NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1—Description of the plan

The following description of The Checker Distributors 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document and plan amendments for a more complete description of the Plan’s provisions.

General

The Plan was established effective January 1, 1994 to provide retirement benefits for the employees of Checker Distributors (the “Plan Sponsor”). The Plan is a defined contribution plan covering all full-time employees of the Company. The Plan is intended to satisfy the requirements of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the “Code”) and similar state tax laws. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Two employees of the Plan Sponsor serve as trustees of the Plan. The Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

The Plan Document was amended and restated effective January 2015 to include legal and regulatory updates and to require one year of service and nineteen years of age to be eligible for Employer Safe Harbor Matching contributions.

Contributions

Participants may elect to contribute a portion of their base compensation, as defined in the plan document, subject to maximum tax-deferred limitations established by the Internal Revenue Code in the form of Roth elective deferrals and pre-tax elective deferrals. Each pay period the Plan Sponsor makes an ADP Test safe harbor matching contribution equal to 100% of the first 3% of the participant’s contribution, and 50% of contributions that exceed 3% but do not exceed 5%. The Plan Sponsor may also make an ACP Test safe harbor matching contribution equal to a discretionary percentage of participant elective deferrals that do not exceed 6% of a participant’s compensation such that the allocation of the additional ACP Test safe harbor contribution does not exceed 4% of a participant’s compensation for the Plan year. The Plan Sponsor elected not to make an ACP Test Safe Harbor Matching contribution in 2019. Additionally, the Plan Sponsor may make a discretionary matching contribution and a profit sharing contribution. The Plan Sponsor did not make a discretionary matching contribution or profit sharing contribution in 2019.

Rollover contributions

Participants may contribute funds previously held in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contributions.

Participant accounts

The Plan allows participants the ability to self-direct the investment of their contributions into various investment options offered by the Plan. Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and allocations of the Plan Sponsor’s safe harbor matching contribution, the Plan Sponsor’s discretionary contributions, the Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1—Description of the plan—continued

Notes receivable from participants

Participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000. The minimum note receivable amount is \$1,000 with repayment schedule being no longer than 5 years unless used for a primary residence, which may have a term up to 10 years. The notes receivable shall bear a reasonable rate of interest, and no participant shall have more than three loans outstanding at one time. The interest rate is determined by the Plan Sponsor's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances. Principal and interest are paid ratably through payroll deductions. The notes receivables are secured by the balance in the participant's account.

Vesting

Participants are immediately vested in their Roth elective deferrals, pre-tax elective deferrals, employer safe harbor match, and rollover contributions plus actual earnings (losses) thereon. Participants become vested in the Plan Sponsor's discretionary matching and discretionary profit sharing contributions plus actual earnings (losses) at a rate of 20% per year after the second year of service, and are fully vested after six years of service.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the plan document, represents forfeiture. At December 31, 2019 and 2018, the forfeited non-vested accounts available totaled \$5 and \$0, respectively. These accounts will be used to reduce future employer contributions of the Plan. No forfeited non-vested amounts were allocated during 2019.

Distributions to participants

In the event of termination of service due to death, permanent disability, retirement or upon attainment of age 65, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The plan permits early retirement after the participant attains age 55 and completes 6 years of service. Distributions to participants may be taken as a lump-sum amount, installment payments, or partial withdrawals. Distributions must commence by April 1 of the calendar year following the calendar year the participant reaches age 70½ and has separated from service.

In the event of hardship, as defined in the plan document, participants may take a distribution from their accounts, in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Termination of the plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan provisions, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2—Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared under the accrual method of accounting. Participant withdrawals are recorded upon distribution.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Contributions

Participant salary deferrals and employer contributions are included in income during the period the related salary is earned.

