Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2019 - 12/31/2019 and indirect compensation is presented on a calendar year basis ending 12/31/2019.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

The list includes any investment option held by the plan on at least one month end during the 2019 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

[**]This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus.and/or Statement of Information Please note that some of the funds available through your service contract or arrangement from a family of mutual funds that are affiliated with MassMutual (MassMutual Select Funds and MassMutual Premier Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. U.S. POLE COMPANY, INC. 401(k) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the U.S. Pole Company, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established in 1985 and covers substantially all employees of U.S. Pole Company, Inc. (the "Company"). An employee becomes eligible for the Plan when he or she has attained age 21 and has completed one month of service with the Company. An employee may enroll on the first day of the Plan year quarter after becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective November 1, 2019, the Company terminated its contract with Massachusetts Mutual Life Insurance Company and Reliance Trust Company and transferred all of its assets to Fidelity Management Trust Company.

2. Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, to the maximum extent allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for 2019. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. In addition, the Company makes matching contributions equal to 50% of participant contributions up to 6% of participant compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. For the year ended December 31, 2019, the Company made matching contributions in the amount of $93,872.

3. Investment Options

Participants can direct employee and employer contributions, as desired, in any of a variety of investment options offered by Fidelity Management Trust Company and Massachusetts Mutual Life Insurance Company. Participants can change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participant contributions, rollovers, Company qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of the Company's matching contributions, non-elective contributions, and actual earnings on such contributions are based upon the participant's years of service with the Company as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

6. Benefit Payments

Upon termination of service, a participant is entitled to receive their vested account balance. Upon reaching normal retirement age, permanent disability or in the event of death, while employed, a participant or a participant's beneficiary is entitled to receive 100% of their account balance. In addition, participants may receive distributions upon attaining age 59 ½ or for financial hardship if certain criteria are met.

7. Forfeitures

Forfeitures of terminated participants' nonvested accounts are applied against future Company matching contributions or reallocated to participants. During 2019, forfeitures of $4,159 were applied against Company matching contributions. As of December 31, 2019 and 2018, there were no outstanding forfeitures available.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All notes receivables are secured by the balance in the participant's account and bear an interest rate equal to the prime rate plus 1%, which are commensurate with local prevailing rates as determined by the plan administrator. Loans must be paid back within five years of the date of issuance, in accordance with the plan document. Loans for the purchase of a primary residence may be paid back over a period not to exceed ten years. Principal and interest are paid ratably through weekly payroll deductions. Participants are limited to one outstanding loan at a time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared based on the accrual basis of accounting.

2. Plan Administration

The Company is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

The Plan invests, through mutual funds, in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

6. Payment of Benefits

Benefits are recorded when paid.

7. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018 if a participant ceases to make a loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

9. Subsequent Events

The Plan has evaluated subsequent events through July 29, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted relief provisions related to hardship in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

NOTE C - INVESTMENTS AND CERTIFICATION BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the plan's independent auditors' not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company and Reliance Trust Company, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018
- Net investment income (depreciation) and interest on notes receivables from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

Fair value framework provides a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 3,491,768	$ -	$ -	$ 3,491,768
Investments at fair value	$ 3,491,768	$ -	$ -	$ 3,491,768

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 3,420,678	$ -	$ -	$ 3,420,678
Investments at fair value	$ 3,420,678	$ -	$ -	$ 3,420,678

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company and Reliance Trust Company are the Plan's trustees. All investments were held with the trustees. Fidelity Management Trust Company (FMTC) and Massachusetts Mutual Life Insurance Company provide recordkeeping services for the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

NOTE F - INCOME TAX STATUS

The Plan adopted a volume submitter document, which received a favorable opinion letter from the IRS on March 31, 2014. The opinion letter stated that the Plan and related trust, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Administration errors, if any, which are insignificant or operational in nature are handled by the plan administrator in accordance with applicable IRS correction policies.

