Independent Auditor's Report

To the Administrative Committee of the
Ryan Herco Flow Solutions
Profit Sharing/401(k) Plan
Burbank, California

We were engaged to audit the accompanying financial statements of Ryan Herco Flow Solutions Profit Sharing/401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

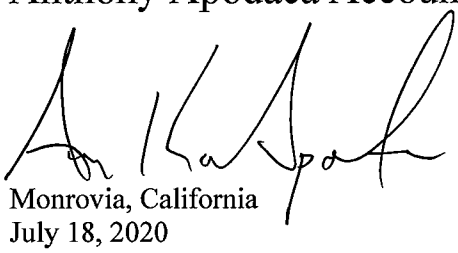

Other Matter

The supplemental schedule "Schedule of Assets Held for Investment Purposes at End of Year" as of or for the year ended December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion of this supplemental schedule.

RYAN HERCO FLOW SOLUTIONS PROFIT SHARING/401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

1. Description of plan:

The following description of the Ryan Herco Flow Solutions Profit Sharing/401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan covering all employees of Ryan Herco Flow Solutions (the Company) who have six consecutive months of service and are at least 20 years of age. Employees may enter the Plan immediately upon meeting the eligibility requirements. The Plan was established on August 31, 1971, as amended November 25, 2019, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code (the "Code") with a cash or deferred arrangement qualified under Section 401(k) of the Code. Pursuant to the requirement of Section 401(a) 27 of the Code, the Plan is also a profit-sharing plan. The Plan is a defined contribution plan that covers all full-time employees of the Company.

The Plan is sponsored and administered by Ryan Herco Products Corporation, dba Ryan Herco Flow Solutions. The Plan's assets are held by Fidelity Management Trust Company (the Trustee). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC).

During the plan year 2019, the plan was amended and restated to include changes in pension law and compliance requirements.

Contributions:

Participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan, and up to 100 percent of any cash bonuses, upon proper notice and approval. Total participant contributions are subject to annual limits established by the Internal Revenue Service (IRS). The maximum participant deferral limit was $19,000 for the year ended December 31, 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees hired after August 2014 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Catch-up contributions of an additional $6,000 were available to participants who had attained age 50 or older by December 31, 2019.

1. Description of plan (continued):

Contributions (continued):

The Company is required to make matching contributions on participants' 401(k) salary deferrals. The Company matches 50 percent of participants' salary deferrals up to 4 percent of eligible compensation per payroll. The Company's matching contribution for the year ended December 31, 2019 was $308,677, of which $309,558 was funded through forfeiture account.

The Company may make annual discretionary profit sharing contributions to the Plan for participants who are employed on the last day of the Plan year. The Company did not make a profit-sharing contribution for the year ended December 31, 2019.

Participant accounts:

Each participant's account is credited or charged with the participant's contribution and allocations of the Company's matching 401(k) contributions, discretionary profit sharing contributions, investment income (losses) and administrative expenses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions and related investment earnings. Vesting in Company matching and profit sharing contributions is based on years of continuous service. A participant is 20 percent vested after two years, and continues to vest 20 percent per year thereafter. A participant becomes fully vested after six years of service.

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the Company's matching and discretionary profit sharing contribution amounts become 100 percent vested without regard to years of service.

Investment options:

Participants are given the option to invest in participant-directed mutual funds of Fidelity.

Payment of benefits:

Distributions of a participant's account are made upon termination of service, death, disability or retirement. Distributions are made in either a lump-sum payment or in annual installments at the election of a participant or beneficiary paid over a period not to exceed the participants' estimated life expectancy at the time of distribution. If the value of the vested portion is less than $1,000, the participant will automatically receive a lump-sum payment. An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

1. Description of plan (continued):

Plan termination:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Participant notes receivable:

Participants may borrow from their vested accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested balance. The minimum loan amount is $1,000. A participant may have up to two loans outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at the prevailing market rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or participant's own personal funds over a term not to exceed five years or extend beyond the participant's normal retirement, except notes receivable used to purchase or improve the participant's primary residence, which have a repayment term not to exceed 10 years. The loan interest rate is 5.25% to 7.25%.

