401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE A - DESCRIPTION OF PLAN

The following description of the United Contractors Midwest, Inc. 401(k) Retirement Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was adopted effective January 1, 2002, as a defined contribution profit sharing plan covering all full-time nonexcluded employees of United Contractors Midwest, Inc. ("the Company") who are of age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Administrative Committee consisting of persons appointed by the Board of Directors of the Company. State Street Bank & Trust Company and Massachusetts Fidelity Trust Company, as trustees for the Plan, accumulate and invest contributions as directed by the Administrative Committee.

2. Contributions

Deferral Contributions - Each year participants may contribute up to the maximum dollar amount as determined by the Federal government of pretax annual compensation or designated Roth contributions, as defined in the Plan. The maximum deferral was $ 19,000 for 2019 and $ 18,500 for 2018, with the option of an additional $ 6,000 for those 50 years of age or over.

Discretionary Employer Contributions - The Company has a right to make a discretionary contribution to the Plan on behalf of each participant for the Plan year. The Plan allows the Company to annually determine a discretionary amount for a matching contribution and/or a profit sharing contribution.

Safe Harbor Contributions - Matching contributions are made in an amount equal to 100% of the amount of the eligible participant's elective deferrals that do not exceed 3% of the participant's compensation and 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but that do not exceed 5% of the participant's compensation.

NOTE A - DESCRIPTION OF PLAN - Continued

3. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of the Company's discretionary contributions and investment earnings. Allocations are based on participant earnings, contributions, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their salary deferral and safe harbor matching contributions plus or minus any earnings or losses thereon. Vesting in the Company's discretionary contributions, if any, plus or minus any actual earnings or losses thereon, is based on years of continuous service as follows:

Years of Credited Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5 or more	100%

5. Investments

Upon enrollment in the Plan, participants have a choice of a variety of professionally managed investment funds to invest their account balances. Investment elections can be changed daily and become effective immediately.

NOTE A - DESCRIPTION OF PLAN - Continued

6. Notes Receivable from Participants

Participants may borrow from their salary deferral and rollover contributions from a minimum of $ 1,000 to a maximum equal to the lesser of 50% of the total value of the participants' vested account balances or $ 50,000 less the amount of the participants' highest outstanding loan balances in the previous 12 months. Participants can have no more than two loans outstanding at any time. Participant loans are secured by the balance in the participants' accounts and bear interest at 1% over the current prime rate. Principal and interest payments are paid through payroll deductions.

7. Benefits

On termination of service, a participant may elect to receive a lump-sum amount, installment payments, or partial cash payments equal to the value of the participant's vested interest in his or her account. However, if the participant's vested account balance is $ 5,000 or less, payment will be made in a lump sum.

8. Forfeited Accounts

Amounts that are forfeited will be first used to restore participant accounts upon re-hire, then used to offset Plan expenses and then used to reduce future Employer contributions to the Plan. At December 31, 2019 and 2018, there was no balance remaining in forfeited accounts. In 2019 and 2018, fees paid by the Plan were reduced by $ 2,722 and $ 5,092, respectively, from forfeited nonvested accounts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

5. Payment of Benefits

Benefits are recorded when paid.

6. Plan Expenses

Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Certain investment related expenses are included in the net appreciation (depreciation) of investments. In 2018, recordkeeping fees were paid through the Plan's expense budget account and are not charged to participant accounts. In 2019, recordkeeping fees are charged directly to participant accounts.

7. Subsequent Events

Management has evaluated subsequent events for recognition and disclosure in the financial statements through July 21, 2020, which is the date the financial statements were available to be issued. See Note J for disclosure of subsequent events.

8. Hardship Withdrawals

Safe harbor hardship withdrawals are permitted under the Plan for the following contribution types: elective deferrals, Roth elective deferrals, and rollover contributions plus earnings. Effective January 1, 2019, the Plan adopted the elimination of the six-month suspension of contributions requirement, the elimination of the need to exhaust loan availability and allowing access to earnings on elective deferral contributions as available for hardship withdrawals.

NOTE C - SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEES

The following is a summary of the (unaudited) information regarding the Plan at December 31, 2019 and 2018, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was obtained from data that has been prepared and certified to be complete and accurate by the trustees. State Street Bank & Trust Company holds and certifies all plan assets, except self-directed investment accounts. Massachusetts Fidelity Trust Company holds and certifies self-directed investment accounts.

