Notes to the financial statements

1. Description of Plan

The following description of the World Travel Service, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, which became effective January 1, 1990, is a defined contribution plan covering substantially all full-time employees of World Travel Service, LLC (the "Company") who are twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to February 18, 2019, the Plan was known as World Travel Service, Inc. 401(k) Profit Sharing Plan.

Contributions – Eligible employees, including rehires, will be automatically enrolled to defer 3% of compensation 30 days after their date of hire, unless a different deferral percentage is elected or employee chooses not to defer. Each year, active participants are eligible to make salary deferrals on a pretax basis in accordance with limitations prescribed by the Internal Revenue Code (IRC). In addition, participants who are 50 years of age or older during the Plan year may make catch-up contributions not to exceed IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans. These rollover amounts plus earnings thereon may be withdrawn from the Plan as a lump-sum distribution during employment.

The Plan also provides that the Company may contribute a discretionary amount each year as authorized by the Company for participants who are employed on the last day of the Plan year and have completed 1,000 hours of service during the year. Effective May 6, 2019, the Plan was amended to remove the 1,000 hours of service requirement for participants to be eligible to receive the discretionary employer contribution.

Participant Accounts – Each participant's account is credited with the participant's contribution, allocations of the Company contributions, earnings (losses) and administrative expenses. Allocations are based on participant's compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participants' accounts are participant-directed.

Vesting – Participants are fully (100%) vested in all participant contributions, plus actual earnings thereon. Company contributions vest in accordance with the Plan's graduated vesting schedule as follows:

World Travel Service, LLC 401(k) Profit Sharing Plan

Years of Vesting Service Completed	Vesting Percentages
Less than 2 years	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

A year of service is a Plan year during which a participant has 1,000 or more hours of service. Notwithstanding the above, a participant is fully vested in his entire account upon the attainment of age 65 or upon his death or total and permanent disability prior to termination. Employees related to certain acquired divisions are fully vested after three years of service.

Notes Receivable from Participants – Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at a fixed rate that is determined by the plan administrator by reviewing rates charged for similar types of loans by other local lenders. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, permanent disability, separation or retirement, a participant may elect to receive either a lump-sum amount or annual installments over a specific period equal to the value of the participant's vested interest in his or her account if the vested benefit exceeds \$1,000. Vested benefits less than \$1,000 are distributed as a single lump-sum payment upon the discretion of the plan administrator. Unless eligible to defer, all participants must begin withdrawing benefits no later than April 1 following the year age 70½ is attained.

Hardship Withdrawals – Participants may withdrawal their elected contribution balance in the event of a hardship as defined in the Plan agreement. Participants shall not be permitted to make contributions to the Plan for a period of six months following the receipt of the hardship distribution.

Forfeited Accounts – When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Forfeitures may be used to offset Company contributions to the Plan. As of December 31, 2019, and 2018, forfeited nonvested accounts totaled \$7,321 and \$4,767, respectively. These accounts will be reallocated to participants in the same manner as Company contributions.

2. Summary of Significant Accounting Policies

Date of Management's Review – Subsequent events were evaluated through July 23, 2020, which is the date the financial statements were available to be issued.

World Travel Service, LLC 401(k) Profit Sharing Plan

Basis of Accounting – The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019, or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. During 2020, the Plan distributed 2019 excess pre-tax deferral contributions totaling \$6,176, including related earnings to applicable participants.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

World Travel Service, LLC 401(k) Profit Sharing Plan

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC Topic 820, “Fair Value Measurements and Disclosures”, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019, and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts – Valued at the NAV of units held in collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The NAV is not a publicly quoted price in an active market. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

World Travel Service, LLC 401(k) Profit Sharing Plan

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$5,460,091	\$0	\$0	\$5,460,091
Investments measured at net asset value (a)				150,300
	\$5,460,091	\$0	\$0	\$5,610,391

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$4,177,165	\$0	\$0	\$4,177,165
Investments measured at net asset value (a)				108,063
	\$4,177,165	\$0	\$0	\$4,285,228

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table provides information regarding redemption of investments where NAV has been used as a practical expedient to measure fair value at December 31, 2019 and 2018:

Investment	Fair Value		Redemption Frequency	Redemption Notice Period
	2019	2018		
Common/collective trusts	\$150,300	\$108,063	Daily	1 – 2 days

There were no unfunded commitments at December 31, 2019 or 2018.

