Eligible employees, as defined in the Plan, who regularly work 1,000 hours annually (20 hours weekly) and are age twenty-one or older are eligible to participate in the Plan immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All assets in the Plan are subject to participant investment directions.

Contributions - Each year, participants may make elective contributions (pre-tax or Roth) up to the maximum amount allowable, subject to the limits set by the Internal Revenue Code. Participants age 50 or over are allowed catch-up contributions. Rollover contributions to the Plan are also allowed. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The employer may make a discretionary matching contribution on behalf of all participants equal to a uniform percentage or dollar amount of elective deferrals. Participants must make elective deferrals into the Plan, be employed on December 31, and have met defined initial service requirements, to receive a matching contribution.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the employer matching contribution, (b) Plan earnings, and (c) amounts charged from an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the employer contribution of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits - On termination of service due to death, disability, retirement or for termination of service due to other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, or annual installments over a period of not more than his or her assumed life expectancy.

Forfeited Accounts - At December 31, 2019 and 2018, forfeited nonvested accounts totaled $7,101 and $677, respectively. Forfeitures will reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator believes that contract value is an appropriate determination of fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value held by the Plan at the end of its fiscal year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans - The Plan does not permit participant loans.

Expenses - Certain expenses of maintaining the Plan are paid Vita Living, Inc., the Plan sponsor and are therefore excluded from these financial statements. Certain other administrative fees are paid by the Plan and are included as deductions from net assets.

Date of Management Review - Subsequent events were evaluated through August 3, 2020, which is the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are considered to be actively traded.

Contract with Insurance Company: The contract with insurance company is a guaranteed investment contract consisting of the Principal Fixed Income Guaranteed Option and is reported at contract value which approximates fair value. Contract value represents the aggregation of contributions, plus interest, less withdrawals, if any.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements Using		
	Fair Value	**Level 1**	**Level 2**	**Level 3**
December 31, 2019				
Registered investments				
Mutual Funds	$ 595,290	$ 595,290	$ -	$ -
Total investments at fair value	$ 595,290	$ 595,290	$ -	$ -
December 31, 2018				
Registered investments				
Mutual Funds	$ 350,784	$ 350,784	$ -	$ -
Total investments at fair value	$ 350,784	$ 350,784	$ -	$ -

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019 and 2018, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as investments held at year end) appreciated in value by $87,165.

NOTE D - CONTRACT WITH INSURANCE COMPANY

The contract with insurance company consists of the Principal Fixed Income Guaranteed Option (PFIGO), a fully benefit-responsive guaranteed investment contract (GIC) issued by the Principal Life Insurance Company. The GIC consists of over 6,000 investments, which include corporate bonds, asset-backed securities, commercial real estate mortgages, government bonds, and short term cash equivalents. The crediting interest rate is based on a formula agreed upon with Principal Life Insurance Company. Under the terms of the contract, the crediting rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

The GIC is included in the financial statements at contract value which approximates fair value and amounted to $62,369 and $48,963 at December 31, 2019 and 2018, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC does have a surrender charge of 5% that may be charged if the Plan terminates its interest in the contract. The PFIGO is a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. As of December 31, 2019, the yield earned and net crediting interest rate was 1.90%. There are no reserves against contract value for credit risk of the contract issuer or otherwise. PFIGO is a general account-backed, stable value group annuity contract that can provide a conservative foundation of the retirement program's investment line-up. Benefit payments are made at book value (i.e., no termination or surrender charge adjustments) for plan benefit events and investment transfers initiated by plan participants.

Certain events limit the ability of the Plan to transact at contract value with Principal Life Insurance Company. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The GIC does not permit Principal Life Insurance Company to terminate the agreement prior to the scheduled maturity dates without additional termination charges.

The following presents the value of the contract with insurance company investment contract at December 31:

	2019	2018
Investment at contract value		
Fixed Income Guaranteed	$ 62,369	$ 48,963
Average yield:		
Based on actual earnings	1.14%	1.04%
Based on interest credited to participants	1.90%	2.65%

NOTE F - DISTRIBUTIONS

As of December 31, 2019 and 2018, the Plan had $6,236 and $5,228, respectively, in excess contributions for amounts made in excess of the amounts allowed by the Internal Revenue Service (IRS). Excess contributions for 2019 were refunded to participants by March 15, 2020. Excess contributions for 2018 were not refunded to participants until April 15, 2019. Due to the lateness of the refund, the Plan sponsor filed a Form 5330 with the IRS and paid an excise tax of $552 which was reimbursed to the Plan sponsor by the Plan's third-party administrator (TPA) in the form of an administrative fee credit for the TPA's failure to refund the excess contributions timely.

NOTE G - COMMITMENTS, CONTINGENCIES, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with sample language provided by the Internal Revenue Service ("IRS"). The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of amounts per the financial statements to the same amounts as reported on Schedule H of the Form 5500 as of December 31, 2019:

Net assets available for benefits per financial statements	$ 692,213
Net Assets Available for Benefits Per Form 5500	$ 692,213
Net increase in net assets available for benefits per financial statements	$ 238,665
Net Income per Form 5500	$ 238,665

NOTE K - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Trust Company, the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the ERISA prohibited transactions rules. Fees paid to Principal Trust Company for contract administration amounted to $6,411 and $5,558 for the years ended December 31, 2019 and 2018, respectively.

During 2019, the Plan sponsor paid some expenses associated with the Plan's operations. This includes the third party administration fees and the cost of the audit.

NOTE L - SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant reductions in values to many investments in the Plan. It has also significantly decreased interest rates. The long-term impact of the effect of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

In April 2020, the Plan sponsor amended the Plan to allow participants to elect Coronavirus-related distributions (“CRD”), in accordance with the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. Through December 2020, participants may elect a CRD, up to a maximum amount of $100,000, with an elimination of early withdrawal penalties and reduced income tax withholding, based on participant certification of financial hardship as a result of the coronavirus pandemic.

NOTE L - SUBSEQUENT EVENTS (Continued)

On May 7, 2020, the Plan sponsor entered into an automatic rollover services agreement with NovaIRA, LLC (Nova), which allows Nova to set up an IRA on behalf of a terminated Plan participant based upon information provided by the Plan sponsor in the absence of withdrawal or rollover instructions provided by the terminated participant.

On July 2, 2020, the Plan sponsor engaged Westwood Advisors, LLC to be the Plan's investment advisors.

Subsequent events have been evaluated through August 3, 2020. Based on the result of the evaluation, no adjustments were required to the accompanying financial statements.
