1. Description of Plan

The following description of Westchester Family Care Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Westchester Family Care Inc. (the "Employer") except those employees who: (1) are covered by the terms of a collective bargaining agreement; (2) are nonresident aliens and receive no earned income from the Employer; or (3) become employees due to an asset or stock acquisition, merger or similar transaction involving the change in the employer of a trade or business. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

To be eligible for participant contributions, an employee must attain 21 years of age. To be eligible for Employer matching contributions and Employer profit sharing contributions, an employee must attain 21 years of age and complete one year of service (1,000 hours). Upon becoming eligible, a participant may enter the Plan on the first day of each month of the Plan year.

Contributions

Each year, participants may contribute a portion of their eligible compensation on a pre-tax or after-tax (Roth) basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees will automatically be enrolled in the Plan at a 3% elective deferral rate, unless they affirmatively elect otherwise within the reasonable period established by the plan administrator. In November of 2019, the automatic enrollment provision was removed. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make a discretionary matching contribution in an amount determined by the Employer for those eligible employees. For the year ended December 31, 2019, no discretionary matching contributions were made to the Plan. The Employer may make a discretionary profit sharing contribution in an amount determined by the Employer for those eligible employees who are employed on the last day of the Plan year. For the year ended December 31, 2019, no discretionary profit sharing contributions were made to the Plan.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contributions and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer discretionary matching contributions and discretionary profit sharing contributions are as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

If a participant terminates employment and is less than 100% vested, the participant forfeits the non-vested portion of their account balance. Forfeitures are retained in the Plan and are used to reduce future Employer contributions or allocated to participants. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0. In 2019, no forfeitures were used to reduce Employer contributions or were allocated to participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 and maximum amount equal to the lesser of \$50,000 or 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance. The loans bear interest at the prime rate plus 1% and are secured by no more than 50% of the participant's vested account balance. The loans plus interest are repaid through payroll deduction in equal payments over the term of the loan. A participant may have no more than one outstanding loan from the Plan at any time.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. All of the Plan's investments were valued using Level 1 inputs.

Investment Valuation and Income Recognition

All investments of the Plan are stated at fair value. The money market fund and mutual funds are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from the financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Summary of Significant Accounting Policies (*continued*)

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is July 30, 2020.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

5. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated April 10, 2014 from the Internal Revenue Service stating that the Plan is designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

**Westchester Family Care Inc.
401(k) Profit Sharing Plan and Trust**

Notes to Financial Statements
December 31, 2019

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan's investments have incurred significant volatility in their fair value since December 31, 2019. Because the value of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.

Auditors' Communication of Internal Control
and Auditors' Communication
with Those Charged with Governance

December 31, 2019

Auditors' Communication of Internal Control

The Plan Administrator of Westchester Family Care Inc. 401(k) Profit Sharing Plan and Trust

In planning and performing our audit of the financial statements of Westchester Family Care Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified.

We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. However, as indicated in the attached addendum, we identified matters for consideration that are opportunities for strengthening internal controls and operating efficiency.

This communication is intended solely for the information and use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

PKF O'Connor Davies, LLP

401(k) Profit Sharing Plan and Trust**

Addendum to Report on Internal Control Related Matters

Matters for Consideration that are Opportunities for Strengthening Internal Controls and
Operating Efficiency

A. Meeting Fiduciary Responsibilities (Prior Year Comment)

Under ERISA, a fiduciary is any person who has discretionary authority or control respecting management of the Plan, who exercises any authority or control respecting management or disposition of assets of the Plan, or who has discretionary authority or responsibility in administering the Plan. Key responsibilities include: the selection and monitoring of the Plan's investment options, and knowledge about, and evaluation of, the direct and indirect expenses of the Plan and its investment options and services.

Recommendation

We recommend that the plan sponsor establish a retirement committee. The retirement committee would establish an overall investment policy for the Plan, review the investment options offered to employees, monitor and evaluate performance of the Plan's investments, and monitor expenses charged for services rendered to the Plan. Often, this function is outsourced to an independent registered investment advisor. We also recommend that the retirement committee prepare minutes to document all important topics discussed and decisions reached. Board minutes can be a crucial document in recording compliance with Internal Revenue Service and Department of Labor regulations and other regulatory issues.

B. Documentation Contained in Personnel Files (Prior Year Comment)

During our testing of participant data, we noted an instance where an employee personnel file did not contain adequate support for an employee's salary authorization.

Recommendation

We recommend that documentation for employee's salary authorizations be maintained in their personnel files.

Auditors' Communication with Those Charged with Governance

The Plan Administrator of Westchester Family Care Inc. 401(k) Profit Sharing Plan and Trust

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements and supplemental schedule of Westchester Family Care Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") as of and for the year ended December 31, 2019, and have issued our report thereon dated July 30, 2020. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our discussions and engagement letter to you dated January 16, 2020. This letter confirms our discussions and provides additional required communications related to our audit.

Our responsibility under professional standards

Our responsibility is to form and express an opinion about whether the financial statements are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America ("US GAAP") and to express an opinion about whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements taken as a whole and is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

However, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to the financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on the financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Our audit included obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, as part of the scope limitation discussed above, we did not consider internal control relating to the information prepared and certified to by the custodian. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan. Our audit did not identify any significant findings requiring communication to you.

The financial statements and supplemental schedule are the responsibility of management. Those individuals charged with governance of the Plan are responsible for the oversight of the financial reporting process, and our audit does not relieve management and those charged with governance of their respective responsibilities.

Qualitative aspects of significant accounting practices

Significant accounting policies

Plan management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the reporting period that had a significant impact on the financial statements. No matters have come to our attention that would require us to inform you about (1) the methods used to account for significant unusual transactions, and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant accounting estimates

Accounting estimates made by the Plan's management are an integral part of the financial statements and are based on Plan management's knowledge and experience about past and current events and assumptions about future events. Actual results could differ from those estimates.

Certain accounting estimates are particularly sensitive because of their significance to financial statements and their susceptibility to change. Management believes that the estimates used and assumptions made are adequate based on the information currently available. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements as a whole.

Financial statement disclosures

The financial statement disclosures are consistent and clear.

Significant difficulties encountered during the audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and corrected misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. No misstatements were identified during our audit.

Disagreements with management

For purposes of this letter, a disagreement with management is a matter, whether or not resolved to our satisfaction, concerning financial accounting, reporting, or auditing, which could be significant to the financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations requested from Plan management

We have requested certain written representations from the Plan's management in a separate letter dated July 30, 2020.

Consultations with other accountants by the Plan's management

In some cases, the Plan's management may decide to consult with other accountants about auditing and accounting matters. The Plan's management has informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other matters discussed with Plan management

We generally discuss with the Plan's management a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Plan, and future plans and strategies that may affect the risks of material misstatement. None of the matters discussed and our responses thereto were a condition to our retention as auditors.

Auditor independence

We affirm that PKF O'Connor Davies, LLP is independent with respect to the Plan in accordance with the AICPA's *Code of Professional Conduct* and DOL and ERISA Independence Rules.

This communication is intended solely for the information and use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Yours sincerely,

PKF O'Connor Davies, LLP
