NOTE 1 – DESCRIPTION OF PLAN

The following description of Seabreeze Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1996 by its sponsor company, Seabreeze Management Company, Inc. ("Company"). The Plan is a defined contribution plan covering all the employees of the Company, except unionized, nonresident, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees who are at least 21 years of age and have completed at least one hour of service during the first month of employment or 1,000 hours of service during the first year of employment are eligible to participate in the Plan. The Plan allows for employees to begin participating on the first day of the month coinciding with or next following satisfaction of the eligibility requirements.

Contributions

The Plan permits eligible participants to contribute up to 100% of compensation, subject to certain Internal Revenue Code limitations ($19,000 and $18,500 for 2019 and 2018, respectively; $25,000 and $24,500 for employees over the age of 50 for 2019 and 2018, respectively). Participants may also contribute (transfer) amounts representing distributions from other qualified plans. All contributions to participants' accounts are participant-directed in the different investment options offered by the Plan. The Company provides matching contributions equal to 100% of the amount a participant contributes to the Plan up to 3% of eligible plan compensation. The Company may also make discretionary contributions at the option of its board of directors.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and any employer contributions, as well as the participant's share of his investment income or loss, less an allocation of administrative expenses. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for up to five years. A loan term greater than five years but not to exceed ten years is available for the purchase of a principal residence. The vested balance in the borrower's account secures the loan. The interest rate is set at 2% above the prime interest rate, as defined. Principal and interest is paid ratably through payroll deductions.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship as defined in the Plan document.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the full or partial value of his or her vested account balance, to roll over the vested balance into another qualified plan, or to leave the vested balance in the plan if greater than $5,000. An involuntary distribution into an individual retirement account is made for participants with a vested account balance less than $5,000 upon termination. Participants may also elect an in-service distribution after attaining age 59 ½.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses of the Plan or reduce future employer contributions. During the year ended December 31, 2019, $7,232 of forfeited participant accounts were used to pay certain administrative expenses and reduce employer contributions. As of December 31, 2019 and 2018, there were $9,238 and $7,033, respectively, of forfeitures that have not yet been applied to plan expenses or allocated to eligible participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 – Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account. Investment related expenses are included in net depreciation of fair value of investments.

New Accounting Standard to be Adopted in the Future

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13 Fair Value Measurement, which modify the disclosure requirements on fair value measurements in FASB ASC 820. The new standard is effective for the year ending December 31, 2020. Management is currently evaluating the effect that implementation of the new standard will have on Plan financial statements.

Date of Management's Review

Subsequent events have been evaluated through July 31, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following information included in the accompanying financial statements was certified as complete and accurate by the custodian as of and for the year ended December 31:

	2019	2018
Investments, at fair value	$ 4,188,960	$ 3,934,743
Notes receivable from participants	95,243	56,080
Cash	9,238	7,033
Net appreciation in fair value of investments	857,398	
Interest income on notes receivable from participants	4,766	
Interest income	414	

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value on a recurring basis in the statement of net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 – "Fair Value Measurements and Disclosures." This pronouncement defines fair value, establishes a framework for measuring fair value, enhances fair value disclosure requirements and creates a three-level valuation hierarchy for disclosure of fair value measurement. This valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels of the inputs to the valuation methodology are defined as follows:

- Level 1 – Observable, quoted market prices (unadjusted) in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data. This input level includes those financial instruments that are valued using models or other valuation methodologies where substantially all of the assumptions are observable in the marketplace, can be derived from observable market data, or are supported by observable levels at which transactions are executed in the marketplace.

- Level 3 – Unobservable inputs that are not corroborated by market data. This level of input includes financial instruments whose fair value is estimated based on internally developed models or methodologies utilizing significant inputs that are generally less readily observable from observable sources.

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end. The pooled separate accounts unit prices are quoted on a private market that is not active; however, the unit prices are based on underlying investments which are traded on active markets. The NAV is used as a practical expedient to estimate fair value.

Guaranteed interest accounts: The fair value of the guaranteed investment contracts are determined by multiplying the contract value by a factor which takes into account the remaining number of months until maturity, the composite rate being earned, the declared rate and various pre-established rates of return contractually established by the issuer. The assets are classified within level 3 of the valuation hierarchy because the contracts are not fully-benefit responsive and the asset values are not based on quoted active markets and are valued primarily based on unobservable inputs.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment assets stated at fair value consist of the following as of December 31:

	2019	2018
Level 3 Fair Value Measurements:		
Guaranteed Interest Accounts	$ 31,044	$ 34,307
Investments measured at net asset value:		
Pooled Separate Accounts	4,157,916	3,900,436
Total investments at fair value	$ 4,188,960	$ 3,934,743

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

The following table provides further details of the assets whose fair value is measured according to Level 3 criteria:

	2019	2018
Guaranteed Interest Accounts		
Balance at beginning of year	$ 34,307	$ 18,503
Interest income	516	340
Unrealized gain (loss) included in net appreciation in fair value of investments	772	(618)
Purchases, sales, issuances, settlements:		
Purchases	11,084	16,167
Issuances	-	-
Sales	-	-
Settlements	(15,635)	(85)
Balance at end of year	$ 31,044	$ 34,307

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan sponsor and, therefore, these transactions qualify as party-in-interest transactions. No officer or employee of the Company receives compensation from the Plan. Certain Plan expenses are paid directly by the Plan sponsor. During the year ended December 31, 2019, administrative fees paid to the Plan's third-party administrator totaled $9,225 and were paid directly by the Plan sponsor.

Certain administrative functions are performed by the Plan's third-party administrator and custodian, therefore, these transactions qualify as party-in-interest transactions and are included in administrative expenses on the statement of changes in net assets available for benefits. For the year ended December 31, 2019 fees paid to the third-party administrator and custodian from Plan assets totaled $3,025 and $30,883, respectively.

Certain investments are managed by the investment advisors of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Total fees were $15,201 for the year ended December 31, 2019 and are included in administrative expenses on the statement of changes in net assets available for benefits.

NOTE 6 – TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 9 – PLAN AMENDMENT

The Plan was amended and restated effective June 1, 2019 to credit service with predecessor employers under the Plan.

NOTE 10 – SUBSEQUENT EVENT

On March 11, 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a global pandemic. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Due to this uncertainty, Plan management is unable to estimate the total impact the pandemic will have on the Plan.
