Contributions are subject to the limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various options offered by the Plan.

Participant accounts:

Each participant's account is credited with the participant's contributions, Company contributions, an allocation of Plan investment earnings (losses), reduced for benefits paid, an allocation of certain administrative expenses and directly charged for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings (losses) and administrative expenses are based on the investments held by the participant and the participant's account balance, respectively. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions become 20% vested after one year of service, with vesting increasing at 20% increments each year thereafter, to 100% after five years of credited service.

Forfeitures:

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $30,178 and $546, respectively. Forfeitures of non-vested Company contributions are used to pay administrative expenses of the Plan or to reduce the Company's contributions. Forfeitures reduced Company contributions by $13,599 and $54,775 in 2019 and 2018, respectively.

Administrative budget account:

The Plan receives reimbursement for certain Plan expenses paid through revenue sharing arrangements with certain investment funds owned by the Plan. The Plan received $71,321 and $67,029 of these reimbursements in 2019 and 2018, respectively, that is included in other income on the statements of changes in net assets available for benefits. Amounts reimbursed are included in an administrative budget account until they are used to pay for administrative expenses of the Plan. Amounts included in the administrative budget account at December 31, 2019 and 2018 were $1,259 and $15,732, respectively.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59½.

Notes receivable from participants:

Participants may borrow from their account a minimum of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account. A participant may not have more than two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Loans must be repaid in at least monthly installments over a maximum term of five years for personal loans and ten years for the purchase of a participant's primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Note 2. Significant Accounting Policies

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees and investment advisory fees. Investment expenses related to fund management are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Basis of accounting:

The financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The West Valley Savings Plan Committee determines the Plan's valuation policies utilizing information provided by T. Rowe Price Trust Company (T. Rowe Price), the trustee of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan had no liability for excess contributions related to the years ended December 31, 2019 and 2018.

Benefits:

Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through July 29, 2020, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents the value of investments of the Plan that has been certified as complete and accurate by T. Rowe Price at December 31, 2019 and 2018:

	2019	2018
Mutual funds	**$ 50,763,706**	$ 42,613,566
Common trust funds	**16,171,529**	15,524,521
	$ 66,935,235	$ 58,138,087
Notes receivable from participants	**$ 741,732**	$ 819,879

T. Rowe Price has also certified the completeness and accuracy of investment income (loss) of $10,983,147 and ($1,372,315), respectively, and interest income on notes receivable from participants of $41,182 and $39,357 for the years ended December 31, 2019 and 2018, respectively.

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority level to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Common trust funds: The fair value of common trust funds is valued at the NAV of units of the common trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is primarily based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. The classification within the fair value hierarchy tables are based on the lowest level of any input that is significant to the fair value measurement.

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 50,763,706**	**$ -**	**$ -**	**$ 50,763,706**
Common trust funds measured at NAV [(a)]				**16,171,529**
Total investments, at fair value				**$ 66,935,235**

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 42,613,566	$ -	$ -	$ 42,613,566
Common trust funds measured at NAV [(a)]				15,524,521
Total investments, at fair value				$ 58,138,087

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	**Fair value at December 31, 2019**	Fair value at December 31, 2018	Redemption Frequency	Redemption Notice Period
Common trust funds:				
Money market	**$ 31,437**	$ 16,278	Daily	7 days
Stable value	**$ 16,140,092**	$ 15,508,243	Daily	12-30 months

There were no unfunded commitments related to the common trust funds as of December 31, 2019 and 2018.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

The IRS has determined and informed the Company by a letter dated August 23, 2017, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

The Plan has certain investments managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and, therefore, transactions with these funds qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to T. Rowe Price of $7,799 and $2,953 for the years ended December 31, 2019 and 2018, respectively, which was not covered by revenue sharing.

Wilshire Associates, Inc. is an investment advisor to the Plan, and is considered a party-in-interest. Investment advisory fees, paid by the Plan to Wilshire Associates, Inc., were $84,180 and $61,779 for the years ended December 31, 2019 and 2018, respectively.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Risks and Uncertainties (Continued)

In March 2020, the President of the United States of America declared a national state of emergency related to the health pandemic from the COVID-19 virus (Coronavirus Pandemic). As a result of the Coronavirus Pandemic, the governments of many countries, states and cities have taken actions to mitigate the spread of the virus, such as imposing restrictions on travel, business operations and social gatherings. This coronavirus outbreak has severely restricted the level of economic activity. As a result of the economic impact from Coronavirus Pandemic, investment security values have declined significantly at times during 2020. These economic and market conditions, as a result of the effects of the COVID-19 outbreak, may continue to adversely affect the Plan, participants' account balances and the amounts reported in the statement of net assets available for benefits.
