a maximum of 10% at the beginning of the fifth full plan year after the participant’s initial participation in the Plan. Such contributions initiated through this automatic enrollment feature are automatically invested in the age appropriate FIAM Index Target Date Comingled Pool for the participant unless the participant chooses a different investment option.

The Plan provides for automatic distributions of account balances that do not exceed \$1,000 to terminated participants without the participants' consent after required notification has been provided to the participant.

Under the Plan, except as limited by law, a participating employee may contribute a specified percentage of eligible compensation each payroll period to the Plan, either through pretax salary deferral, after-tax payroll deduction, or Roth payroll deduction. The total of a participant's pretax, after-tax and Roth salary deferral/payroll

deductions is known as Employee Savings. The maximum amount of Employee Savings for participants is 75% of eligible compensation.

Federal law limits the amount a participant may contribute on a pretax basis (\$19,000 in 2019 and \$18,500 in 2018). However, a participant who is eligible to make pretax salary deferrals, and has attained age 50 before the close of the Plan year, may make an additional pretax catch-up contribution each year. This catch-up limit was \$6,000 in 2019 and 2018 for participants who reached age 50 during the respective Plan year. The Plan year begins January 1 and ends December 31.

Subject to certain conditions, a participant may transfer or rollover to the Plan cash amounts distributed or distributable from an individual retirement account (IRA) or another qualified retirement plan.

***Oncor Matching Contributions*** — All eligible Plan participants receive Oncor matching contributions of 100% up to the first 6% of eligible compensation contributed to the Plan as Employee Savings, except for employees participating in the traditional retirement plan formula under the Oncor Retirement Plan who receive a 75% employer matching contribution on the first 6% of eligible compensation contributed to the Plan as Employee Savings.

***Investment of Funds*** — All employer matching contributions are made in cash and invested among the various investment options available under the Plan according to the participant's investment election. Each participant may invest his/her Employee Savings, in 1% increments, among the various available investment options.

All assets of the Plan are held by the trustee for the exclusive benefit of participants and their beneficiaries. Separate account records for each participant are maintained by the record-keeper. The record-keeper provides a summary of financial performance by investment fund directly to Plan participants.

A participant may diversify the investment of his account among the available investment funds under the Plan at any time by liquidating the investments attributable to such account and reinvesting such amounts in other investment options as may be available under the Plan.

Participants may also effectively diversify their employer matching contributions amount at any time by making a total withdrawal of such accounts. See below for information regarding withdrawals from the Plan.

***Unit Values*** — Participants do not have beneficial ownership in specific securities or other assets in the Interest Income funds, but have an interest therein represented by units valued as of the close of each business day. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit value, and the appropriate account is charged or credited with the number of units properly attributable to the participant.

***Withdrawals from the Plan*** — Withdrawals from the Plan are governed by applicable IRS regulations and provisions of ERISA. Penalties may apply in certain instances.

Participants are fully vested in all amounts in their accounts (i.e., pretax contributions, after-tax contributions, Oncor matching contributions, rollover contributions, Roth contributions and all earnings and dividends thereon).

A participant who terminates employment and has a balance of more than \$1,000 may retain the funds in the Plan or withdraw them at any time; however, the participant must begin withdrawals no later than April 1<sup>st</sup> following the later of: (1) the calendar year in which the participant attains age 70 ½ (which was increased pursuant to federal legislation to age 72 effective January 1, 2020 for participants who had not attained the age of 70 ½ as of December 31, 2019), or (2) the calendar year in which the participant retires. To avoid immediate taxation, an eligible rollover distribution made upon termination may be rolled into an IRA or a qualified retirement plan sponsored by another employer, provided that the other qualified retirement plan accepts rollovers. Participants who have terminated their employment and leave their account in the Plan are charged a quarterly administrative maintenance fee.

Participants may make partial or total withdrawals from their rollover and after-tax Employee Savings accounts (excluding Roth contributions) at any time and for any reason. Participants may make withdrawals from pretax and Roth Employee Savings accounts upon termination of employment or attainment of age 59 ½. Participants may make total withdrawals of their employer matching contributions account at any time. Additionally, participants who meet certain qualifications defined by the IRS may make hardship withdrawals from their pretax Employee Savings account.

All distributions from the Plan are made in lump sum cash payments.

**Notes Receivable From Participants** — The Plan includes a loan feature allowing participants to borrow up to 50% of their pretax Employee Savings, after-tax Employee Savings, employer matching contributions and rollover contributions and repay the loan with after-tax payroll deductions. A participant may not have more than two outstanding loans at one time. The minimum amount of a Plan loan is \$1,000 and the maximum is the lesser of: (i) \$50,000 less the highest outstanding loan balance in the preceding 12 months, or (ii) one-half of the participant's vested account value. Participants may repay the loan into their account(s) over a period of up to five years for a general purpose loan, and the shorter of 15 years or their remaining mortgage term for a primary home loan. The rate of interest charged for a loan initiated in any given month is the prime lending rate published in the Wall Street Journal on the last business day of the prior month, plus 2.0%.