Investment valuation and income recognition

The Plan's investments are stated at fair value with the exception of the Fixed Income Account (a fully benefit-responsive investment contract) which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment transactions are accounted for on a trade-date basis and realized gains and losses on sales of securities are determined using the average cost method. Income from investments is recognized when earned. Purchases and sales of securities are recorded on a trade date basis. Interest income is rewarded on the accrual basis. Dividends are recorded on the ex-dividend basis.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor. Administrative services primarily consist of payments to third-party service providers for investment advisory, recordkeeping, and audit services. Expenses paid by the Plan are reported on the statements of changes in net assets available for benefits as administrative expenses.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain disclosures in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants at December 31, 2019 and 2018, and net realized and unrealized appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2019, were obtained or derived from information supplied to the Plan Sponsor and certified by Massachusetts Mutual Life Insurance Company, the custodian, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Under the terms of a trust agreement between the custodian and the Plan Sponsor, the custodian invests all contributions to the Plan in various fund options as directed by the individual participants.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

CHECKER DISTRIBUTORS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2019 and 2018

Note 4—Fair value measurements—continued

Following is a description of the valuation methodology used for the assets measured at fair value.

Pooled separate accounts—Pooled separate accounts are invested mainly in mutual funds. The underlying assets are valued based on the net asset value (NAV) per share at which the mutual funds shares are actively traded. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of difference methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets carried at fair value:

Fair Value Measurements at December 31, 2019				
Description	Total	Using		
		Level (1)	Level (2)	Level (3)
Total investments in the fair value hierarchy	\$ 0	\$ 0	\$ 0	\$ 0
Investments measured at net asset value (a)	6,431,041			
Total investment assets at fair value	<u>\$ 6,431,041</u>			
Fair Value Measurements at December 31, 2018				
Description	Total	Using		
		Level (1)	Level (2)	Level (3)
Pooled separate accounts	\$ 5,794,772	\$ 0	\$ 5,794,772	\$ 0
Total investment assets at fair value	<u>\$ 5,794,772</u>	<u>\$ 0</u>	<u>\$ 5,794,772</u>	<u>\$ 0</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

As of December 31, 2019, the Plan changed its fair value classification of pooled separate accounts to apply the practical expedient available under Subtopic 820-10 to investments valued at NAV. At December 31, 2019, the pooled separate accounts that were measured at the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. There have been no other changes in the methodology used at December 31, 2019 and 2018.

CHECKER DISTRIBUTORS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2019 and 2018

Note 5—Fully benefit-responsive investment contract

The MassMutual Fixed Income Account (“the Fixed Income Account”) is a fully benefit-responsive investment contract available as an investment option to participants of the Plan. The Fixed Income Account is issued by Massachusetts Mutual Life Insurance Company (“MassMutual”) and is credited with earnings on the underlying investments and charged for participant withdrawals. The Fixed Income Account is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the Fixed Income Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits as disclosed in Note 2.

Certain events limit the ability of the Plan to transact at contract value with MassMutual. Examples of such events include termination of the contract, plan termination, and layoffs. A market value adjustment may apply upon occurrence of any of these events. The plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with participants are probable of occurring. The contract permits MassMutual to terminate the agreement prior to the schedule maturity date. Examples of events that would allow MassMutual to terminate the agreement include the Plan failing to maintain its special tax qualified or exempt status under the Code of the Plan or agreements being amended in a way that adversely affect MassMutuals obligations under the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 and 2018 was \$2,263,546 and \$2,038,582, respectively.

The crediting interest rate is based on a formula agreed upon with MassMutual, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate and the yield for the fixed annuity contract was 3% as of December 31, 2019 and 2018, respectively.

Note 6—Tax status

On March 31, 2014, the Internal Revenue Services (IRS) stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code Section 401 (a), and therefore, the related trust is exempt from taxation. The Plan has not individually sought a determination from the IRS on its qualification status. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CHECKER DISTRIBUTORS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2019 and 2018

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Related party transactions and party in interest transactions

Certain Plan investments held were units of pooled separate accounts and an investment contract managed by MassMutual. MassMutual is the custodian as defined by the plan agreement, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment. The Plan made direct payments to MassMutual in the amount of \$3,754 during 2019. Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled \$267,438 and \$214,205 as of December 31, 2019 and 2018, respectfully. Interest received on notes receivable from participants totaled \$12,045 for the year ended December 31, 2019.

Note 9—Subsequent events

The Plan has evaluated subsequent events through July 24, 2020, the date the financial statements were available to be issued and has determined there are no subsequent events that require disclosure except for the following.

As a result of the spread of the COVID-19 coronavirus during 2020, economic uncertainties have arisen as of the date of the financial statements. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and the impact on the Plan sponsor, participants and investments, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Plan's financial condition or results of operations is uncertain.
