TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Tromi Corporation 401(k) Plan (the Plan) is provided for general information. Participants should refer to the Plan document for more complete information.

- a. *General* – Effective May 1, 1996, the board of trustees of Tromi Corporation (the Organization) adopted the Tromi Corporation 401(k) Plan, a defined-contribution 401(k) deferred plan. Employees are eligible for participation in the Plan upon attaining 21 years of age and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's Trustees oversees governance of the Plan, determine the appropriateness of the Plan's investment options and monitors investment performance.
- b. *Contributions* – Participants may contribute up to \$19,000 and additional catch-up for age 50 or older of \$6,000 of pretax annual compensation for 2019 as defined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and corporate contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Organization has a discretionary match currently established at 0%. Additional profit-sharing amounts may be contributed to the Plan at the Organization's option. Contributions are subject to certain statutory limitations.
- c. *Participants Accounts* – Each participant's account is credited with the participant's respective deferral, the organization's discretionary matching contribution and plan earnings (losses). Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account.
- d. *Vesting*– Participants are immediately 100% vested in amounts attributable to their contributions plus actual earnings thereon. Vesting in the Organization's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.
- e. *Notes Receivable from Participants* – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest at 8%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid ratably through bi-weekly payroll deductions.

TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 1 – DESCRIPTION OF PLAN (continued)

- f. *Payment of Benefits* – Upon termination of services due to death, disability, or retirement, the vested interest in the participant's accounts shall be paid in the form of a single lump-sum or in periodic installment payments in accordance with the Plan document. Participants with an account balance of less than \$5,000 at termination of service, are required to take a lump-sum distribution, or roll the balance of the account to an IRA.
- g. *Forfeitures* – The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used by the Plan at the discretion of the Plan administrator to pay administrative expenses, reduce employer contributions, or allocate to participant accounts on a pro-rata basis. During the year ended December 31, 2019, no forfeitures were used to pay administrative expenses or used to reduce employer contributions. No Forfeited non-vested accounts were allocated to participant's accounts during the year ended December 31, 2019.
- h. *Investment Options* – The participants are permitted to direct the allocation of their individual account balance within the investment options of the Plan.
- i. *In Service Distributions* – Hardship withdrawals are available to Plan participants for the various reasons as described in the Plan documents. Hardship withdrawals are limited to the pre-tax deferral portion of the participants account balance. Upon making such a withdraw, the participant is suspended from making deferrals for six months.

Employees who have reached the age of 59 ½ years old may withdraw all or a portion of their vested contributions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

- a. *Basis of Accounting* – The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at the fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does not currently have any fully benefit-responsive investment contracts.

- b. *Accounting Estimates* - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

- c. *Investment Valuation and Income Recognition* – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator (Administrator,) in conjunction with the third-party service provider to the Plan (Trustee) for the Administrator, determine the Plan's valuation policies. See Note 6 for description of fair value measurements.

Purchase and sales transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- d. *Notes Receivable from Participants* – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to and paid by the Organization. As of December 31, 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.
- e. *Risk and Uncertainties* – The Plan utilizes various investment instruments. Investment securities, in general are exposed to various risks, such as interest rate, market credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

**TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

- f. *Contributions* – Participant contributions and employer matching contributions, are recognized when the participant contributions are withheld from participant’s earnings.
- g. *Benefits and Withdrawals Paid to Participants* – Benefit payments and withdrawals to participants are recorded upon distribution.
- h. *Expenses* – All Operating expenses and administrative of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.
- i. *Accounting Changes* – In August 2018, the FASB issued ASU 2018-13 “Amendments to Fair Value Measurement Disclosures.” The Amendments in ASU 2018-13 update “*Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for the Fair Value measurement.*” Various disclosure requirements are removed and modified and these are as follows:

Removed Disclosure Requirements

- The amount of reasons for transfers between Level 1 and Level 2 of the fair value hierarchy
- The policy for timing of transfers between levels
- The valuation processes for Level 3 fair value measurements
- For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period

Modified Disclosure Requirements

- In lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities
- For Investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee’s assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
- The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date

In addition, the amendments eliminate at a minimum from the phrase an entity shall disclose at a minimum to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments in ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019 with early adoption permitted.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

- i. *Accounting Changes (continued)* – The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. At this time the Plan has not determined the impact on its financial statements.

In July the AICPA Auditing Standards Board (ASB) issued a final standard, Statement on Auditing Standards (SAS) No. 136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA (EBP SAS). The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and changes the form and content of the related auditor's report.

