1. Description of Plan

The following description of the Chicago Parts & Sound, LLC 401(k) Profit Sharing Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all eligible employees of Chicago Parts & Sound, LLC, (the "Employer" or the "Company"). Employees are not eligible to participate in the Plan if they are: union employees, nonresident aliens, or employees acquired in a 410(b)(6)(C) transaction. For purposes of employee deferrals and matching contributions, employees are eligible for participation upon attainment of 21 years of age and completion of two months of service. For purposes of profit sharing contributions, employees are eligible for participation if the employee: attains 21 years of age, is employed on the last day of the Plan year, and completes at least 1,000 hours of service during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, eligible employees may elect to contribute a portion of their eligible compensation on a pre-tax or Roth basis, subject to limitations established by the Internal Revenue Code. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 4% of eligible compensation on a pre-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Employer may make a discretionary matching contribution in an amount determined by the Employer for those eligible employees. For the year ended December 31, 2019, the Employer made a discretionary matching contribution of 100% of a participant's contribution not to exceed 4% of eligible compensation.

The Employer may make a discretionary profit sharing contribution in an amount determined by the Employer for those eligible employees. For the year ended December 31, 2019, no discretionary profit sharing contributions were made to the Plan.

Participant Accounts

Each participants account is credited with the participant's contributions and allocations of (a) the Employer's contribution and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

1. Description of Plan *(continued)*

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer matching and profit sharing contributions is as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $2,419 and $35,953. These accounts will be used to reduce administrative expenses or Employer contributions. During 2019, forfeitures of $30,038 were used to reduce Employer contributions and forfeitures of $4,425 were used to reduce administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to 1% above prime rate. Principal and interest is paid ratably through payroll deductions. The loan must be repaid within a period not to exceed five years from the date the participant receives the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be repaid within a longer repayment term.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (*continued*)

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is July 27, 2020.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

	2019		
	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	$ 2,816,557	$ -	$ 2,816,557
Common/collective trust	-	415,150	415,150
	$ 2,816,557	$ 415,150	$ 3,231,707

4. Investments *(continued)*

	2018		
	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	$ 2,242,473	$ -	$ 2,242,473
Common/collective trust	-	505,543	505,543
	$ 2,242,473	$ 505,543	$ 2,748,016

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Common/Collective Trust

The Plan invests in the MetLife Stable Value Fund (the "Fund") which is a collective investment trust that was formed for the purpose of allowing plan sponsors of defined contribution plans qualified under Sections 401(a) and 501(a) of the IRC, to invest in the MetLife Group Annuity Contract 25053 and MetLife Group Annuity Contract 37000. The contracts were issued by Metropolitan Life Insurance Company to Reliance Trust Company, who is the trustee of the Fund.

Units of the Fund are valued daily. Unit purchases and redemptions are transacted at the NAV determined as of the close of business each day. The NAV per unit is computed by dividing the total assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the Fund and included in the determination of unit values.

5. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

6. Tax Status

The Plan's prototype document preparer has obtained an opinion letter dated March 31, 2014 from the Internal Revenue Service stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

6. Tax Status *(continued)*

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by the taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. Risk and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan's investments have incurred significant volatility in their fair value since December 31, 2019. Because the value of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.