**Tax Status** — The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code of 1986, as amended (the Code). In April 2017, Oncor received an IRS determination letter that the Plan meets the requirements of Section 401(a) of the Code in form and that the Trust is exempt from federal income taxes under Section 501(a) of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code of 1986, as amended (the Code). Employer contributions paid to the Trust under the Plan are allowable federal income tax deductions to Oncor subject to the conditions and limitations of Section 404 of the Code.

The Plan is subject to examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan has recorded no uncertain tax positions.

**Amendment, Modification, Suspension and Termination** — It is currently the intention of Oncor to continue the Plan indefinitely; however, Oncor, by action of its Board of Directors, may amend, modify or suspend the Plan at any time, or from time to time, and may terminate the Plan at any time. Additionally, Oncor's executive team may amend the Plan for amendments that are ministerial or administrative in nature, or which do not result in a material change to the Plan's funding or costs (defined as an increase in excess of \$25 million), or are required to maintain the Plan's qualified status or are dictated by statute or regulation.

In the event of termination of the Plan, in whole or in part, each participant in the Plan affected by such termination shall receive a distribution of the entire balance in the participant's account, whether derived from Employee Savings, rollovers or employer matching contributions.

**Party-in-Interest** — Certain plan investments are managed by Fidelity Institutional Asset Management Trust Company, Fidelity Management Research Company and Fidelity Brokerage Services LLC, all of which are subsidiaries of the Plan trustee. These transactions qualify as party-in-interest transactions allowable under ERISA regulations.

Notes receivable from participants also qualify as party-in-interest transactions.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** — The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the US (GAAP). Benefit payments are recorded when paid.

**Subsequent Events** – Plan management has evaluated subsequent events for recognition through July 28, 2020, the date the financial statements were available to be issued.

In 2019, a novel strain of coronavirus (COVID-19) surfaced in Wuhan, China, and in January 2020, the World Health Organization (“WHO”) announced a global health emergency because of the spread of coronavirus globally. In March 2020, the WHO declared the outbreak to be a global pandemic. The COVID-19 pandemic has led to significant volatility in financial markets and has affected, and may continue to affect, the fair value of investments held by the Plan. The extent to which the COVID-19 pandemic will affect the Plan remains uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. Among other things, the CARES Act provides immediate and temporary relief for retirement plan participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.

**Use of Estimates** — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Risks and Uncertainties** — The Plan utilizes various investment instruments. Investment instruments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment instruments, it is reasonably possible that changes in the values of investment instruments will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Valuation of Investment Securities and Income Recognition** — The Plan's investments are reported at fair value with the exception of fully benefit-responsive investment contracts (FBRICs), which are presented at contract value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's FBRICs, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Net realized and unrealized gains or losses include the plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date.

**Notes Receivable from Participants** — Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

**Administrative and Investment Management Expenses** — Certain Plan administration fees (e.g., recordkeeping, accounting, legal and trustee services) are paid by Oncor and are excluded from these financial statements. Investment fees are charged individually by each fund manager for asset management and administration of that fund. Investment fees are typically charged indirectly against individuals' accounts by being deducted from the investment return on each individual investment option. Individual service fees (e.g., short-term redemption fees, loan initiation fees, in-service withdrawal fees) are charged separately to the accounts of individuals who choose to utilize a particular plan feature, generally on a pro-rata basis against all investments and sources. Additionally, terminated participants pay a quarterly account maintenance fee, which is recorded as a reduction of administrative fees reported in the statement of changes in net assets available for benefits, if they leave their account in the Plan.

### **3. 2019 UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS**

With the exception of the contract value of the synthetic investment contracts within the separately managed Interest Income Fund of \$76,569,833 (see Note 5) and related interest income of \$1,850,903, substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements as of December 31, 2019, including associated investment income for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company. This 2019 certified information has not been audited by independent accountants.

### **4. FAIR VALUE MEASUREMENTS**

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

The Plan categorizes its investments recorded at fair value based upon the following fair value hierarchy:

- Level 1 valuations use quoted prices in active markets for identical assets that are accessible at the measurement date. An active market is a market in which transactions for the asset occur with sufficient frequency and volume to provide pricing information on an ongoing basis. The Plan's Level 1 investments, including those held in the Plan's brokerage account, include equity and fixed income mutual funds that are valued using published market prices, such as those from the New York Stock Exchange.
- Level 2 valuations use inputs other than actively quoted market prices included in Level 1, which are observable for the asset, either directly or indirectly. Level 2 inputs include: (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in markets that are not active, (c) inputs other than quoted prices that are observable for the asset such as interest rates and yield curves observable at commonly quoted intervals and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other mathematical means. None of the Plan's assets are classified as Level 2 assets.
- Level 3 valuations use unobservable inputs for the asset. Unobservable inputs are used to the extent observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset at the measurement date. None of the Plan's assets are classified as Level 3 assets.

