***General*** **-** The following brief description of The Peggs Co., Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the related plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on 1997 by The Peggs Co., Inc. (the Company) to provide benefits to eligible employees, as defined in the plan document. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

***Administration*** **-** Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Transamerica Financial Life Insurance Company and its affiliates (together as Transamerica) to process and to maintain the records of participant data, and to act as the Plan's custodian. Substantially all expenses incurred for administering the Plan are paid by the Company except for contract asset charges and distribution and participant loan processing fees of approximately $12,000 paid to Transamerica during 2019.

***Basis of accounting*** **-** The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP).

***Estimates*** **-** The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

***Subsequent events*** **-** The Company monitors significant events occurring after the financial statement date and prior to its issuance to determine the impacts, if any, of events on the financial statements to be issued. All subsequent events of which the Company is aware were evaluated through the date of the independent auditor's report.

***Investment valuation and income recognition*** **-** The Plan's investments are stated at fair value. Investments of the Plan are held by Transamerica and invested based solely upon instructions received from participants.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

***Fair value measurements*** - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date.

***Fair value hierarchy*** - Valuation techniques used by the Plan are based upon observable and unobservable inputs. Observable or market inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's assumptions about market participant assumptions based on the best information available. Assets and liabilities are classified in the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for the asset or liability.

The fair value hierarchy gives the highest priority to observable inputs and lowest priority to unobservable inputs.

***Valuation techniques*** - The following is a description of the valuation techniques used to measure fair value. There were no changes in the techniques used to measure fair value in the year ended December 31, 2019.

- Pooled separate accounts with Transamerica investing in mutual funds or equity securities are stated at fair value as reported to the Plan by Transamerica, are measured based on quoted market prices of underlying mutual funds or equity securities in active markets for identical assets.

- Pooled separate accounts with Transamerica investing in fixed maturity securities are stated at fair value as reported to the Plan by Transamerica, are measured based on pricing data provided by outside valuation service providers who in turn generally uses the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

- Transamerica Stable Value Core, a general account that seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment is fully-benefit responsive and has been reported in the financial statements at contract value which is also the fair market value. The general account has a portfolio investment rate design in which all deposits were credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. Contract charges could reduce this return. The average yield on investment contract accounts for the years ended December 31, 2019 and 2018 was 0.90% and 0.75%, respectively.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's assets and liabilities at fair value as of December 31, 2019 and 2018, by level, within the fair value hierarchy:

| | ***As of December 31, 2019*** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| **Assets** | | | | |
| Pooled separate accounts | $ 1,984,442 | $ 239,111 | $ - | $ 2,223,553 |
| Insurance company general account – Stable Value Core | - | 110,105 | - | 110,105 |
| Total assets | $ 1,984,442 | $ 349,216 | $ - | $ 2,333,658 |

| | ***As of December 31, 2018*** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| **Assets** | | | | |
| Pooled separate accounts | $ 1,427,947 | $ 195,746 | $ - | $ 1,623,693 |
| Insurance company general account – Stable Value Core | - | 274,731 | - | 274,731 |
| Total assets | $ 1,427,947 | $ 470,477 | $ - | $ 1,898,424 |

***Transfers between levels*** - The availability of observable market data is monitored to assess the appropriate classification of assets and liabilities within the fair value hierarchy. Changes in economic conditions, changes in observability of significant inputs, or changes in model-based valuation techniques may require the transfer of an asset or liability between levels of the fair value hierarchy. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2019, there were no transfers between levels.

***Cash and cash equivalents*** **-** All highly liquid investments purchased with an original maturity of three months or less (generally money market funds) are considered to be cash equivalents. These investments are usually held for a short period of time, pending long-term investment.

***Forfeited accounts*** **-** Forfeited nonvested accounts will be used to pay for plan expenses, then reduce future employer contributions, as determined by the Company.

***Notes Receivable from Participants*** **-** The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the participant's vested balance. Such loans bear interest at Prime Interest Rate published in the Wall Street Journal plus 1% and must be repaid to the Plan within a five year period, unless the loan is used for the purchase of a principal residence in which case the repayment period can be longer than 5 years but less than 30 years. Principal and interest are paid ratably through payroll deductions. The specific terms and conditions of such loans are established by the Plan administrator. Outstanding loans at December 31, 2019 carry interest rates of 4.75% to 6.50%.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the Plan's provisions. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Participants can continue to repay their loan post-termination.

***Benefit payments*** - Benefit payments are recorded when paid.

***Income taxes*** **-** The Plan has adopted Transamerica volume submitter profit sharing plan with CODA. The volume submitter profit sharing plan with CODA has received an opinion letter from the Internal Revenue Service indicating it is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statues, and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

The Plan administrator evaluates any uncertain tax position taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***Reconciliation of financial statements to Form 5500*** **-** The differences between the information reported in the financial statements and the information reported in the Form 5500 is due to $57,805 and $29,812 of excess contributions refundable at December 31, 2019 and 2018, respectively.

