INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Ellwood Quality Steels Company
401(k) Savings Plan
New Castle, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ellwood Quality Steels Company 401(k) Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by T. Rowe Price Trust Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

ELLWOOD QUALITY STEELS COMPANY 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Ellwood Quality Steels Company 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all salaried and hourly employees of Ellwood Quality Steels Company (Company and Plan Sponsor) and is in accordance with Section 401 of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: A full-time employee is eligible to participate in the Plan on the first day of the pay period following the earlier of completion of six months of service or completion of 1,000 hours of service within a 12-month time period. Part-time employees who have completed 1,000 hours of service within a 12-month time period are eligible to participate in the Plan on the first day of the pay period after they meet the service requirement.

In addition, the Plan includes an automatic enrollment policy. Under this policy, if an employee does not submit an automatic enrollment waiver within 30 days of becoming eligible, he or she will be automatically enrolled in the Plan at a 6% deferral rate. The deferral rate increases 1% per year up to 10% (Note 11). An employee has the option to cease enrollment, withdraw all contributions, and forfeit all Company contributions within 90 days of becoming eligible.

Contributions: Participants may contribute, pre-tax and post-tax, a portion of their compensation from 1% up to a maximum allowable by the Plan document and in accordance with other limiting provisions of the IRC and other applicable legal limits.

In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limited to \$6,000 in 2019) may be made. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

During 2019, the Company contributed 100% of the first 6% of base compensation that each participant contributed to the Plan.

The Company may also make discretionary contributions which are determined by management during each calendar quarter. In order to be eligible to receive discretionary contributions for any calendar quarter, a participant must have completed the sixth-month anniversary of his or her employment commencement date with the Company prior to the beginning of the time period during which the participant must work at least 75% of his or her regularly scheduled days. The Company made discretionary contributions of approximately \$1,173,000 in 2019, which are included in employer contributions on the statement of changes in net assets available for benefits.

Participant accounts: The Trustee maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary and rollover contributions, net earnings on account investments, Company matching contributions, an allocation of the Company's discretionary contributions, and charged with miscellaneous administrative fees when applicable. Allocations of the Company's discretionary contributions are based on a uniform dollar amount allocation formula. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Notes receivable from participants: Participants may request a loan from the Plan. Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of (a) 50% of their vested balance, (b) \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months, or (c) the portion of their account attributable to participant and rollover contributions. Loan terms generally range from 12 to 60 months, unless the loan is made for the purchase of a participant's principal residence in which the loan term cannot exceed 20 years. The loans are secured by the balance of the participant's account and bear interest at a reasonable rate, as defined by the Plan agreement.

ELLWOOD QUALITY STEELS COMPANY 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting: Participants are immediately vested in their contributions, any Company contributions, and earnings thereon.

Payment of benefits: Upon termination of service, death, disability, or attainment of age 59½, participants may receive a lump-sum amount equal to the vested value of the participant's account. Unless a lump-sum distribution is required by the Plan, participants may elect to receive alternate forms of distributions as defined by the Plan document. Participants are also entitled to receive all or a portion of their before-tax savings contributions in the form of a hardship withdrawal, if they have met Plan provisions for such a withdrawal.

As of December 31, 2019 and 2018, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Investment options: Participants may direct their contributions and any Company contributions made on their behalf to a variety of investment options provided by the Plan.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting and the general practices within the employee benefit plan industry.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Investment management fees and operating expense: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Administrative fees and expenses: Administrative fees and expenses are paid by the Company or the Plan, as provided by the Plan document.

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through July 31, 2020, the date the financial statements were available to be issued, for potential recognition or disclosure.

NOTES TO FINANCIAL STATEMENTS

Recent Accounting Pronouncement

Fair Value Measurement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this Update modify the disclosure requirements on fair value measurements in *Topic 820, Fair Value Measurement*, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. In addition, the amendments eliminate *at a minimum* from the phrase *an entity shall disclose at a minimum* to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level III fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact, if any, that adoption will have on its December 31, 2020, financial statements.