	2019	2018
Investments at fair value		
Mutual funds	$ 40,324,546	$ 32,705,739
Collective trusts	2,993,808	2,841,020
Self-directed investment accounts	4,469,690	4,447,403
Participant loans	196,448	299,280
Investment income (loss)	9,120,315	(2,327,215)
Interest on loans receivable from participants	12,059	16,460

NOTE D - FAIR VALUE MEASUREMENTS

The Plan follows the fair value measurement guidance for financial assets and financial liabilities. The guidance defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements.

Fair value is defined to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy has been established for fair value measurements based upon the inputs to the valuation of an asset or liability as follows:

Level 1 - Valuation is based on quoted prices for identical assets and liabilities in active markets.

Level 2 - Valuation is derived from inputs, other than quoted prices included in Level 1, which are observable for the asset or liability either directly or indirectly. Investments classified as Level 2 are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. The significant inputs used in this approach include interest rates, prepayment timing, yield spreads, maturities, credit losses and credit ratings of the securities.

Level 3 - Valuation is derived from unobservable inputs that are not corroborated by market data.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The fair value of mutual funds is equal to the net asset value of the funds multiplied by the number of shares held by the Plan, primarily using quoted market prices. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed investment accounts consist of mutual funds, equities, unit investment trusts, and money market funds, which are valued at quoted market prices as determined by the Plan's trustee.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The Plan invests in a collective trust ("Trust"), which provides for various investment options. Fair values of the Trust are reported to the Plan based on the NAV of the units of the Trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2019 and 2018.

2019	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 40,324,546	$ -	$ -	$ 40,324,546
Self-directed investment accounts	4,469,690	-	-	4,469,690
Total assets in the fair value hierarchy	$ 44,794,236	$ -	$ -	44,794,236
Collective trust measured at net asset value				2,993,808
Investments at fair value				$ 47,788,044
2018				
Investments				
Mutual funds	$ 32,705,739	$ -	$ -	$ 32,705,739
Self-directed investment accounts	4,447,403	-	-	4,447,403
Total assets in the fair value hierarchy	$ 37,153,142	$ -	$ -	37,153,142
Collective trust measured at net asset value				2,841,020
Investments at fair value				$ 39,994,162

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE E - INVESTMENTS IN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE

As a part of the Plan's investment portfolio, there are investments in entities in which purchases and withdrawals are not made in an open market. Instead, the purchases and withdrawals occur with the entity, and in certain circumstances, those transactions are entirely controlled and/or restricted by the entity. The fair values of these investments are determined by the management of the entities and are reported to the Plan as the Plan's proportionate share of the net asset value of the entity.

The following table provides information as of December 31, 2019 and 2018, relative to these types of investments. Additional information on those investments which are direct filing entities can be found by viewing their U.S. Department of Labor Form 5500.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
2019				
Investment Category				
Collective trust				
Putnam Stable Value 20 Fund	$ 2,993,808	-	Daily	Daily
2018				
Investment Category				
Collective trust				
Putnam Stable Value 50 Fund	$ 2,841,020	-	Daily	Daily

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan obtained its latest determination letter on May 5, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Transamerica. Transamerica Retirement Solutions is the Plan recordkeeper and, therefore, these transactions qualify as party-in-interest transactions.

Transamerica Retirement Services provides certain administrative services to the Plan pursuant to a Pension Services Agreement between the Company and Transamerica Retirement Services. Under this agreement an expense budget account has been established and is credited with revenue shared from participant accounts. Quarterly, this revenue is used to offset fees owed to Transamerica Retirement Services for its administrative services to the Plan. Beginning in 2019, the recordkeeping fees are charged directly to participant accounts and not deposited into the expense budget account. A smaller portion of the advance expense payment is then deposited into the expense budget account for use on other expenses, which may include the balance of the investment advisory fees.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

NOTE J - SUBSEQUENT EVENT

As a result of Coronavirus Disease 2019, which was declared a pandemic on March 11, 2020, the United States Federal Government, State and Local Governments, and other countries around the world have taken measures that have suddenly limited economic output. As of the date of this report, the measures taken by the governments are expected to be short-term in nature. However, due to the uncertainty of the overall effects of the Coronavirus and the length of time of economic measures taken by Federal and State and Local Governments, the degree of economic uncertainty is increased as of the date of this report.

Additionally, in response to the economic impact of the Coronavirus pandemic, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted in March 2020, which, among other things, contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. In April 2020, the Plan authorized changing the distribution and loan administrative provisions as allowed by the CARES Act. The Plan is continuing to evaluate the impact of the CARES Act on its plan provisions, operations and cash flows.
