NOTE 1. DESCRIPTION OF THE PLAN

The following description of the TFC Manufacturing, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the plan's provision.

General

The plan is a defined contribution plan covering eligible employees. The plan is subject to the provisions of ERISA. All regular full-time and part-time employees of TFC Manufacturing, Inc. who have attained age 21 and has a one-year service requirement are eligible to participate in the deferral portion of the plan and employer match if any. Entry dates are January 1 or six months later, coincident with or next following satisfaction of the eligibility requirement.

Contributions

Each Year participants may contribute up to 100% of their compensation not to exceed the maximum allowable IRC 402(g) limit of $19,000 for 2019. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified plans. The employer will make a matching contribution equal to 50% of participant elective deferrals up to 6%. The employer may also make at its sole discretion a non-elective employer contribution. An employee must be employed on the last day of plan year and work a minimum of 1000 hours of service to share in the employer contribution.

Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds as options for participants.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals and allocations of (a) the Company contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on each participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's non-elective and matching contribution portion of their accounts is based on years of continuous service under the following:

Vesting Schedule Profit Sharing Contributions	
Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

As of December 31, 2019, and 2018 forfeited nonvested accounts totaled $34,680 and $32,720, respectively. These accounts will be used to reduce future employer contributions and administrative expenses. Also in 2019, employer contributions were reduced by $277 from forfeited accounts.

Participant Loans

Participants may borrow up to maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing prime rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, purchase of an annuity, or payment in equal installments. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting. Employer contributions and income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded in the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2019 or 2018.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contribution to the applicable participants prior to March 15, 2019.

Payments of Benefits

Benefits are recorded when paid.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investments related expenses are included in net appreciation(depreciation) of the fair value of investments.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standard Board (FASB) issued an Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement which removes, modifies and adds disclosures to Topic 820. The amendments in this ASU 2018-13 apply to all entities that are required, under existing U.S Generally Accepted Accounting Principles (GAAP), to make disclosures about recurring or nonrecurring fair value measurements. The amendments in this ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. This update is not expected to have a material impact on the Plan's financial statements and Plan's management, the Plan Sponsor, is evaluating the impact of the update on the Plan's notes to the financial statements.

In February 2017, the FASB issued ASU 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965). This update removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of those general types of investments. This update is effective for fiscal years beginning after December 15, 2018, with early application permitted. This update is not expected to have a material impact on the Plan's financial statements and Plan's management, the Plan Sponsor, is evaluating the impact of the update on the Plan's notes to the financial statements.

Subsequent Events

The plan has evaluated subsequent events through July 20, 2020 the date the financial statements were available to be issued.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events (Continued)

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act), signed into law March 2020, introduces temporary relief provisions related to retirement plans. The Plan adopted the distribution relief provided under the CARES Act. To be eligible for this relief, the participant must satisfy one of the following requirements. 1) the participant has been diagnosed with COVID-19 or the virus SARS-CoV-2 by a CDC- approved test; 2) the participant's spouse or other tax dependent (as defined by Internal Revenue Code Section 152) has been diagnosed with COVID-19 or the virus SARS-CoV-2 by a CDC- approved test; or 3) the participant experiences adverse financial consequences as defined in the CARES Act. If eligible, participants may withdraw up to $100,000 or his/her total vested account balance, if less. This change means participants who are currently employed by the Company may take a distribution, through December 30, 2020, regardless of age or employment status. Distribution will not be subject to the 10% early withdrawal penalty that applies to distributions taken before age 591/2. Otherwise, the distributions will be included in the participant's taxable income ratably over a three (3) year tax period beginning with the 2020 tax year unless the participant elects out of this tax treatment. Any portion of the distribution repaid within three years is not taxable. In addition, the Plan adopted the loan repayment relief provided under the CARES Act, which allows participants to defer their loan repayments through December 31, 2020. The deferment could extend the terms of the loan beyond the five-year repayment period.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following is a summary of the unaudited information regarding the Plan, as included in the accompany financial statements and supplemental schedules prepared by or derived from information reported by the custodians of the Plan, Transamerica Life Insurance Company for 2019 and 2018. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate at December 31, 2019 and 2018 and for the year ended December 31, 2019, as follows:

	2019	2018
Statement of net assets available for benefits:		
Investments at fair value	$ 2,860,472	$ 2,254,079
Investments at contract value	99,917	-
Notes Receivable	92,220	118,503
Statement of changes in net assets available for benefits:		
Investment income:		
Interest and dividends	179	
Net appreciation in fair value of investments	472,501	

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 as described as follows:

Level 1	*Inputs to the valuation methodology are unadjusted quoted prices for identical assets o liabilities in active markets that the plan has the ability to access.*
Level 2	*Inputs to the valuation methodology include* • *quoted prices for similar assets or liabilities in active markets;* • *quoted prices for similar assets or liabilities in inactive markets;* • *inputs other than quoted prices that are observable for the asset or liability;* • *inputs that are derived principally from or corroborated by observable mark data by correlation or other means.* *If the asset or liability has a specified (contractual) term, the level 2 input must b observable for substantially the full term of the asset or liability.*
Level 3	*Inputs to the valuation methodology are unobservable and significant to the fair value measurement.*

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Such investments are classified as Level 2.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Asset at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,860,472	$ -	$ -	$ 2,860,472
Total asset at fair value	$ 2,860,472	$ -	$ -	$ 2,860,472

	Asset at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,254,079	$ -	$ -	$ 2,254,079
Total asset at fair value	$ 2,254,079	$ -	$ -	$ 2,254,079

NOTE 5. GROUP ANNUITY CONTRACT WITH TRANSAMERICA LIFE INSURANCE COMANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company totaling $99,917 for 2019 and $70,767 for 2018. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5. GROUP ANNUITY CONTRACT WITH TRANSAMERICA LIFE INSURANCE COMANY (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may affect by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6. NONPARTICIPANTS-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2019 and 2018.

NOTE 7. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the custodian Transamerica Life Insurance Company. Transamerica Life Insurance are the custodians for the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also made direct payments to third party administrators of $5,615. The Plan Sponsor pays directly any other fees related to the plan's operations. The Plan Custodian receives fees from administration and investment management.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, TFC Manufacturing, Inc. has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9. PLAN AMENDMENT AND TAX STATUS

The IRS determined and informed the Company that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Custodian believes that the Plan is currently designed operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, the Plan qualifies under Section 401(a) and is tax-exempt as of December 31, 2019.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has an uncertain position that more than likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits be taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 10. RISK AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