With respect to amounts presented in the following fair value hierarchy table, the fair value measurement of an asset (e.g. an investment) is required to fall in its entirety in one level, based on the lowest level input that is significant to the fair value measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset being measured.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2019 and 2018.

- a) These investments are measured at fair value using the net asset value (NAV) per share as a practical expedient as the investments did not have a readily determinable fair value and are not required to be classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit a reconciliation to the amounts presented in the Statement of Net Assets Available for Benefits.

#### **Net Asset Value (NAV) Per Share**

In accordance with Financial Accounting Standards Board Accounting Standards Update No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan discloses the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the NAV per share or its equivalent for which the fair value is not readily determinable at December 31, 2019 and 2018. For the Plan, such assets include investments in commingled funds.

The following table sets forth a summary of the Plan's investments for which the fair value has been estimated using the NAV of the investments at December 31, 2019 and 2018.

## 5. INTEREST INCOME FUND – FBRICs

The Interest Income Fund holds a portfolio of investments that include traditional and synthetic investment contracts along with other investments. The investment contracts meet the FBRIC criteria and therefore are reported at contract value.

The following table reflects the disaggregation of FBRIC contracts between the type of investment contract held by the Interest Income Fund at December 31, 2019 and 2018.

|                                  | At December 31, |               |

| Synthetic investment contracts   | \$ 76,569,833   | \$ 72,693,956 |
| Traditional investment contracts | -               | 7,618,205     |

The Interest Income Fund generally includes investment contracts as described below:

**Traditional Guaranteed Investment Contracts** — Traditional Guaranteed Investment Contracts (TGICs) are unsecured, general account obligations of insurance companies. The obligation is backed by the general account assets of the insurance company that writes the investment contract. The interest rate on this product is typically fixed for the life of the investment. Effective August 15, 2019, plan management exited the TGIC.

**Synthetic Guaranteed Investment Contracts** — General fixed maturity synthetic GICs (SGICs) consist of an asset or collection of assets that are owned by the plan and a benefit-responsive (as discussed in Note 2) book value wrap contract. The wrap contract assures that book value, benefit-responsive payments will be made for participant-directed withdrawals. The interest rate of the contract is set at the start of the contract and typically resets every quarter. Generally, fixed maturity SGICs are held to maturity. The initial interest rate is established based on the market interest rates at the time the initial asset is purchased, and it will have an interest rate not less than 0%.

Variable SGICs consist of an asset or collection of assets that are managed by the bank or insurance company and are held in a bankruptcy-remote vehicle for the benefit of the plan. The contract is benefit-responsive and provides next day liquidity at book value. The crediting rate on this product resets every quarter based on the then current market index rates and an investment spread. The investment spread is established at the time of issuance and is guaranteed by the issuer for the life of the investment.

Constant duration SGICs consist of a portfolio of securities owned by the plan and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration, and assures that book value, benefit-responsive payments will be made for participant-directed withdrawals. The crediting rate on a constant duration SGIC resets every quarter based on the book value of the contract and the market yield, the market value and the average duration of the underlying assets. The crediting rate aims at converging the book value of the contract and the market value of the underlying portfolio over the duration of the contract and therefore will be affected by movements in interest rates and/or changes in the market value of the underlying portfolio. The initial crediting rate is based on the market interest rates at the time the underlying portfolio is initially established, and it will have an interest crediting rate of not less than 0%.

It is probable that withdrawals and transfers resulting from the events listed below, although no such events are considered probable, would limit the ability of the fund to transact at book or contract value. Instead, market value would likely be used in determining the payouts to the participants.

- Employer-initiated events — events within the control of the Plan or the plan sponsor that would have a material and adverse impact on the fund;
- Employer communications designed to induce participants to transfer from the fund;

- Competing fund transfer or violation of equity wash or equivalent rules in place; and
- Changes of qualification status of employer or plan.

In general, issuers may terminate the contract and settle at other than contract value if the qualification status of Oncor or the Plan changes, if there is a breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the Plan's 2019 financial statements.

***Basis for Disclaimer of Opinion on 2019 Financial Statements***

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2019 and for the year then ended that the information provided to the plan administrator by the trustee is complete and accurate.

***Disclaimer of Opinion on 2019 Financial Statements***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2019 financial statements.

**Other Matter 2019**

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the 2019 financial statements.
