Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements

December 31, 2019

1. Description of the Plan

The Michaels Stores, Inc. Employees 401(k) Plan (the “Plan”) became effective on February 1, 1987, for eligible employees of Michaels Stores, Inc. (“the Employer” or “the Company”) and its subsidiaries. The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and is intended to satisfy the qualification requirements of the Internal Revenue Code of 1986, as amended (“IRC”).

The following is a brief description of the Plan. Participants should refer to the Plan document for complete information regarding the Plan.

Participation

Full-time employees are eligible to participate in the Plan after (i) attainment of the age of 21 and (ii) completion of a three-month eligibility period. Part-time employees are eligible to participate in the Plan after (i) attainment of the age of 21 and (ii) completion of a one-year eligibility period in which such person is credited with at least 1,000 hours. The initial eligibility period begins with the month in which an eligible employee is hired. Subsequent eligibility periods begin on the first day of the month.

Contributions

Each participant may elect to have his or her compensation reduced, up to a maximum of 80% of the participant’s considered compensation, as defined by the Plan, through pretax payroll deductions, and have the Employer contribute these amounts (“Salary Reduction Contributions”) for each pay period to the Plan. A participant’s Salary Reduction Contributions to the Plan and other such plans may not exceed an amount determined under the IRC each calendar year (\$19,000 in 2019). Each participant may also elect to make voluntary, after-tax contributions up to a maximum of 10% of the participant’s considered compensation (“Participant Contributions”). Participants in the Plan who have attained the age of 50 are able to make catch-up deferral contributions, subject to statutory limitations. The Plan also allows Roth contributions.

In addition, the Employer is required to make a contribution (“Employer Matching Contributions”) to the account of each participant in an amount equal to 50% of the participant’s Salary Reduction

Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions that do not exceed 6% of the participant's considered compensation in such pay period. Employer Matching Contributions are deposited as soon as administratively feasible after the Employer Matching Contributions for the applicable pay period have been determined. All contributions are invested based on the participants' investment elections. Participants may elect to invest their entire Plan account balance in one of, or in any combination of, a variety of investment options, which have been selected by the Plan's Investment Committee.

The Plan intends to meet the requirements of Section 404(c) of ERISA and regulations issued by the U.S. Department of Labor (29 CFR Sec. 2550.404(c)-1). To the extent that a participant chooses how to invest Plan assets under an ERISA Section 404(c) plan, the fiduciaries are not liable for any losses that result from those investment decisions.

Administration of the Plan

The Plan is administered by the Administration Committee, currently consisting of five individuals, all of which are employees of the Employer, appointed by the Employer's Board of Directors. The members of the Administration Committee serve at the discretion of the Board of Directors without compensation for their services.

All expenses incidental to the administration of the Plan are charged to the participants' accounts unless the Employer elects to pay for such expenses. The Employer elected to pay accounting and legal expenses of the Plan in 2019.

Participant Accounts

A separate account is maintained in the Plan for each participant. The account balances for participants are adjusted periodically as follows:

- (a) All contributions are allocated to participants' accounts with each Company payroll.
- (b) Participants' withdrawal requests are processed weekly.
- (c) Income and gains and losses from investments are allocated to the participants' accounts daily. Allocations are based on participant account balances.
- (d) Transfers are processed on a daily basis.

Custodian of Investments

Charles Schwab Trust Company ("Schwab") is the trustee and custodian of the Plan.

Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participants become vested in Employer Matching Contributions (including investment gains and losses thereon) at the rate of 33% each year over three years. Participants are fully vested in Employer Matching Contributions upon completing three years of service. Certain participants have non-Safe Harbor matching contributions that were previously transferred to the Plan from the Lamrite West Employee Profit Sharing Plan and Trust Agreement Plan for former employees of Lamrite West, Inc. ("Lamrite"), a subsidiary of the Plan Sponsor, who were terminated from employment with Lamrite prior to August 1, 2016. These contributions will vest at a rate of 20% each year beginning after the second year of service, for a total vesting period of six years. Salary Reduction Contributions and Participant Contributions are 100% vested and nonforfeitable at all times, as are contributions rolled over to the Plan from another plan ("Rollover Contributions"). The Company may use forfeitures from non-vested participants to reduce future Employer Matching Contributions. Unallocated forfeited balances as of December 31, 2019 and 2018 were \$62,394 and \$6,479, respectively. No forfeited non-vested accounts were used to reduce Employer Matching Contributions during Plan year 2019.