Forfeited accounts:

Forfeitures of terminated participants' unvested Company contributions may be used to reduce future Company contributions. At ended December 31, 2019 and 2018, forfeited non-vested accounts totaled $48,130 and $35,395, respectively. These amounts were used to reduce Company matching contributions. At December 31, 2019 and 2018, the amount of forfeitures available for future use was $458 and $335, respectively.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates:

The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect amounts of assets, liabilities and changes therein, the fair value of investments, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

2. Summary of significant accounting policies (continued):

Investments valuation and income recognition:

The Plan's Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are reflected on a trade date basis. The basis for all securities sold is determined by average cost. Interest income is recorded on the accrual basis. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses on the sale of investments during the period and unrealized appreciation or depreciation of investments held at year-end. Participants' notes receivable are valued at cost, which approximates fair market value.

Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements:

Financial Accounting Standards Board (FASB) accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Investment valuation and income recognition:

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest. Related fees are charged against the participants accounts. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits:

Benefits are recorded when paid.

Excess Contributions Payable:

Amounts payable of $12,826 and $4,700 at December 31, 2019 and 2018, respectfully, to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were excess contributions payable for December 31, 2019, to allow the plan to satisfy the actual deferral percentage (ADP) test within regulatory limits. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

3. Tax status:

The Company adopted a volume submitter profit sharing plan sponsored by the Trustee. The Plan received an advisory opinion letter dated March 31, 2008 from the IRS, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently being operated in compliance with the applicable provisions of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Related party transactions and party in interest transactions:

   Certain Plan investments are in shares of registered funds managed by Fidelity Management and Research Company, an affiliate of the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to the Trustee by the Plan amounted to $7,572 for the year ended December 31, 2019.

   Fidelity Management Trust Company (Fidelity) provides certain administrative services to the Plan pursuant to the Plan Services Agreement (PSA) between the Company and Fidelity. Fidelity receives agreed-upon compensation for services. In situations where recordkeeping revenue received in connection with plan services exceeds agreed-upon compensation, Fidelity can deposit amounts equal to such excess revenue in a suspense account in the Plan. Total Plan charges totaled $36,379, with recordkeeping sharing revenue credit of $11,538, for a net charge of $24,841.

5. Risks and uncertainties:

   The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades.

6. Recently Adopted Accounting Pronouncements:

   In January 2016, the FASB issued ASU No. 2016-01, *—Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities.* ASU 2016-01 addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. ASU 2016-01 is effective for the Plan years beginning after December 15, 2018. The Plan adopted this standard as of January 1, 2019 and applied it retrospectively to all periods presented. It did not have a material impact on the Plan's financial statement disclosures.

7. Unaudited information prepared and certified by the custodian:

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. The Trustee certified information as of December 31, 2019 and 2018, and for the year ended December 31, 2019. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 7 and the supplemental schedule related to the following investments.

Per financial statements	$ 1,451,851
Excess contribution payable	12,826
Per Form 5500	$ 1,464,677

9. Employer contributions:

The Company did make matching contributions in the amount of $308,677 for the year ended December 31, 2019.

10. Fair Value Measurements:

Financial Accounting Standards Board (FASB) *Accounting Standards of Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at the fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Funds: State at their carrying value approximates fair value.

Investments in shares of registered investment companies - Mutual Funds: Valued using quoted market prices, which represent the net asset value (NAV) of shares held by the plan at year end.

Common Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV.

10. Fair Value Measurements (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

11. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprises a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract plus earnings less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	2019	2018
Synthetic Investment Contracts	$2,981,125	$2,723,461

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0 percent. Cash flow volatility (for example timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

12. Amounts Due to Withdrawn Participants:

The amounts allocated to participants accounts who have withdrawn from the plan but have not been paid is $739,000 at December 31, 2019.

13. Rollovers Contributions:

The Plan may accept eligible amounts from other plans, subject to the conditions set forth in the plan adoption agreement. An Aggregate of $72,650 was rolled into the Plan during the year ended December 31,2019 and is included in rollovers on the statement of changes in net assets available for benefits.

14. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

15. Subsequent Events:

The Plan's management has evaluated subsequent events for recognition and disclosure through July 18, 2020, which is the date the financial statements were available to be issued.