Note 3. Information Certified by T. Rowe Price Trust Company, the Trustee

The following is a summary of the investment information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following investments as of December 31:

	2019	2018
Investments at fair value:		
Mutual funds	\$ 90,236,807	\$ 75,236,369
Common collective trust	3,813,759	5,530,149
	<u>\$ 94,050,566</u>	<u>\$ 80,766,518</u>

The Trustee also certified to the completeness and accuracy of \$16,008,334 of net appreciation in fair value of investments, \$2,392,661 of dividends earned on investments, \$15,195 of other income, and \$46,515 of interest related to notes receivable from participants for the year ended December 31, 2019. Notes receivable from participants that were certified as of December 31, 2019 and 2018, amounted to \$768,402 and \$885,213, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are the descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 or 2018:

Mutual funds: Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market.

Common collective trust: The T. Rowe Price Stable Value Common Trust Fund N (Fund) is a collective trust fund which holds interests in fully benefit-responsive contracts. The Fund is valued using net asset value (NAV), as provided by the Trustee on the last day of the Plan's year end, as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2019	
	Level I	Total
Investments in the fair value hierarchy:		
Mutual funds	\$ 90,236,807	\$ 90,236,807
Investment measured at net asset value (a):		
Common collective trust	-	3,813,759
Total assets at fair value	\$ 90,236,807	\$ 94,050,566

	Assets at Fair Value as of December 31, 2018	
	Level I	Total
Investments in the fair value hierarchy:		
Mutual funds	\$ 75,236,369	\$ 75,236,369
Investment measured at net asset value (a):		
Common collective trust	-	5,530,149
Total assets at fair value	\$ 75,236,369	\$ 80,766,518

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Transfers Between Levels

For years ended December 31, 2019 and 2018, there were no significant transfers between Levels I and II and no transfers in or out of Level III.

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 5. Related Party Transactions

Certain Plan investments in mutual funds and the common collective trust are managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for Trustee and recordkeeping services were not significant for the year ended December 31, 2019.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. Certain other administrative expenses are paid directly by the Company for which it is not reimbursed.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

Note 7. Tax Status

The Plan has adopted the PDS Premier Volume Submitter 401(k) Savings/PS Plan document, available through T. Rowe Price Retirement Plan Services, Inc. The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the Plan document's qualified status. The Plan has been amended and restated since receiving the determination letter; however, the Plan Administrator and the Trustee believe that the Plan is designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for years ended December 31, 2016, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Plan Transfers

Funds transferred into the Plan reflect amounts being transferred from an affiliated plan as employees periodically transfer between companies for employment.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported on the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the financial statements to the Forms 5500 as of and for the years ended December 31:

	2019	2018
Net assets available for Plan benefits per the financial statements	\$ 95,037,547	\$ 81,988,613
Deemed participant loans	(20,919)	(20,330)
Net assets available for Plan benefits per Schedule H of Forms 5500	\$ 95,016,628	\$ 81,968,283
Net increase in assets available for Plan benefits per the financial statements	\$ 13,048,934	
Deemed distributions of participant loans	(589)	
Net income per Form 5500	\$ 13,048,345	

Note 11. Plan Amendment

Effective January 1, 2019, the Plan was amended and restated to implement automatic escalation of employee deferrals by 1% at the beginning of every Plan year until participants' deferral rates reach 10%.

Note 12. Subsequent Event

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. This coronavirus outbreak has severely restricted the level of economic activity around the world. The pandemic has significantly impacted both the world and U.S. economies. During March 2020, many state and local governments, in addition to the federal government, reacted to the public health crisis, creating significant uncertainties in the U.S. economy. The impact of the pandemic as well as other commodity and financial market forces have not resulted in a significant decline in the fair value of the Plan's investments since December 31, 2019, through the date of issuance of these financial statements. As part of the United States federal government's response to the pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into federal law on March 27, 2020. Under this legislation, qualified participants of the Plan may receive coronavirus-related distributions of up to \$100,000 that are exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three year period. Additionally, under the CARES Act, the participant may repay the distribution over a three year period without incurring any additional income tax burden. The legislation also permits suspension of loan repayments for new and existing Plan loans for a period of up to a year and for extension of the term of the loan for a period of up to a year without violating the maximum five year term for qualified individuals. Based upon this legislation, during 2020, the Plan has made CARES Act related distributions to qualified participants and has made modifications of loan repayments and terms for qualified participants. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing responses of the financial markets to the successes or failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