4. Trustee Certification

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income for the year ended December 31, 2019, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived

World Travel Service, LLC 401(k) Profit Sharing Plan

from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

5. Related Party Transactions

Parties-in-interest are defined under ERISA regulation as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity by the Plan for administrative services amounted to \$29,089 for the year ended December 31, 2019.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Company has adopted a volume submitter profit sharing plan sponsored by Fidelity Management & Research Company. The volume submitter sponsor has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The volume submitter profit sharing plan opinion letter has been relied upon by the Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions on the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

World Travel Service, LLC 401(k) Profit Sharing Plan

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 for December 31, 2019, and 2018:

	2019	2018
Net assets available for benefits per financial statements	\$5,771,787	\$4,432,653
Employer contribution receivable	(87,101)	(74,000)
Excess contributions payable	6,176	3,988
Net assets per Form 5500	<u>5,690,862</u>	<u>\$4,362,641</u>

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2019:

Increase in net assets available for benefits per financial statements	\$1,339,134
Employer contribution receivable – current year	(87,101)
Employer contribution receivable – prior year	74,000
Excess contributions payable – current year	6,176
Excess contributions payable – prior year	<u>(3,988)</u>
Net income per Form 5500	<u><u>\$1,328,221</u></u>

10. Subsequent Events

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

World Travel Service, LLC 401(k) Profit Sharing Plan

During 2020, the Plan adopted the distribution provisions included in the Coronavirus Aid, Relief, and Economic Security ("CARES") Act which was signed into law on March 27, 2020. Generally, a CARES Act distribution allows qualified participants to take Coronavirus-related distributions up to the lesser of the participant's vested accrued benefit or \$100,000 between January 1, 2020 and December 31, 2020. In addition, the Plan adopted loan provisions included in the CARES Act. Generally, a CARES Act loan allows qualified participants to take Coronavirus-related loans up to the lesser of \$100,000 or 100% of the participant's vested accrued benefit between March 27, 2020 and September 22, 2020. Additionally, qualified participants can defer loan repayments due between March 27, 2020 and December 31, 2020 for up to one year. The Plan has until December 31, 2022 to amend the Plan for these provisions.

Notes to the financial statements

1. Description of Plan

The following description of the World Travel Service, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, which became effective January 1, 1990, is a defined contribution plan covering substantially all full-time employees of World Travel Service, LLC (the “Company”) who are twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to February 18, 2019, the Plan was known as World Travel Service, Inc. 401(k) Profit Sharing Plan.

Contributions – Eligible employees, including rehires, will be automatically enrolled to defer 3% of compensation 30 days after their date of hire, unless a different deferral percentage is elected or employee chooses not to defer. Each year, active participants are eligible to make salary deferrals on a pretax basis in accordance with limitations prescribed by the Internal Revenue Code (IRC). In addition, participants who are 50 years of age or older during the Plan year may make catch-up contributions not to exceed IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans. These rollover amounts plus earnings thereon may be withdrawn from the Plan as a lump-sum distribution during employment.

The Plan also provides that the Company may contribute a discretionary amount each year as authorized by the Company for participants who are employed on the last day of the Plan year and have completed 1,000 hours of service during the year. Effective May 6, 2019, the Plan was amended to remove the 1,000 hours of service requirement for participants to be eligible to receive the discretionary employer contribution.

Participant Accounts – Each participant's account is credited with the participant's contribution, allocations of the Company contributions, earnings (losses) and administrative expenses. Allocations are based on participant's compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participants' accounts are participant-directed.

Vesting – Participants are fully (100%) vested in all participant contributions, plus actual earnings thereon. Company contributions vest in accordance with the Plan's graduated vesting schedule as follows:

World Travel Service, LLC 401(k) Profit Sharing Plan

Years of Vesting Service Completed	Vesting Percentages

A year of service is a Plan year during which a participant has 1,000 or more hours of service. Notwithstanding the above, a participant is fully vested in his entire account upon the attainment of age 65 or upon his death or total and permanent disability prior to termination. Employees related to certain acquired divisions are fully vested after three years of service.

