A. DESCRIPTION OF PLAN

The following description of the Tavistock 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of Tavistock Corporation (the Company) who have completed one month of service and attained the age of 21. Plan entry date is the first day of the Plan year quarter coinciding with or next following the date eligibility is met. The original Plan was established effective August 24, 1996 by the Company for the benefit of its employees and the employees of any affiliated employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan was amended and restated January 19, 2016 and amended August 1, 2017, July 27, 2018, November 5, 2018, December 13, 2018, June 1, 2019, and December 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan management is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's management.

2. Contributions

Each year, participants may contribute before tax and qualified Roth deferrals to the Plan, up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a target date fund according to their age until changed by the participant. Participants may change their elective deferral percentages and may terminate their elective deferrals at any time. The Company may elect to make discretionary matching and discretionary nonelective contributions each year. For the Plan year ending December 31, 2019, the Company made a discretionary matching contribution of 25% of the first 5% of the participants eligible compensation. The Company did not make any discretionary nonelective contributions during 2019. The service requirement for discretionary matching and discretionary nonelective contributions is one year and one month, respectively. Plan entry date is the same than enrollment date for discretionary matching and discretionary nonelective contributions following the date eligibility is met. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

A. DESCRIPTION OF PLAN (Continued)

3. Participants' Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching and discretionary nonelective contributions, as well as allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary nonelective contribution portion of their accounts is based on continuous years of service. A year of service is defined as 1,000 hours of service during a plan year. Company discretionary matching and discretionary nonelective contributions are vested over a six-year period pursuant to the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

5. Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested account. The loan interest rate will be based on the rates available for similar notes from commercial lending institutions. Principal and interest is paid ratably through payroll deductions, at least quarterly.

6. Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

7. Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $31,335 and $7,296, respectively. These accounts will be used to pay future Plan expenses. Any forfeitures left after paying Plan expenses will be used to reduce future employer contributions. During 2019, Plan expenses were reduced by $1,270 from forfeited non-vested accounts.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the statement of changes in net assets available for benefits and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

5. Payments of Benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees on the statement of changes in net assets available for benefit. Investment related expenses are included in net appreciation of fair value of investments on the statement of changes in net assets available for benefits.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Transfers of Assets to this Plan

Certain Century Homes Florida LLC 401(k) (CHF) plan assets have been transferred to this Plan. When the CHF plan was terminated, the participants were given the option to roll over their accounts to this Plan.

C. TRUSTEE CERTIFICATION AND ADMINISTRATIVE SERVICES

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company (the Trustee) provides services, which included executing participants' investment transactions and the payment of benefits. The Trustee provided the 2019 and 2018 fund summaries by investment type to the administrators, which were used to prepare the Plan's financial statements.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the Trustee as of and for the year ended December 31:

	2019	2018
Investments, at fair value	$ 22,579,806	$ 15,809,574
Notes receivable from participants	$ 208,650	$ 202,469
Net appreciation in fair value of investments	$ 3,037,382	
Dividends and interest	$ 827,913	
Interest income on notes receivable from participants	$ 11,239	

The Company pays certain Plan accounting and administrative fees. The Company incurred $9,800 for accounting and administrative fees during the year ended December 31, 2019. These fees are not reflected in the accompanying financial statements.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* (ASC 820) defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not assumptions specific to the entity.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon the market data obtained from independent sources (observable inputs). In accordance with ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access.

Level 2 Inputs – Inputs other than the quoted market prices in active markets that are observable either directly or indirectly.

Level 3 Inputs – Inputs based on prices or valuation techniques that are unobservable and significant to the overall fair value measurements.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

While the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methods or assumptions to estimate the fair value of certain financial statement items could result in a different estimate of fair value at the reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such items existed, or had such items been liquidated, and those differences could be material to the financial statements.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units held. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Assets Measured at Fair Value

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,067,220	$ -	$ -	$ 22,067,220
Common stocks	20,585			20,585
Total assets in the fair value hierarchy	22,087,805	-	-	22,087,805
Investments measured at NAV as a practical expedient [(a)]	-	-	-	492,001
Total investments, at fair value	$ 22,087,805	$ -	$ -	$ 22,579,806

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,396,873	$ -	$ -	$ 15,396,873
Total assets in the fair value hierarchy	15,396,873	-	-	15,396,873
Investments measured at NAV as a practical expedient [(a)]	-	-	-	412,701
Total investments, at fair value	$ 15,396,873	$ -	$ -	$ 15,809,574

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or as equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Due to their short-term nature, the carrying value of short-term receivables approximate their fair value as of December 31, 2019 and 2018.

Transfers Between Levels

For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Frequency (if Currently Eligible)	Redemption Notice Period
Stable value common collective trust fund	$ 492,001	n/a	Daily	12 months

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value common collective trust fund	$ 412,701	n/a	Daily	12 months

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

G. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee and therefore these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits. As they are paid through revenue sharing, rather than direct payment. The Company pays directly any other fees related to the Plan's operations. These party in interest transactions are exempt from the prohibited transactions rules of ERISA.

H. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company (FMRC). FMRC received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits for by taxing jurisdiction, however, there are currently no audits for any tax periods in progress.

I. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through July 2, 2020, the date on which the financial statements were available to be issued.

The global COVID-19 pandemic, along with the government's response and mandated restrictions, has caused substantial economic and industry related challenges. On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) into law. The CARES Act contained some assistance for retirement plans and participants including:

1. Waiving the 10% penalty on early withdrawals up to $100,000 from tax-qualified retirement plans to eligible participants during 2020. Income taxes related to the hardship distribution, to the extent the distribution is taxable, can be paid ratably over three years beginning with the tax year of the distribution. The distribution will not be taxable if it is repaid over the three years after the distribution.
2. Eligible participants are allowed plan loans up to the lessor of $100,000 or 100% of the participant's vested account balance beginning March 27, 2020 and ending 180 days later. Loan repayments will not be required to begin until one year following the date of the loan. Any current outstanding loans as of March 27, 2020 may suspend loan repayments due between March 27, 2020 and December 31, 2020 for one year.
3. Any required minimum distributions are waived during 2020.
4. The CARES Act allows retirement plans to immediately adopt the distribution and loan provisions, even if the retirement plan does not currently allow for such provisions. However, the retirement plan must be amended to allow such provisions. Amendments related to the CARES Act must be adopted no later than the last day of the plan year beginning on or after January 1, 2022.
