Independent Auditor's Report

The Board of Trustees
The Musical Arts Association

Report on the Financial Statements

We have audited the accompanying financial statements of The Musical Arts Association Retirement Plan (the Plan), which comprise the statements of net assets available for benefits and of accumulated plan benefits as of October 31, 2019 and 2018, the related statements of changes in net assets available for benefits and changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of October 31, 2019 and 2018, and the changes in its financial status for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended October 31, 2019 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Musical Arts Association Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of The Musical Arts Association Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and summary plan description for more complete information.

General: The Plan is a noncontributory defined benefit plan which covered substantially all orchestra members and hall and office employees of the Plan sponsor, The Musical Arts Association (the Association). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is also subject to the relevant provisions of the Pension Protection Act of 2006 (PPA), the Worker, Retiree and Employer Recovery Act of 2008 (WRERA), the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010 (PRA), the Moving Ahead for Progress in the 21st Century Act (MAP-21), the Highway and Transportation Funding Act of 2014 (HATFA) and the Bipartisan Budget Act of 2015. The portion of the Plan covering hall and office employees was frozen effective April 1, 2009. At that date, a new ERISA 403(b) plan was established for this group of employees which receives contributions from employees and the Association on their behalf.

Per the terms of the collective bargaining agreement with the Cleveland Federation of Musicians, Local No. 4 (union), the remaining portion of the Plan covering full-time orchestra members was frozen effective August 1, 2009. Subsequently, this group of employees became eligible for the ERISA 403(b) plan which receives contributions from the Association on their behalf.

The Association is responsible for the general administration of the Plan. KeyBank, N.A. is the trustee of the Plan.

Eligibility and vesting: An eligible employee became a participant in the Plan after one year of service and a minimum of 1,000 hours. Active participants became fully vested upon the completion of five years of service.

Benefits: For all participants, benefits for retired or terminated employees or their beneficiaries are equal to a flat monthly benefit reduced pro rata for less than 30 years of benefit service at retirement. Annual benefits for all hall and office employees may not exceed 40% of their final five-year average pay. Employees who are members of the Plan, with at least five years of vesting service, become eligible to receive a monthly deferred vested retirement benefit at eligible retirement age. Additionally, early retirement is available for members of the Plan with at least ten years of vested service at or after age 55, but before age 65, reduced by a percent for each month by which commencement of benefit payments precedes normal retirement age of 65. Further, early retirement with unreduced benefit payments is available for members of the Plan who achieve Rule of 90 (age plus years of service equal to 90) prior to attaining age 65.

Funding: The Association has agreed to voluntarily contribute, in cash, the amount actuarially determined to be necessary to provide assets sufficient to fund the retirement benefits to be paid to Plan participants and to satisfy ERISA and other federal minimum funding requirements, utilizing a reasonable and consistent method of funding. The contributions of the Association are made in amounts sufficient to fund the Plan's normal service cost on a current basis and to fund prior service costs plus interest thereon over a period of 30 years. In addition, annuities previously purchased under a group annuity contract will be used to provide benefits upon retirement. The Plan has met the ERISA minimum funding requirements for 2019 and 2018.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Administrative expenses: Administrative expenses including trustee fees, investment advisory fees and actuarial fees are paid by the Plan unless the Association elects to pay the amounts. Also included are premiums paid to the PBGC which totaled \$199,995 and \$200,412 for the years ended October 31, 2019 and 2018, respectively. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment to which the expenses relate. All other administrative expenses are paid by the Association on behalf of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses for investments bought and sold as well as held during the year. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible the changes in these estimates and assumptions in the near term could be material to the future financial statements.

At October 31, 2019 and 2018, respectively, the Plan's investment in the Vanguard Federal Money Market Fund comprised 28% and 33% of Plan net assets, and the investment in the iShares Core S&P 500 mutual fund comprised 12% and 11% of Plan net assets. These represent concentrations of credit risk.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments, including lump sum distributions, for plan benefits that have accrued on the basis of each participant's earnings and service history as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances (i.e., retirement, death, disability and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The Musical Arts Association Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The actuarial information is as of November 1, 2019 and 2018, the most recent benefit information date in each year. There were no significant Plan amendments or demographic differences between the financial reporting dates (October 31, 2019 and 2018) and the actuarial valuation dates that would have significantly changed the valuations.

An actuary estimates the actuarial present value of accumulated plan benefits which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in determining the actuarial present value of accumulated plan benefits as of November 1, 2019 and 2018 were: (a) life expectancy of participants (Pri-2012 Mortality Tables for male and female annuitants, non-annuitants, and contingent survivors, both current and future, after the death of the original annuitant, projected generationally using Scale MP-2019, and RP-2014 Mortality Tables for male and female annuitants and non-annuitants, projected generationally using Scale MP-2018, respectively); (b) retirement age assumptions (the assumed average retirement ranged from 0.5% at age 55 to 100% at age 70); and (c) investment return (the assumed average rate of return was 7.5% and 8.0%, respectively).

The foregoing actuarial assumptions were based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The Plan's actuaries also calculate the Plan's Funding Target to determine the Association's required contributions to the Plan. The Funding Target is the present value of a plan's accrued benefits calculated using assumptions prescribed by the PPA and MAP-21. The Plan's Funding Target was \$63,394,089 and \$60,654,818 as of October 31, 2019 and 2018, respectively.