To enhance the quality of employee benefit plan audits, the EBP SAS specifically addresses requirements for:

- Engagement acceptance
- Audit risk assessment and response, including the auditor's consideration of relevant plan provisions
- Communication of reportable findings with those charged with governance
- The auditor's responsibilities relating to the ERISA-required supplemental schedule and the Form 5500
- The form and content of the related auditor's report
- "Limited-Scope Audits" now referred to ERISA section 103(a)(3)(C) audits

In addition, in July 2019, the AICPA Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No. 137, The Auditors Responsibilities Relating to Other Information Included in Annual Reports.

SAS No. 137 clarifies the scope of documents that the auditor is required to subject to the procedures and states that though a document may be referred to as an annual report, such document may not meet the definition of annual report for purposes of SAS.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

- i. *Accounting Changes (continued)* – The determination as to which documents constitute the entity’s annual report is often difficult when the entity does not have a regulatory requirement to prepare an annual report or a framework that dictates what that annual report should contain, SAS No. 137 includes a requirement for the auditor, through discussion with management, to determine and obtain management’s written acknowledgment regarding which document or documents comprise the annual report. This is intended to ensure that both the auditor and management understand the documents that are considered the entity’s annual report and therefore are subject to the auditor’s procedures.

SAS No. 136 and 137 is effective for audits of financial statements for periods ending on or after December 15, 2020. Early implementation is not permitted. SAS No. 141 approved in May 2020 by the Auditing Standards Board (ASB), deferred effective dates to periods ending on or after December 15, 2021, with early adoption now permitted.

NOTE 3 – PLAN TERMINATION

Although the Organization has not expressed any intention to do so, it has the right under the Plan to terminate the Plan, subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and the Plan document.

NOTE 4 – TAX STATUS

The Department of the Treasury, Internal Revenue Service (IRS) has determined and informed the Sheakley Pension Administration, by a letter dated March 31, 2014, that the Prototype Standardized Profit-Sharing Plan with CODA and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). The Plan has been amended, since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan operates under a standardized adoption agreement in connection with a prototype retirement plan and trust/custodial documents sponsored by Reliance Trust Company/Mass Mutual Retirement Services. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2016.

NOTE 5 – EXEMPT PARTY- IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. The Plan invests in certain funds of the Trustee. Reliance Trust Company/Mass Mutual Retirement Services is the Trustee.

The plan sponsor directly pays various administrative expenses for the Plan. Certain administrative functions are performed by the officers and employees of the Organization (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

NOTE 6 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets, that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data;
- correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and are supported by little or no market activity and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used during the year ended December 31, 2019.

**TROMI CORPORATION 401(k) PLAN

NOTE 6 – FAIR VALUE MEASUREMENTS (continued)

For certain defined contribution Interest Account most participant transactions are executed using contract value without adjustment. Therefore, for these types of Interest Accounts, the contract value is a good proxy for fair value and is the value that will be used as fair value. The Plan has no liabilities measured at fair value. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Separate Accounts: The value of a separate account is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any.

Securities without quoted market prices: If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	<u>Fair Value</u> <u>Measurements Using:</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

NOTE 7 – INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company/Mass Mutual Retirement Services, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2019.

- Investments, at fair value
- Net Appreciation in fair value of investments
- Dividend Income
- Notes receivable from participants
- Interest Income

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 8 - FORFEITED ACCOUNTS

At December 31, 2019 there were no forfeited non-vested accounts.

NOTE 9 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2019, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 10 – SUBSEQUENT EVENTS

The Organization evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 27, 2020, which is the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the United States of America. The Organization has adjusted certain aspects of their operations to protect their employees and customers while still meeting customers' needs for purchase of meals outside the home. As a result, the Organization temporarily closed their restaurants to serving customers in their facility, however, continued to provide carry-out service. While the disruption is currently expected to be temporary, there is uncertainty around the duration.

TROMI CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 10 – SUBSEQUENT EVENTS (continued)

The duration of any business disruption and related financial impact, including payroll, cannot be reasonably estimated at this time but may materially affect the Organization's operations. The extent to which the coronavirus pandemic may impact the Organization's operations will depend on the future developments, which are highly uncertain and cannot be predicted at this time, including new information that may emerge concerning the severity of the coronavirus and steps taken to contain the coronavirus or treat its impact, among others. Accordingly, this may affect future contributions to the Plan.

During February and March 2020, three participants withdrew and closed their accounts in the Plan. The Plan distributed approximately \$881,000 to these three participants.

Note 11 – CARES Act and SECURE Act

The Plan will implement certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
