United Therapeutics Corporation Employees' Retirement Plan

Notes to Financial Statements

-
1. **Description of the Plan** The following description of the United Therapeutics Corporation Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of United Therapeutics Corporation and its affiliates (collectively, the "Corporation") who are at least 21 years old, except for nonresident aliens, leased employees, employees covered by a collective bargaining agreement, consultants, interns, Fellows, commission only employees, temporary and co-op employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In August 2018, the Corporation acquired all the outstanding ordinary shares of SteadyMed Therapeutics Inc. ("SteadyMed"). As a result of the acquisition, SteadyMed became a wholly owned subsidiary of the Corporation. On February 28, 2019, the Corporation's Board of Directors approved the merger of SteadyMed Therapeutics Inc. 401(k) Profit Sharing Plan and Trust into the Plan effective on or about March 1, 2019. Also effective March 1, 2019 the Plan was amended to add SteadyMed as an adopting employer of the Plan. The Plan received \$637,589 as a result of the merger, as reflected in the accompanying Statements of Net Assets Available for Benefits.

Contributions: Participants may contribute up to 85 percent of pretax annual compensation each year, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a three percent withholding of pretax annual compensation. The Plan allows for discretionary matching contributions. During 2019, the Corporation contributed 40 cents for every dollar deferred by participants to the Plan. Profit sharing amounts may be contributed at the discretion of the Corporation. Participants must be employed on the last day of the Plan year to receive an allocation of any discretionary profit sharing contribution. This additional requirement is waived when termination is due to death, disability, or normal retirement. There were no such contributions for the Plan year ended December 31, 2019. Contributions are subject to certain limitations.

United Therapeutics Corporation Employees' Retirement Plan

Notes to Financial Statements

Participant accounts: Each participant's account is credited with the participant's contributions, the Corporation's discretionary matching contributions, if any, as well as allocations of the Corporation's discretionary profit sharing contribution, if any, and Plan earnings. Participant accounts may also be charged with an allocation of investment expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Corporation's discretionary profit sharing contributions, if any, are allocated with the permitted disparity, based on a two-tiered formula. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits: Benefits are payable upon retirement at age 62, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum payments.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Corporation discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 33 percent vested after one year of service is completed, 66 percent vested after two years of service is completed and 100 percent vested after three years of service is completed.

Forfeited accounts: At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$15,178 and \$42,100, respectively. These accounts will be used to reduce future Corporation contributions or to pay Plan expenses. During 2019, \$159,342 of forfeited nonvested accounts was used to reduce Corporation contributions and \$3,882 was used to to pay Plan expenses.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate using the prime lending rate plus one percent at issuance. Principal and interest are paid through payroll deductions.

Notes to Financial Statements

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Corporation. Transaction expenses, such as loan and distribution administration fees are charged directly to the participant's account and are included in administrative expenses. Participants are also charged an asset based fee for recordkeeping, administrative and investment advisory services. These fees are included in administrative expenses.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through July 29, 2020, which is the date the financial statements were available to be issued.

3. Certified information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the trustee, has certified as to the completeness and accuracy of all investment balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedules, summarized as follows:

	<u>2019</u>	<u>2018</u>
Investments, at fair value	\$ 139,363,006	\$ 103,883,353
Notes receivable from participants	\$ 1,392,331	\$ 1,193,332
Interest and dividend income	\$ 2,679,463	
Net appreciation in fair value of investments	<u>23,674,110</u>	
Total investment income	\$ 26,353,573	
Interest income from notes receivable from participants	<u>\$ 66,393</u>

- 4. Fair value measurements** The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of common collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trust is used as a practical expedient to estimate fair value and is determined by Charles Schwab Bank based on the fair value of underlying assets in the trust, less their liabilities.

The fair value of assets is as follows:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 75,804,530	\$ -	\$ -	\$ 75,804,530

Investments measured at net asset value ^(a)				49,450,079

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2019 and 2018 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

United Therapeutics Corporation Employees' Retirement Plan

Notes to Financial Statements

Investments in the common collective trust funds can typically be redeemed by participants immediately at the current net asset value based on the fair value of the underlying assets. Redemptions from the T. Rowe Price Retirement balanced and target date common collective trusts may require up to 30 days advance written notice. This notice period may be shortened or waived. Withdrawals from the stable value common collective trust initiated by the Corporation require twelve months notice. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2019 and 2018.

- 5. Risks and uncertainties**

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.
- 6. Plan termination**

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
- 7. Tax status**

The Plan is a prototype plan of Schwab Retirement Plan Services, Inc., which received an opinion letter on June 19, 2014, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

United Therapeutics Corporation Employees' Retirement Plan

Notes to Financial Statements

- 8. Party-in-interest transactions** Certain Plan investments are managed by affiliates of Charles Schwab Bank. Charles Schwab Bank is the trustee and recordkeeper as defined by the Plan. Fees paid by the Plan to Charles Schwab Bank for recordkeeping expenses and the Plan's investment advisor for advisory services totaled \$114,088 for the year ended December 31, 2019. At December 31, 2019 and 2018 a total of \$25,065 and \$23,888, respectively, was due related to these services. These transactions qualify as exempt party-in-interest transactions.

During 2018, the Company failed to remit to the trustee certain employee contributions totaling \$292 within the period prescribed by Department of Labor regulations. The Corporation made corrective contributions to the Plan in 2019 to compensate the affected participants for lost earnings on the delinquent remittance. This delinquent remittance is considered a nonexempt party-in-interest transaction.

- 9. Reconciliation to Form 5500** The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

10. Subsequent events

As a result of the spread of the coronavirus ("COVID-19") in 2020, economic uncertainties have arisen that could negatively impact the operations of many businesses. As the duration and severity of the COVID-19 outbreak, and its impact on the overall economy, cannot be predicted, the financial impact on the Company, and its ability to continue to make contributions to the Plan, is uncertain. In addition, COVID-19 has resulted in volatility in financial markets in 2020. If the financial markets continue to be impacted over an extended period, the Plan's investment performance may be materially adversely affected.

In response to the COVID-19 impact on the economy, Congress passed legislation in March 2020 that eases restrictions on distributions and loans from retirement plans. Management has adopted certain of these provisions in 2020 in Plan operations. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan was amended effective April 1, 2020 to increase the automatic enrollment deferral and permit participants to contribute voluntary after tax contributions. Effective April 1, 2020 any newly eligible employee who has not affirmatively elected not to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a five percent withholding of pretax annual compensation.
