Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of Plan

General

The following description of Eide Bailly LLP 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan is a defined-contribution plan sponsored by Eide Bailly LLP (Company) for the benefit of its full-time employees and partners, excluding interns. Eide Bailly Financial Services, a related employer, also participates in the Plan. The Plan has no age or service requirements to make elective deferrals, but participation in the profit-sharing feature requires participants to have one year of service and be age twenty-one or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Alerus Financial, N.A. (Alerus) serves as the Plan custodian and trustee.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 80% of eligible compensation. Employees are automatically enrolled to contribute 3% of compensation unless the employee makes an affirmative election otherwise. The Plan provides for a voluntary contribution increase option for participants' contributions, which if elected by individual participants, will increase contributions on August 1st of each year by an amount specified by the participant. Employee rollover, Roth and catch-up contributions and in-plan Roth conversions are also permitted.

The employee (non-partner) Company contribution is 4% of eligible compensation with an annual deposit made by January 15 after the end of the applicable Plan calendar year. Employees are eligible for Company contributions if they have completed one year of service and are 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service. Additionally, employees must be employed on December 31 of each Plan year to receive an allocation of Company contributions. The employee (non-partner) profit-sharing contributions are prorated in the initial year based on the employee's hire date. The partner age-weighted contributions are a percentage of eligible compensation, based on age. The eligibility requirements are waived for termination because of normal retirement age, disability or death.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

The Company contributes and allocates profit-sharing contributions to eligible employees and partners as a percentage of their eligible compensation based on the following schedule:

Participant	Contribution Percentage
Employee	4%
Partner not yet attained age 40 by end of Plan year	6%
Partner age 40 but not attained age 45 by end of Plan year	9%
Partner age 45 or over by end of Plan year	12%

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Participants are 100% vested after five years of continuous service. Forfeitures are used to reduce Company contributions.

Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum amount or installments equal to the value of their accounts. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant that demonstrates a safe harbor hardship. The minimum amount of a loan shall be \$1,000. The maximum amount of participant loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a primary residence) through payroll withholdings or periodic payments. Interest on the loans is based on market rates.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Subsequent Events

As a result of the spread of the SARS-CoV-2 virus and the incidence of COVID-19, economic uncertainties have arisen, resulting in significant volatility in the investment markets both nationally and globally since December 31, 2019. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Subsequent to year-end, the Company adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 to allow coronavirus related withdrawal distributions, delay payment of coronavirus-related loans for one year, and waive required minimum distributions for one year.

Subsequent events have been evaluated through July 24, 2020, which is the date the financial statements were available to be issued.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. The designated beneficiary is entitled to a death benefit equal to the participant's vested account balance.

Plan Tax Status

The Plan operates under a nonstandardized profit-sharing 401(k) plan agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Alerus Financial, N.A. This nonstandardized prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. The Plan has been amended since the nonstandardized plan received its determination letter; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2019 and 2018
- Due from broker for securities sold and due to broker for securities purchased balances as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

Notes to Financial Statements December 31, 2019 and 2018

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation technique during the years ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. There are no Level 2 or Level 3 investments in the Plan.

Note 5: Forfeitures

Forfeitures utilized to reduce employer contributions were \$154,392 and \$132,377 in 2019 and 2018, respectively. Unallocated forfeitures amounted to \$137,729 and \$151,745 at December 31, 2019 and 2018, respectively. The forfeitures as of December 31, 2019 and 2018 were utilized to offset a portion of the employer contribution receivable.

Note 6: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Symmetry Partners, the investment advisor. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA. The Plan received revenue sharing equalization payment reimbursements of \$135,417 and \$119,408 for the years ended December 31, 2019 and 2018, respectively. These fees are netted with administrative expenses in the accompanying financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of Plan

General

The following description of Eide Bailly LLP 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan is a defined-contribution plan sponsored by Eide Bailly LLP (Company) for the benefit of its full-time employees and partners, excluding interns. Eide Bailly Financial Services, a related employer, also participates in the Plan. The Plan has no age or service requirements to make elective deferrals, but participation in the profit-sharing feature requires participants to have one year of service and be age twenty-one or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Alerus Financial, N.A. (Alerus) serves as the Plan custodian and trustee.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 80% of eligible compensation. Employees are automatically enrolled to contribute 3% of compensation unless the employee makes an affirmative election otherwise. The Plan provides for a voluntary contribution increase option for participants' contributions, which if elected by individual participants, will increase contributions on August 1st of each year by an amount specified by the participant. Employee rollover, Roth and catch-up contributions and in-plan Roth conversions are also permitted.

The employee (non-partner) Company contribution is 4% of eligible compensation with an annual deposit made by January 15 after the end of the applicable Plan calendar year. Employees are eligible for Company contributions if they have completed one year of service and are 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service. Additionally, employees must be employed on December 31 of each Plan year to receive an allocation of Company contributions. The employee (non-partner) profit-sharing contributions are prorated in the initial year based on the employee's hire date. The partner age-weighted contributions are a percentage of eligible compensation, based on age. The eligibility requirements are waived for termination because of normal retirement age, disability or death.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

The Company contributes and allocates profit-sharing contributions to eligible employees and partners as a percentage of their eligible compensation based on the following schedule:

Participant	Contribution Percentage
Employee	4%
Partner not yet attained age 40 by end of Plan year	6%
Partner age 40 but not attained age 45 by end of Plan year	9%
Partner age 45 or over by end of Plan year	12%

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Participants are 100% vested after five years of continuous service. Forfeitures are used to reduce Company contributions.

Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum amount or installments equal to the value of their accounts. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant that demonstrates a safe harbor hardship. The minimum amount of a loan shall be \$1,000. The maximum amount of participant loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a primary residence) through payroll withholdings or periodic payments. Interest on the loans is based on market rates.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Subsequent Events

As a result of the spread of the SARS-CoV-2 virus and the incidence of COVID-19, economic uncertainties have arisen, resulting in significant volatility in the investment markets both nationally and globally since December 31, 2019. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Subsequent to year-end, the Company adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 to allow coronavirus related withdrawal distributions, delay payment of coronavirus-related loans for one year, and waive required minimum distributions for one year.

Subsequent events have been evaluated through July 24, 2020, which is the date the financial statements were available to be issued.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. The designated beneficiary is entitled to a death benefit equal to the participant's vested account balance.

Plan Tax Status

The Plan operates under a nonstandardized profit-sharing 401(k) plan agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Alerus Financial, N.A. This nonstandardized prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. The Plan has been amended since the nonstandardized plan received its determination letter; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2019 and 2018
- Due from broker for securities sold and due to broker for securities purchased balances as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements December 31, 2019 and 2018

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

Eide Bailly LLP 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2019 and 2018

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation technique during the years ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. There are no Level 2 or Level 3 investments in the Plan.

Note 5: Forfeitures

Forfeitures utilized to reduce employer contributions were \$154,392 and \$132,377 in 2019 and 2018, respectively. Unallocated forfeitures amounted to \$137,729 and \$151,745 at December 31, 2019 and 2018, respectively. The forfeitures as of December 31, 2019 and 2018 were utilized to offset a portion of the employer contribution receivable.

Note 6: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Symmetry Partners, the investment advisor. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA. The Plan received revenue sharing equalization payment reimbursements of \$135,417 and \$119,408 for the years ended December 31, 2019 and 2018, respectively. These fees are netted with administrative expenses in the accompanying financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