Notes Receivable from Participants – Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at a fixed rate that is determined by the plan administrator by reviewing rates charged for similar types of loans by other local lenders. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, permanent disability, separation or retirement, a participant may elect to receive either a lump-sum amount or annual installments over a specific period equal to the value of the participant's vested interest in his or her account if the vested benefit exceeds \$1,000. Vested benefits less than \$1,000 are distributed as a single lump-sum payment upon the discretion of the plan administrator. Unless eligible to defer, all participants must begin withdrawing benefits no later than April 1 following the year age 70½ is attained.

Hardship Withdrawals – Participants may withdrawal their elected contribution balance in the event of a hardship as defined in the Plan agreement. Participants shall not be permitted to make contributions to the Plan for a period of six months following the receipt of the hardship distribution.

Forfeited Accounts – When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Forfeitures may be used to offset Company contributions to the Plan. As of December 31, 2019, and 2018, forfeited nonvested accounts totaled \$7,321 and \$4,767, respectively. These accounts will be reallocated to participants in the same manner as Company contributions.

2. Summary of Significant Accounting Policies

Date of Management's Review – Subsequent events were evaluated through July 23, 2020, which is the date the financial statements were available to be issued.

World Travel Service, LLC 401(k) Profit Sharing Plan

Basis of Accounting – The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019, or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. During 2020, the Plan distributed 2019 excess pre-tax deferral contributions totaling \$6,176, including related earnings to applicable participants.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC Topic 820, “Fair Value Measurements and Disclosures”, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019, and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts – Valued at the NAV of units held in collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The NAV is not a publicly quoted price in an active market. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$5,460,091	\$0	\$0	\$5,460,091
Investments measured at net asset value (a)				150,300
	\$5,460,091	\$0	\$0	\$5,610,391

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$4,177,165	\$0	\$0	\$4,177,165
Investments measured at net asset value (a)				108,063
	\$4,177,165	\$0	\$0	\$4,285,228

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table provides information regarding redemption of investments where NAV has been used as a practical expedient to measure fair value at December 31, 2019 and 2018:

Investment	Fair Value		Redemption Frequency	Redemption Notice Period
	2019	2018		
Common/collective trusts	\$150,300	\$108,063	Daily	1 – 2 days

There were no unfunded commitments at December 31, 2019 or 2018.

4. Trustee Certification

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income for the year ended December 31, 2019, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived

World Travel Service, LLC 401(k) Profit Sharing Plan

from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

5. Related Party Transactions

Parties-in-interest are defined under ERISA regulation as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity by the Plan for administrative services amounted to \$29,089 for the year ended December 31, 2019.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Company has adopted a volume submitter profit sharing plan sponsored by Fidelity Management & Research Company. The volume submitter sponsor has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The volume submitter profit sharing plan opinion letter has been relied upon by the Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions on the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 for December 31, 2019, and 2018:

	2019	2018
Net assets available for benefits per financial statements	\$5,771,787	\$4,432,653
Employer contribution receivable	(87,101)	(74,000)
Excess contributions payable	6,176	3,988
Net assets per Form 5500	<u>5,690,862</u>	<u>\$4,362,641</u>

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2019:

Increase in net assets available for benefits per financial statements	\$1,339,134
Employer contribution receivable – current year	(87,101)
Employer contribution receivable – prior year	74,000
Excess contributions payable – current year	6,176
Excess contributions payable – prior year	<u>(3,988)</u>
Net income per Form 5500	<u><u>\$1,328,221</u></u>

10. Subsequent Events

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

World Travel Service, LLC 401(k) Profit Sharing Plan

During 2020, the Plan adopted the distribution provisions included in the Coronavirus Aid, Relief, and Economic Security ("CARES") Act which was signed into law on March 27, 2020. Generally, a CARES Act distribution allows qualified participants to take Coronavirus-related distributions up to the lesser of the participant's vested accrued benefit or \$100,000 between January 1, 2020 and December 31, 2020. In addition, the Plan adopted loan provisions included in the CARES Act. Generally, a CARES Act loan allows qualified participants to take Coronavirus-related loans up to the lesser of \$100,000 or 100% of the participant's vested accrued benefit between March 27, 2020 and September 22, 2020. Additionally, qualified participants can defer loan repayments due between March 27, 2020 and December 31, 2020 for up to one year. The Plan has until December 31, 2022 to amend the Plan for these provisions.