***Risks and uncertainties*** **-** The Plan provides for various investment options in any combination of mutual funds, stocks, bonds, fixed income securities and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

***New accounting pronouncements*** **-** In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value (NAV) per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820). The guidance is effective for fiscal years beginning after December 15, 2018. The guidance was applied retrospectively, and had no effect on the Statements of Net Assets Available for Benefits or the changes therein.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which amends certain disclosure requirements of ASC 820. The ASU removes the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modifies the disclosure for investments in certain entities that calculate the NAV to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The guidance is effective for fiscal years beginning after December 15, 2019. Plan management is currently evaluating the impact of this ASU on the Plan's financial statements but does not expect the ASU to have a significant impact. on the Plan's financial statements.

**Note 2 - Related Party Transactions**

Certain Plan investments in units of pooled separate accounts and in Transamerica Stable Value Core are managed by Transamerica, the custodian of the Plan. Any purchases and sales of these investments are performed in the open market at fair value and qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

**Note 3 - Participation and Benefits**

***Employer contributions*** **-** The Company is allowed to make discretionary non-elective profit sharing contributions as defined in the Plan and as approved by the Board of Directors. In 2019, the Company matched 50% of each eligible participant's contribution up to a maximum of 4% of the participant's compensation for each payroll, with annual maximum of $1,000 per participant. The Company also limited total employer matching contributions to $30,000 during 2019.

***Participant contributions*** **-** Participants may elect to have the Company contribute any amount of their eligible pre-tax compensation not to exceed the annual limitation amount allowable under current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

***Vesting*** **-** Participants are immediately vested in their contributions and earnings thereon. In general, participants are fully vested in the employer's profit sharing contributions and earnings thereon allocated to their account after 6 years of credited service.

***Participant accounts*** **-** Each participant's account is credited with the participant's contribution, Company matching contributions, and Plan earnings or losses, and is reduced for any benefit payments and administrative expenses. Plan earnings or losses are allocated to each participant's account based on the ratio of the participant's account balance and share of net earnings or losses of their respective elected investment options. Allocation of the Company's contribution is based on eligible employee compensation, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

***Forfeitures*** - If a participant terminates employment before becoming fully vested in their Company matching contributions, the nonvested Company matching contributions (and earnings thereon) are forfeited at the earlier of the date the participant receives a distribution or incurs a five-year break-in-service. Forfeited balances due to taking a distribution of vested amounts are restored if the participant returns to an eligible status within five years of termination and repays any amount previously distributed. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company matching contributions, restore previously forfeited balances, or pay eligible plan expenses.

***Payment of benefits*** - Upon termination, the participant or beneficiary may elect to leave their account balance in the Plan, or receive their total benefits in partial withdrawals or a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for in-service and hardship distributions when a participant meets certain circumstances. The Plan also allows for automatic lump sum distribution of participant vested account balances that do not exceed $5,000.

**Note 4 - Certified Information**

In accordance with 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information included in the accompanying financial statements and supplemental schedule were obtained from data that has been prepared and certified to as complete and accurate by Transamerica regarding the current value of assets held at December 31, 2019 and 2018, and transactions entered into for the year ended December 31, 2019.

| Total investments at fair value | $ 2,333,658 | $ 1,898,424 |

|---|---|
| Transamerica Stable Value Core interest income | $ 1,613 |
| Net realized and unrealized appreciation in fair value of investments | $ 408,175 |

**Note 5 - Plan Termination and/or Modification**

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subjected to the provisions of ERISA. In the event the Plan is terminated in the future, participants become fully vested in their accounts.

**Note 6 - Subsequent Events**

During March 2020, the Company has restated the Plan at its entirety with effective date of April 15, 2020 by changing from Transamerica volume submitter profit sharing plan with CODA to Principal Life Insurance Company prototype Non-standardized Profit Sharing Plan with CODA. The Plan's custodian has also changed from Transamerica to Principal Life Insurance Company. Participants are encouraged to seek further plan detail and benefit changes with the Company.

Subsequent to year end, there was an outbreak of the novel corona virus (COVID 19), which impacted the financial markets and the global economy. The outbreak of COVID 19 is still on-going and the magnitude of impact in the financial markets is highly uncertain and cannot be predicted. The effect of this impact has not been reflected in these financial statements and may adversely affect the Plan's net assets available for benefits. The related financial impact and duration cannot be reasonably estimated at this time.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted relief provisions related to hardship withdrawals and loans included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.