Withdrawals

Upon termination of employment with the Company, participants are entitled to, and may withdraw from the Plan, 100% of their Salary Reduction Contributions, Participant Contributions, and Rollover Contributions, as well as their vested portion of Employer Matching Contributions. Participants may request distribution of their account at any time after their employment termination date. Participants with vested account balances greater than \$5,000 as of their termination date may elect to maintain their balance in the Plan until such time the participant requests a distribution. Vested account balances less than \$1,000 will be distributed as soon as administratively feasible to the Participant in a single lump-sum distribution. Participants with account balances of \$1,000 up to \$5,000 at the time of their termination must elect to receive payment directly or roll over their funds into an individual retirement plan ("IRA") or other qualified plan. Absent an affirmative election made by the participant, the Plan administrator must roll over the cash directly into an IRA designated by the Administration Committee.

In addition, there are rules that require minimum distributions to be made from the Plan. Generally, these minimum distributions must begin by April 1 of the calendar year following the later of the year in which the employee retires or the year in which the employee reaches the age of 70½.

In-service withdrawal provisions of the Plan allow for early withdrawal of Participant Contributions and Rollover Contributions at any time and for any reason. Such withdrawals may be subject to ordinary income taxes and early distribution penalty taxes.

Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants who are employees and over the age of 59½ may withdraw amounts from their fully vested accounts, either by equal installments or a lump-sum distribution.

Hardship withdrawals of Salary Reduction Contributions may be made under certain limited circumstances while the participant is employed by the Company.

Participant Loans

Notes receivable from participants represent participant loans. Active participants in the Plan may obtain loans from their vested account balances, subject to certain requirements, without incurring income taxes or penalties. Participant loans are repaid, with interest, on an after-tax basis through payroll deductions. Loan repayment periods are determined by the participant and may extend up to five years in all cases except that a loan used to purchase a participant's principal residence may extend up to 10 years. Loan repayments (including interest) are deposited to each participant's account and invested according to the participant's investment elections in effect at the time of repayment.

Termination of the Plan

While the Company has not expressed any intent to discontinue the Plan, the Company may terminate the Plan at any time. In the event the Plan is terminated, the Plan accounts of all active participants would become fully vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Distributions to participants are recorded when paid. Subsequent events have been evaluated by management through July 31, 2020, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to June 30, 2020.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (“GAAP”) requires the Employer to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedules. Actual results could differ from those estimates.

Recent Accounting Pronouncements Not Yet Adopted

In July 2018, the Financial Accounting Standards Board issued ASU 2018-09, “*Codification Improvements*” (“ASU 2018-09”). ASU 2018-09 amends a wide variety of topics in the ASC, including clarifications related to the fair value measurements of stable value common collective trust funds to avoid the interpretation that such investments would never have a readily determinable fair value and therefore would always use the net asset value per share practical expedient. The changes in ASU 2018-09 are effective for annual reporting periods beginning after December 15, 2019, with early adoption permitted. We are currently evaluating the new standard, but do not anticipate a material impact to the Plan financial statements and related disclosures once implemented.

3. Fair Value Measurements

ASC 820 establishes a three-level valuation hierarchy for fair value measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or

Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

liabilities (“Level 1 measurements”) and the lowest priority to unobservable inputs (“Level 3 measurements”). The fair value hierarchy prescribed by ASC 820 is as follows:

Level 1 – Quoted prices for *identical* instruments in active markets;

Level 2 – Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and

Level 3 – Instruments with significant *unobservable* inputs.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Descriptions of the valuation methodologies used for assets measured at fair value are as follows:

- Investments in registered investment companies are valued based on published prices of shares held by the Plan on the last business day of the Plan year.
- The investments in the common/collective trusts are valued at net asset value (“NAV”) as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The table below sets forth by level, within the fair value hierarchy, the Plan’s assets at fair values as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$168,185,637	\$ -	\$ -	\$168,185,637
Investments measured at net asset value ⁽¹⁾ :				
Stable value common/collective trust fund ⁽²⁾				30,627,481
Managed retirement common/collective trust funds ⁽³⁾				63,017,480
Total investments				<u>\$261,830,598</u>

Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$140,428,900	\$ -	\$ -	\$140,428,900
Investments measured at net asset value ⁽¹⁾ :				
Stable value common/collective trust fund ⁽²⁾				30,975,667
Managed retirement common/collective trust funds ⁽³⁾				52,195,648
Total investments				<u>\$223,600,215</u>

