Division Laundry & Cleaners, Inc. 401k Plan
Notes to Financial Statements
December 31, 2019 and 2018

1. Description of Plan

The following brief description of the Division Laundry & Cleaners, Inc. 401k Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Plan is a safe harbor defined contribution 401(k) and profit sharing plan covering substantially all employees of Division Laundry & Cleaners, Inc. 401k Plan (the "Company"). The Plan was adopted with an effective date January 1, 2011 and restated as of December 1, 2019. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and qualifies under Section 401(a) of the Internal Revenue Code (the "IRC"). The custodian and record-keeper of the Plan is John Hancock Life Insurance Company ("John Hancock"). The Plan allows for employee contributions under Section 401(k) of the Internal Revenue Code. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General Eligibility

The Plan is a defined contribution plan covering all full-time and part-time employees of the Company who are eligible to begin participating in the Plan after one month of service.

Contributions

Participants may elect to make both pre-tax and Roth salary reduction contributions, subject to an annual limit of the lesser of 90% of the eligible compensation or $19,000 in a calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participant contributions may not exceed the limits established by Internal Revenue Service guidelines which were $19,000 for 2019 and $18,500 in 2018. A participant's pre-tax and Roth deferrals will be separately accounted for, as will gains and losses attributable to each. Participants who are at least age 50 or will attain age 50 before the end of a calendar year are eligible to defer additional amounts (“catch-up contribution”) to the Plan. The maximum catch-up contribution that one eligible participant can make was $6,000 in 2019 and 2018. Eligible employees may also contribute amounts representing distributions from other plans and certain IRAs. Participants directed the investment of their contributions into the various investment options offered by the Plan.

1. Description of Plan (Continued)

Contributions (Continued)

The Plan also allows the Employer to make discretionary matching contributions and discretionary non-elective employer contributions to eligible participants. During 2019 and 2018, the Employer made discretionary matching contributions equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participants elective deferrals that exceed 3% of the participant's compensation but do not exceed 4% of the participant's compensation. As a result, discretionary non-elective matching contributions in the amount of $53,713 and $52,801 were recorded for the years ended December 31, 2019 and 2018, respectively. Contributions are subject to certain statutory limitations.

The Plan provides for the employer to make profit sharing contributions every year. However, as of December 31, 2019 and 2018, no profit sharing contributions were made.

Investment Options

Upon enrollment in the Plan, a participant directs both the participant and Company contributions in any or all of the investment options offered by the Plan. Participants may change their investment options at will.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary contribution, and attributable Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions and employer discretionary matching contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contributions are below:

1. Description of Plan (Continued)

Vesting (continued)

Vesting Schedule
Profit Sharing Contributions

Years of Service	Percentage
0 - 1	0%
2	25%
3	50%
4	75%
5	100%

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payment, or installments. Hardship withdrawals are available and will result in a six-month suspension, during which no contributions may be made to the participant's account.

Upon attaining age 59 1/2 a participant employed by the Company may elect certain in-service withdrawals from their vested account balance. Such distributions are subject to certain taxes, fees, and other restrictions. For terminated participants' account balances that are less than $5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

Forfeitures

The Plan has no forfeited amounts due to participants being fully vested immediately on their account balance. Furthermore, the company has not made profit sharing contributions that would be subject to vesting.

Administrative Expenses

At the Plan Sponsor’s option, plan administrative expenses may be paid by the Plan Sponsor or charged to the Plan and deducted from participant’s individual accounts. For the years ended December 31, 2019 and 2018, the Plan paid $12,326 and $11,903, respectively, in administrative expenses. Some types of expenses may be charged only to some participants based upon their use of a plan feature or receipt of a plan distribution.

1. Description of Plan (Continued)

Administrative Expenses (continued)

The Plan Sponsor absorbs significant administrative costs, which the Plan would otherwise pay, including third-party legal, auditing, and accounting fees, as well as internal administrative costs. Investment related expenses are included in the net appreciation in the fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payment of Benefits

Benefits are recorded when distributed and accrued for at year end for approved distributions recorded as accounts payable.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s investments in pooled separate accounts are valued at net asset value (NAV) and calculated by the fund manager based on underlying investments.

The fair value of the above investments is disclosed further at Note 9.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the ex-dividend date on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by custodian of the Plan that qualify as either regulated banks or insurance companies and certain other trusts under 29 CFR 2520.103-5(g) of the Department of Labor's Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974:

December 31	2019	2018
Total investments (at fair value)	$ 1,132,621	$ 877,162
Net Investment income (loss)	$ 175,927	$ (58,652)

Investment information is included in the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – December 31, 2019.

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Department of Labor Limited-Scope Audit

This audit qualifies under the regulations of the Department of Labor as a limited-scope audit for the years ended December 31, 2019 and 2018. Consequently, reliance was placed upon the certification of the plan's custodian concerning the plan's investment assets, transactions, and income.

5. Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Tax years that remain subject to examination are 2017 and forward.

6. Plan Termination

Although as of December 31, 2019 the Company had not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

7. Related-Party Transactions

Related parties and parties-in-interest include the Plan Sponsor, employees of the Plan Sponsor who are owners, directors, executives or members of the investment committee, John Hancock Life Insurance Company, and the auditor. Certain Plan investments are shares of funds that are managed by John Hancock and therefore qualify as party-in-interest transactions under ERISA. Any purchases and sales of these funds are open market transactions at fair value. Consequently, such transactions are permitted under the provisions of the plan and are exempt from the prohibition on party-in-interest transactions under ERISA. The notes receivable from participants and related transactions are also exempt party-in-interest transactions. Fees paid by the Plan for the custodial and record-keeping services amounted to $12,326 for the year ended December 31, 2019. Fees paid during the year for administrative services rendered by parties in interest where based on customary and reasonable rates for such services and are paid by the Plan Sponsor. Fees paid by the Plan Sponsor on behalf of the Plan totaled $11,903 for the year ended December 31, 2018. During 2019 and 2018 employees, including some of the related parties and parties-in-interest mentioned above, contributed to the plan and received an employer match.

8. Risk and Uncertainties

The Plan invests in various investment securities. Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

9. Fair Value Measurements (Continued)

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following describes the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts with Underlying Mutual Fund Investment

Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is calculated by the fund manager based on the underlying investments. There are no unobservable inputs, therefore, the determination is that this investment option meets the definition of Level 2.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Assets measured at fair value	Fair value hierarchy level		
		Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 1,132,621	$ -	$ 1,132,621	$ -
Total assets at fair value	$ 1,132,621	$ -	$ 1,132,621	$ -

9. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets measured at fair value	Fair value hierarchy level		
		Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 877,162	$ -	$ 877,162	$ -
Total assets at fair value	$ 877,162	$ -	$ 877,162	$ -

*Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

10. Recent Accounting Pronouncements

On January 1, 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-01, "Financial Instruments – Overall (Subtopic 825-10) – Recognition and Measurement of Financial Assets and Financial Liabilities." ASU No. 2016-01 provides updated guidance for the recognition, measurement, presentation, and disclosure of certain financial assets and liabilities. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement – Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.

11. Reclassifications

Certain reclassifications were made to the 2018 financial statements in order to conform to the 2019 financial statement presentation.

12. Evaluation of Subsequent Events

Subsequent events have been evaluated through July 31, 2020, which is the date these financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Plan, to date, the Plan is currently evaluating the effect they expect to experience.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among other things, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distribution requirements, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
