INTELLINET CONSULTING, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 - Description of plan:

The following description of the Intellinet Consulting, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is Intellinet Consulting, LLC (Plan Sponsor, Plan Administrator, or the Company). The Plan is a defined contribution plan covering substantially all employees of the Company. Employees that are not classified as union employees or nonresident aliens are eligible to participate in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated default investment fund until changed by the participant. The Company may make discretionary matching and/or profit sharing contributions. For the period from August 1, 2019 to December 31, 2019, the Company made discretionary matching contributions of 50% of the first 6% and of eligible compensation that a participant contributed to the Plan. For the period from January 1, 2019 to July 31, 2019 and the year ended December 31, 2018, the Company made discretionary matching contributions of 50% of the first 8% of eligible compensation that a participant contributed to the Plan. There were no discretionary profit sharing contributions made during the years ended December 31, 2019 or 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions and earnings thereon is based on years of continuous service.

Participants become vested in Company matching and profit sharing contributions in accordance with the following schedule:

<u>Completed Years of Service</u>	<u>Percentage Matching Contributions Vested</u>
1	33%
2	66%
3	100%

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability, or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts are used to reduce the Company's contribution for the Plan year.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$1,113 and \$16,924, respectively. These accounts will be used to reduce future Company contributions. During the year ended December 31, 2019, forfeitures of non-vested accounts of \$57,077 were used to reduce Company contributions.

Notes to Financial Statements - Continued

December 31, 2019 and 2018

Note 1 - Description of plan - continued:

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pre-tax contributions and earnings thereon.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

Administrative expenses

Certain expenses of maintaining the Plan, are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

INTELLINET CONSULTING, LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2019 and 2018

Note 2 - Summary of significant accounting policies - continued:

Fully benefit-responsive investment contract

Fully benefit-responsive investment contracts are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost, plus contributions made under the contract plus interest at the contract rates, less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the stable value fund, see Note 8. At December 31, 2018, the statement of net assets available for benefits present the contract value of the fully benefit-responsive investment contract.

Investment valuation and income recognition

Investments are reported at fair value (except for those noted in Note 8, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INTELLINET CONSULTING, LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2019 and 2018

Note 2 - Summary of significant accounting policies - continued:

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

New accounting pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement (ASU 2018-13)*. ASU 2018-13 changes the fair value measurement disclosure requirements of Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820). Applicability of the provisions in ASU 2018-13 can depend on whether the reporting entity is a non-public entity. New disclosure requirements under ASU 2018-13 are applicable only to other than non-public entities and not applicable to this Plan. Eliminated and modified disclosure requirements under ASU 2018-13 impact the reporting of transfers between Level 1 and Level 2 assets (defined in Note 4), Level 3 asset disclosures, and disclosures about investments in certain entities valued at net asset value. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. Entities early adopting are permitted to early adopt the eliminated or modified disclosure requirements and delay the adoption of all new disclosure requirements until the effective date. Retrospective or prospective application to periods presented varies by specified disclosure. Management has not elected to early adopt ASU 2018-13 as of December 31, 2019. Management does not believe the adoption of ASU 2018-13 will have a material impact on the Plan's financial statements.

December 31, 2019 and 2018

Note 2 - Summary of significant accounting policies - continued:

Subsequent events

The Plan has evaluated subsequent events through July 29, 2020, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2019, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the custodian:

Transamerica Financial Life Insurance Company (Transamerica) held the Plan's investment assets and executed investment transactions as of December 31, 2018, and for the period from January 1, 2019 to July 9, 2019. Fifth Third Bank held the Plan's investment assets as of December 31, 2019, and executed investment transactions for the period from July 10, 2019 to December 31, 2019. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Transamerica and Fifth Third Bank.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

INTELLINET CONSULTING, LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2019 and 2018

Note 4 - Fair value measurements - continued:

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- Mutual funds (or shares of registered investment companies) are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Units of participation in pooled separate accounts are valued at the net asset value (NAV) provided by the fund's custodian as a practical expedient to estimate fair value. The NAV is based on the value of the underlying investments held in the pooled separate accounts at year-end.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INTELLINET CONSULTING, LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2019 and 2018

Note 4 - Fair value measurements - continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 10,024,925</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,024,925</u>
Total assets in the fair value hierarchy	<u>\$ 10,024,925</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,024,925</u>
Investments at fair value				<u>\$ 10,024,925</u>

As of December 31, 2018, there were no assets included in the fair value hierarchy. All assets, other than those measured at contract value, were valued using NAV as a practical expedient.

There were no significant transfers between Level 1 and Level 2 investments or into or out of Level 3 investments during the years ended December 31, 2019 and 2018.

As of December 31, 2019, there were no investments measured at fair value based on NAV per share. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018.

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

Note 5 - Related-party transactions:

Certain Plan investments as of and for the years ended December 31, 2019 and 2018 are managed by Fifth Third Bank and Transamerica, respectively. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

The Plan's administrative expenses are paid in part by the Plan and in part by the Company, as provided by the Plan document. In addition, certain administrative functions are performed by employees of the Company. Neither the Company nor any of its employees receive reimbursement and/or compensation from the Plan.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax status:

The underlying non-standardized prototype has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS non-standardized prototype opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Fully benefit-responsive investment contract:

As described in Note 2, through an investment contract, the Plan offered a stable value fund as an investment option as of December 31, 2018, and for the period from January 1, 2019 through July 9, 2019. The objective of this investment was to maintain a competitive fixed interest rate. The stable value fund was invested in the general asset account of Transamerica. The contract had certain restrictions that impacted the participants' ability to collect the full contract value.

Because the stable value fund was fully benefit-responsive, it is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements - Continued

December 31, 2019 and 2018

Note 8 - Fully benefit-responsive investment contract - continued:

Certain events limited the ability of the Plan to transact at contract value. Such events included, but were not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Company did not believe that any events which would limit the Plan's ability to transact at contract value with participants were probable of occurring.

The investment contract did not permit the issuer to terminate the agreement.

Note 9 - Subsequent event:

Subsequent to year end, the World Health Organization declared the novel Coronavirus (COVID-19) outbreak a pandemic. There have been mandates from international, federal, state and local authorities requiring forced closures of various schools, businesses, and other facilities and organizations. The Plan Sponsor understands that these forced closures could negatively impact the Plan. While the closures and limitations on movement, domestically and internationally, are expected to be temporary, at this time the Plan Sponsor cannot estimate the related financial statement impact. In addition, as a result of the COVID-19 pandemic, Congress passed the CARES Act which includes optional changes to hardship withdrawals and to participant loans and various other miscellaneous changes that could have an impact on Plan operations.
