We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Code42 401(k) Retirement Plan Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Code42 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan, under section 401(k) of the Internal Revenue Code (IRC), covering employees of Code42 Software, Inc. (the "Company") who are at least 21 years of age. The effective date of the Plan was January 1, 2014. Plan entrance dates are the first of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may, after meeting eligibility requirements, contribute a percentage of their annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching and profit sharing contributions. During 2019 and 2018, the Company contributed for each participant a matching contribution equal to 50% up to the first 6% of the elective contributions made by the participant. In order to share in any profit sharing contributions, eligible participants must complete 1,000 hours of service during the plan year and be employed on the last day of the Plan year. No discretionary profit sharing contributions were made for the 2019 and 2018 plan years.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings or losses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions. Vesting in the remainder of their accounts is based on years of continuous service. Participants vest ratably in employer matching and profit sharing contributions and are fully vested after four years of service.

Notes Receivable from Participants

Eligible participants may borrow against the value of their accounts, excluding Roth deferrals. The maximum amount of any loan is the lesser of 50% of the participant's vested account, or \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The minimum amount of any loan is \$1,000 and the number of outstanding loans is limited to one. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, retirement (age 65), death, or disability, a participant may elect to receive a lump sum amount or partial payments equal to the value of his or her account. Upon termination of service, if the account balance is \$1,000 or less, the account balance will be distributed to the participant, who may elect to treat the distribution as a taxable withdrawal or directly roll over the balance into another qualified plan or individual retirement account. If the balance is greater than \$1,000, but less than \$5,000, the benefit payment will be rolled over into a qualified individual retirement account. Balances greater than \$5,000 may remain in the Plan. In service distributions are allowed for participants after obtaining age 59.5 or for amounts attributable to rollover contributions at any time, without restriction. Hardship distributions of elective deferrals are also permitted.

Forfeitures

Forfeitures resulting from a terminated participant's failure to be fully vested in the Company's contributions to the Plan may be used to reduce the Company's matching contributions. Forfeited nonvested accounts totaled \$0 and \$53,136 as of December 31, 2019 and 2018, respectively. Also, forfeitures of \$190,079 and \$135,032 were used to reduce the Company's matching contributions for the years ended December 31, 2019 and 2018, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reflected at fair value in the accompanying financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee.

The net appreciation (depreciation) in fair value of investments represents the realized and unrealized gains or losses on assets bought and sold as well as held during the year. Investment income is recorded using the accrual basis of accounting. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Funding Policy

Employer discretionary matching contributions are generally remitted to the Plan at the same time as employee deferrals. Any necessary employer discretionary matching contributions relating to the "true up" are remitted to the Plan in the following year.

Payment of Benefits

Benefits are recorded when paid.

**Code42 401(k) Retirement Plan
Notes to Financial Statements**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments and administrative expenses.

NOTE 3 – CERTIFICATION

The plan administrator has received certification from the trustee as to the accuracy and completeness of investment assets aggregating \$26,664,452 and \$18,094,130 as of December 31, 2019 and 2018, respectively, and related investment income (loss) of \$4,854,289 and \$(1,494,948) for 2019 and 2018, respectively. Information contained in the accompanying financial statements, notes to financial statements, and supplementary information has been obtained or derived from information certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Code42 401(k) Retirement Plan
Notes to Financial Statements

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Registered investment companies: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: valued at net asset value (NAV) of units of the collective investment trust at year-end determined. The NAV, as determined by the issuer of the trust, is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Fair value of assets measured on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total
December 31, 2019				
Registered investment companies	\$ 26,170,727	\$ -	\$ -	\$ 26,170,727

NOTE 5 – TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the IRS dated January 1, 2018. The letter states that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since adoption of the prototype plan, however the plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling items for 2019 and 2018 between the financial statements and Schedule H of Form 5500.

NOTE 8 – UNALLOCATED ASSETS

Asset values are allocated to participant accounts when amounts are received by the Plan. Employer contributions receivable of \$5,569 were unallocated as of December 31, 2019.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified to conform to the presentation used in the current year financial statements.

Code42 401(k) Retirement Plan
Notes to Financial Statements

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 4, 2020, the date which the financial statements were available to be issued.

Subsequent to December 31, 2019, the financial markets have deteriorated significantly as a result of the outbreak of COVID-19 (the coronavirus). This and other economic events have had a significant adverse impact on investment portfolios. As a result, the Plan's investments may experience increased volatility and significant declines in fair value until the economy stabilizes.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted. The CARES Act provides several relief provisions for retirement plan sponsors and their participants related to employer contributions, distributions, and participant loans. The plan administrator has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.
