1. Plan Description

The following brief description of the Central States Indemnity Co. of Omaha Profit Sharing and Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Central States Indemnity Co. of Omaha (the Company).

Employees are eligible to make salary reduction contributions upon employment with the Company after attaining age 19. Employees are eligible to receive discretionary employer matching and employer discretionary contributions after completing one year of service with at least 1,000 hours. Eligible employees become participants on the first day of the first calendar month following the date on which entry requirements were fulfilled.

Contributions

Participants may make voluntary salary deferral contributions up to 100% of their recognized compensation as defined by the Plan, up to the maximum dollar amounts allowable by law. Discretionary matching contributions are based on the participant's date of employment and elective deferral up to certain percentages as determined by the Company. Employer matching contributions, if any, for all participants are made in an amount equal to 100% of the participant's elective deferral. Employer matching contributions shall not exceed 6% of a participant's compensation. The Company may also make employer discretionary contributions. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's discretionary matching contribution, b) the Company's discretionary contribution and c) Plan earnings or losses. The Company's discretionary matching contribution is allocated among participants based upon each eligible participant's elected salary deferral. The Company's discretionary contribution is allocated among participants based upon compensation of eligible participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by the Vanguard Group, Inc. (Vanguard).

Vesting

Participants are vested immediately in their contributions and Company contributions plus actual earnings (losses) thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. The term of the notes are limited to five years and all principal and interest payments must be made through payroll deductions.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may receive a lump sum or installment payments equal to the value of the vested funds allocated to the participant's account. The Plan requires that distribution payments between $1,000 and $5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under $1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through June 22, 2020. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to impact investment income (loss) subsequent to December 31, 2019, however, the related financial impact cannot be reasonable estimated at this time.

3. Information Certified by Vanguard

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Vanguard, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

The following table presents the value of the participant-directed Plan assets that were certified by Vanguard as of December 31:

	2019	2018
Investments at Fair Value	$ 22,180,836	$ 19,760,320
Notes Receivable from Participants	$ 203,224	$ 179,607

Vanguard also certified to the completeness and accuracy of the following related to the aforementioned Plan assets for the years ended December 31:

	2019	2018
Net Appreciation (Depreciation) in Fair Value of Investments	$ 3,012,650	$ (2,076,457)
Interest from Investments	65,865	50,882
Dividends from Investments	1,026,027	999,317
Net Investment Income (Loss)	$ 4,104,542	$ (1,026,258)
Interest Income on Notes Receivable from Participants	$ 9,753	$ 8,983

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV based on the market value of its underlying investments. FASB ASC 820, *Fair Value Measurement*, allows NAV per share to serve as an estimate of the fair value as long as certain requirements are met. It is the Plan's assessment that this fund meets those requirements. Since the participants have the ability to redeem the fund at NAV as of the measurement date on a daily basis, the fund is properly categorized as a Level 2 fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 18,836,945	$ -	$ -	$ 18,836,945
Money Market Fund	129,576	-	-	129,576
Common Collective Trust	-	3,214,315	-	3,214,315
Total Investments at Fair Value	$ 18,966,521	$ 3,214,315	$ -	$ 22,180,836

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 17,060,732	$ -	$ -	$ 17,060,732
Money Market Fund	131,604	-	-	131,604
Common Collective Trust	-	2,567,984	-	2,567,984
Total Investments at Fair Value	$ 17,192,336	$ 2,567,984	$ -	$ 19,760,320

The following table summarizes Level 2 investments measured at fair value based on the NAV per share as of December 31, 2019 and 2018, respectively:

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 3,214,315	None	Daily	1 Day

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 2,567,984	None	Daily	1 Day

5. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

7. Related Party Transactions

Plan investments are managed by Vanguard. Vanguard is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.
