NOTE A - DESCRIPTION OF PLAN

The following description of the Comprehensive Energy Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a single-employer defined contribution plan, covering employees of Comprehensive Energy Services, Inc. (the "Company") with at least 6 months of service and who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

Each year, participants may contribute up to 25% of pretax annual compensation, as defined by the Plan, and subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market account as investment options for participants. The Company, at its discretion, may elect to make employer matching contributions and additional profit sharing contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

3. Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of: (a) the Company's profit sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Otherwise, vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. The Plan has a cliff schedule and the participant becomes fully vested after three years of service.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Payment of benefits

On termination of service due to death, disability or retirement, a participant's vested account balance, if less than $5,000, shall be distributed to the participant generally in a lump sum payment or a direct rollover into another retirement account. If the vested balance is over $5,000, the participant can choose to leave the balance in the Plan, or to be distributed to the participant generally in a lump sum payment or a direct rollover into another retirement account.

6. Forfeitures

When a participant terminates employment with the Company while partially vested, the non-vested portion of their Plan account is forfeited. Forfeitures of employer contributions are to be used to pay administrative expenses, reduce the employer's future contribution or reallocated to participants. The balance of unallocated forfeitures at December 31, 2019 and 2018 was $4,458 and $3,604, respectively. Also, in 2019, forfeited non-vested accounts of $201 were used to reduce employer contributions and $1,625 were used to pay plan expenses.

7. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest between 4.25% and 6.25% which is commensurate with local prevailing rates as determined by the Plan administrator at note inception. Principal and interest are paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared under the accrual method of accounting.

2. Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurement disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management and the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

4. Benefit payments

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for credit losses of approximately $2,400 and $1,400 has been recorded as of December 31, 2019 and 2018, respectively, related to a loan that is in default. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, an allowance is recorded for the balance of the defaulted loan and the loan is recorded as a deemed distribution and a Form 1099 is issued to the participant. The defaulted loan is removed from the Plan assets upon the occurrence of a distributable event.

	2019	2018
Notes receivable from participants	$ 52,134	$ 15,331
Allowance for notes	(2,400)	(1,400)
Notes receivable from participants, net	$ 49,734	$ 13,931

6. Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in investment income.

7. Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

8. Recently issued accounting standards, regulations and new legislation

Fair value measurements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurements*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. With respect to nonpublic entities, this update is effective for fiscal years beginning after December 15, 2019. The effect of this guidance on the financial statements of the Plan has not been determined.

SECURE Act of 2019

In 2019, Congress implemented Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 ("Act"). The Act is a mixture of incremental changes to defined contribution plans and defined benefit plans. The majority of the provisions in this legislation are effective for fiscal years beginning after December 15, 2019. The effect of this Act on the financial statements of the Plan has not been determined.

CARES Act

On March 27, 2020, Congress implemented the Coronavirus, Aid, Relief, and Economic Security (CARES) Act ("Bill"). The Bill was created to help the struggling US Economy as a result of the COVID-19 pandemic. In addition, a portion of the Act temporarily made changes to qualified retirement plans to assist retirement plan participants during the pandemic. The Act is effective beginning March 27, 2020 and expires December 31, 2020.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE - UNAUDITED

The December 31, 2019 and 2018 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, and the accompanying notes to the financial statements are based on information certified by Fidelity Management Trust Company (the "Trustee") as complete and accurate in accordance with section 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The value of the investments certified at December 31, 2019 and 2018 were $2,909,360 and $2,303,529 respectively. In addition, related investment income of $507,816 was certified for the year ended December 31, 2019. Notes receivable from participants and related interest income are also included in the certification.

NOTE D - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and third party administrator, as defined by the Plan and therefore these transactions qualify as party-in-interest transactions. The primary fees paid by the Plan relate to investment management fees charged on a daily basis to the mutual funds. It is impractical to estimate the total investment management fees paid through this arrangement with the trustee. Total administrative expenses were $2,375 for the year ended December 31, 2019.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F - INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). Although, the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of level 3 inputs for periods presented.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Fair value is determined based on the quoted net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2019

	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 2,721,275	$ -	$ -	$ 2,721,275
Money market fund	188,085	-	-	188,085
Total investment assets at fair value	$ 2,909,360	$ -	$ -	$ 2,909,360

2018

	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 2,027,623	$ -	$ -	$ 2,027,623
Money market fund	275,906	-	-	275,906
Total investment assets at fair value	$ 2,303,529	$ -	$ -	$ 2,303,529

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

1. Classification

The attached financial statements report notes receivables from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. In addition, corrective distributions are deducted from participant contributions on the financial statements while they are listed as a separate expense of the Plan on Form 5500. This represents a classification difference and the reported amounts per financial statements and Form 5500 agree as of and for the years ended December 31, 2019 and 2018.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 (continued)

2. Basis of accounting

The financial statements are prepared on the accrual basis of accounting while the Form 5500 is prepared on a modified cash basis of accounting. As such, certain receivables and liabilities are recognized in the financial statements in a different period than they are recognized in the Form 5500. Total assets, liabilities and net assets available for benefits of the Plan reconcile fully once these timing differences are taken into consideration.

NOTE J - SUBSEQUENT EVENTS

In early 2020, the World Health Organization has declared a pandemic constituting a "Public Health Emergency of International Concern." The pandemic has caused worldwide business disruptions through mandated and voluntary business closures. The Company significantly reduced their workforce in response to increased restrictions related to the COVID-19 pandemic. The Company is evaluating the impact of this reduction in workforce to the Plan.

The Plan administrator has evaluated subsequent events through July 30, 2020, the date which the financial statements were available to be issued, and has determined that no events, other than those discussed above, have occurred that would require disclosure.