- (1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value tables. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.
- (2) This category includes a common/collective trust that is designed to provide a stable rate of return with preservation of principal and liquidity as primary objectives. This fund is primarily invested in fully benefit-responsive contracts and is valued at the net asset value of units of the collective trust. Participant-directed redemptions must be completed as soon as practicable from the date of request; however, the Plan is required to provide a one-year redemption notice to liquidate its units in the fund.
- (3) This category includes common/collective trusts that seek to provide total return for investors based on the selected year of retirement, and it is designed to provide a single investment fund that automatically adjusts over time to meet the changing risk and return objectives of investors saving for retirement. Participant-directed redemptions must be completed within 10 days from the date of request; however, the Plan is required to provide 30 days' notice for complete withdrawal from the funds.

4. Related Party and Party-In-Interest Transactions

Certain Plan investments in registered investment companies and common/collective trusts are managed by Schwab. Schwab is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules. Michaels Stores, Inc., the Plan Sponsor, paid certain administrative fees on behalf of the Plan for the year ended December 31, 2019.

5. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at

Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

5. Investments (continued)

December 31, 2019 and 2018, and net appreciation/(depreciation) in fair value of investments, dividend and interest income, other income and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Schwab.

The Plan has investments in various securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan received a determination letter from the IRS dated May 25, 2011, stating that the Plan was qualified under IRC Section 401(a) and, therefore, the related trust was exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. Subsequent to the determination by the IRS, the Plan was amended and restated. The Administration Committee has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, specifically that the trust is exempt from taxation, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation to Form 5500

Excess contributions payable is recorded as a liability in the financial statements for the year the original contributions were made whereas the Form 5500 reflects the excess contributions payable in the year the refunds are distributed back to the participants.

Deemed distributions are reported as a taxable distribution on the Form 5500 in the year the participant becomes delinquent, however, these remain part of the participant's loan balance in the financial statements until a distributable event occurs, such as death or disability.

7. Reconciliation to Form 5500 (continued)

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

Net assets available for benefits per Form 5500	<u>\$ 267,210,823</u>	<u>\$ 228,778,665</u>

The following is a reconciliation of the net increase per the financial statements to the Form 5500 for the year ended December 31, 2019:

Net increase per the financial statements	\$ 38,432,796
Less: Change in excess contributions payable	(52,396)
Add: Deemed distribution activity	51,758
Net increase per Form 5500	<u>\$ 38,432,158</u>

8. Delinquent Participant Contributions

During 2018, the Company failed to transmit certain participant contributions to the Plan in the amount of \$810, consisting of delinquent participant contributions in the amount of \$460 and delinquent participant loan repayments in the amount of \$350, within the time period prescribed by ERISA. Late transmissions of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company transmitted the delinquent participant contributions and delinquent participant loan repayments to the Plan and reimbursed the Plan for lost earnings in the amount of \$34 by September 25, 2019. Related excise taxes were paid by the Company.

9. Subsequent Events

Coronavirus and CARES Act

In March 2020, the World Health Organization declared the current COVID-19 outbreak to be a global pandemic. The COVID-19 pandemic has led to significant volatility in financial markets which has affected, and may continue to affect, Plan assets. Due to the ongoing uncertainty in financial markets related to COVID-19, the impact to the Plan cannot be accurately predicted.

In March 2020, the Coronavirus Aid Relief, and Economic Security Act (“CARES Act”) was signed into law. The CARES Act provides temporary relief for retirement plan sponsors and their

Notes to Financial Statements (continued)

9. Subsequent Events (continued)

participants and contains several provisions which temporarily impact 401(k) plans. The provisions of the CARES Act may be effective immediately, prior to amending the plan document. The Plan has adopted the CARES Act provisions that allow for penalty-free COVID-19 related distributions up to \$100,000, increased loan limits up to \$100,000, suspension of loan payments for up to a year and waivers of required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with the applicable laws and IRS guidance.

SECURE Act

In December 2019, the Setting Every Community Up for Retirement Enhancement Act (“SECURE Act”) was passed. The SECURE Act, among other provisions, raises the minimum distribution age from 70½ to 72, permits part-time employees to participate in the Plan if the employee has at least 500 hours of service for three consecutive years, offers more options for lifetime income strategies and permits parents to withdraw up to \$5,000 from retirement accounts penalty-free within a year of a birth or adoption for qualified expenses. Most provisions of the SECURE Act went into effect on January 1, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with the applicable laws and IRS guidance.