The plan administrator and the plan's advisors believe that the Plan is currently designed and operated in compliance applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2016 for federal and December 31, 2015, for state purposes.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

U.S. POLE COMPANY, INC. 401(k) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the U.S. Pole Company, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established in 1985 and covers substantially all employees of U.S. Pole Company, Inc. (the "Company"). An employee becomes eligible for the Plan when he or she has attained age 21 and has completed one month of service with the Company. An employee may enroll on the first day of the Plan year quarter after becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective November 1, 2019, the Company terminated its contract with Massachusetts Mutual Life Insurance Company and Reliance Trust Company and transferred all of its assets to Fidelity Management Trust Company.

2. Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, to the maximum extent allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for 2019. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. In addition, the Company makes matching contributions equal to 50% of participant contributions up to 6% of participant compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. For the year ended December 31, 2019, the Company made matching contributions in the amount of $93,872.

3. Investment Options

Participants can direct employee and employer contributions, as desired, in any of a variety of investment options offered by Fidelity Management Trust Company and Massachusetts Mutual Life Insurance Company. Participants can change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participant contributions, rollovers, Company qualified non-elective contributions and actual earnings on all such contributions are fully vested at all times. Vesting of the Company's matching contributions, non-elective contributions, and actual earnings on such contributions are based upon the participant's years of service with the Company as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

6. Benefit Payments

Upon termination of service, a participant is entitled to receive their vested account balance. Upon reaching normal retirement age, permanent disability or in the event of death, while employed, a participant or a participant's beneficiary is entitled to receive 100% of their account balance. In addition, participants may receive distributions upon attaining age 59 ½ or for financial hardship if certain criteria are met.

7. Forfeitures

Forfeitures of terminated participants' nonvested accounts are applied against future Company matching contributions or reallocated to participants. During 2019, forfeitures of $4,159 were applied against Company matching contributions. As of December 31, 2019 and 2018, there were no outstanding forfeitures available.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All notes receivables are secured by the balance in the participant's account and bear an interest rate equal to the prime rate plus 1%, which are commensurate with local prevailing rates as determined by the plan administrator. Loans must be paid back within five years of the date of issuance, in accordance with the plan document. Loans for the purchase of a primary residence may be paid back over a period not to exceed ten years. Principal and interest are paid ratably through weekly payroll deductions. Participants are limited to one outstanding loan at a time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared based on the accrual basis of accounting.

2. Plan Administration

The Company is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

The Plan invests, through mutual funds, in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

6. Payment of Benefits

Benefits are recorded when paid.

7. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018 if a participant ceases to make a loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

9. Subsequent Events

The Plan has evaluated subsequent events through July 29, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted relief provisions related to hardship in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

NOTE C - INVESTMENTS AND CERTIFICATION BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the plan's independent auditors' not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company and Reliance Trust Company, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018
- Net investment income (depreciation) and interest on notes receivables from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019
- Investments and notes receivable from participants reflected in the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

Fair value framework provides a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 3,491,768	$ -	$ -	$ 3,491,768
Investments at fair value	$ 3,491,768	$ -	$ -	$ 3,491,768

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 3,420,678	$ -	$ -	$ 3,420,678
Investments at fair value	$ 3,420,678	$ -	$ -	$ 3,420,678

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company and Reliance Trust Company are the Plan's trustees. All investments were held with the trustees. Fidelity Management Trust Company (FMTC) and Massachusetts Mutual Life Insurance Company provide recordkeeping services for the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

NOTE F - INCOME TAX STATUS

The Plan adopted a volume submitter document, which received a favorable opinion letter from the IRS on March 31, 2014. The opinion letter stated that the Plan and related trust, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Administration errors, if any, which are insignificant or operational in nature are handled by the plan administrator in accordance with applicable IRS correction policies.

The plan administrator and the plan's advisors believe that the Plan is currently designed and operated in compliance applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2016 for federal and December 31, 2015, for state purposes.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