Benefit payments: Benefit payments to participants or beneficiaries are recorded upon distribution.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan administrator has evaluated events for potential recognition and/or disclosure through August 5, 2020, the date the financial statements were available to be issued.

Note 3. Investments

The following is a summary of the Plan's investment information as of October 31, 2019 and 2018, included throughout the Plan's financial statements and supplemental schedules.

	2019	2018
Investments, at fair value:		
Common stocks	\$ 4,838,608	\$ 4,170,001
Mutual funds	17,052,657	15,513,707
Common collective trust funds	3,276,419	3,052,010
Limited partnerships	8,837,814	7,525,740
Hedge funds	4,291,380	4,153,585
Interest-bearing cash	16,035,209	19,793,287
	<u>\$ 54,332,087</u>	<u>\$ 54,208,330</u>

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2019 and 2018. The Association's Investment Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. The Association's Investment Committee reports to the Board of Trustees of the Association. For instruments categorized as alternative investments, the Association evaluates the audited financial statements of the limited partnerships provided by the issuers. Certain unobservable inputs are assessed through review of contract terms.

The Musical Arts Association Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the net asset value of units of the respective bank collective trust.

Limited partnerships and hedge funds: Valued based on the Plan's ownership interest in the net asset value of the investment per the underlying investment fund. The Association collects and reviews the audited financial statements of the investments and reconciles the audited numbers to the Association's accounting records annually.

Interest-bearing cash: Valued at the closing price reported on the active market on which the fund is traded, generally at \$1 per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of October 31:

	2019			
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended October 31, 2019 and 2018, there were no significant transfers in or out of Level 1, 2, or 3.

The following table sets forth additional disclosures for certain of the Plan's investments whose fair value is estimated using the net asset value per share (or its equivalent) as of October 31:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the benefits in the order indicated in the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions.

The Musical Arts Association Retirement Plan

Notes to Financial Statements

Note 5. Plan Termination (Continued)

However, the PBGC does not guarantee all types of benefits under the Plan and the amount of the benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 6. Tax Status

The Internal Revenue Service has determined and informed the Association, by a letter dated March 6, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and therefore is exempt from income taxes. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. As of October 31, 2019 and 2018, the Plan administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7. Parties-in-Interest Transactions

Certain of the Plan's investments are invested in funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan to the trustee, its affiliates and other parties-in-interest amounted to approximately \$52,000 and \$44,000 during the years ended October 31, 2019 and 2018, respectively. In addition, during the years ended October 31, 2019 and 2018, the Association provided certain accounting, record keeping and administrative services to the Plan for which it received no compensation.

Note 8. Subsequent Event

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This has caused significant volatility within the Plan's investment portfolio. The extent to which the coronavirus impacts the performance of the Plan's investment portfolio will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and actions taken to contain the coronavirus or its impact, among others.

Schedule SB, Part V Summary of Plan Provisions

Effective Date and Most Recent Amendment

November 1, 1956; restated November 1, 2013; most recently amended by the Third Amendment effective January 1, 2018.

Plan Year

The twelve-month period ending October 31.

Coverage and Participation

An Employee becomes a member of the Plan on November 1 or May 1 immediately following his completion of one year of service. Hall and Staff employees not already members that have at least one year of vesting service on March 31, 2009, become members on March 31, 2009. No Hall and Staff employees can become members after March 31, 2009. No Orchestra employees can become members after August 1, 2009.

Normal Retirement Benefit

Normal Retirement Date: Eligible after age 65

Benefit Formula: A monthly benefit payable to employees as follows:

Date of Termination	Monthly Benefit
11/1/1998 to 10/31/2001	\$3,333.34
11/1/2001 to 10/31/2002	\$3,916.67
11/1/2002 to 10/31/2003	\$4,416.67
11/1/2003 to 9/3/2006	\$4,583.34
9/4/2006 and beyond	\$5,166.67

Plan Name: The Musical Arts Association Retirement Plan
EIN / PN: 34-0714468 / 001
Plan Sponsor: The Musical Arts Association
Valuation Date: November 1, 2018

SCHEDULE SB ATTACHMENTS

Reduced pro rata for less than 30 years of benefit service at retirement (service is computed to nearest 1/12 year).

For Hall & Staff employees, there is a maximum benefit of 40% of final 5-year average total pay with respect to all Plan benefits.

Orchestra retirees from August 30, 2004 to September 3, 2006 receive a benefit based on \$5,166.67 commencing September 4, 2006.

All benefit accruals for Orchestra members ceased as of August 1, 2009.

All benefit accruals for Hall and Staff members ceased as of March 31, 2009.

Early Retirement Benefit

Eligibility: Eligible after age 55 with 10 years of service.

Benefit: The same benefit is payable as for normal retirement except based on service at early retirement date.

Benefit payments begin at age 65, or alternatively, at actual retirement reduced by 0.6% for each of the first 60 months of early commencement and by 0.4% for each month of early commencement in excess of 60 months (but not exceeding 120).

Rule of 90 Retirement

Eligibility: Eligible after age 55 with age plus benefit service equal to at least 90.

Benefit: The same benefit is payable as for Early Retirement above except there is no reduction in the applicable benefit level for benefit service less than 30 years and there is no actuarial reduction for early commencement of benefit payments.

Hall & Staff employees' benefits are, however, subject to the 40% of pay limitation described above.

For Orchestra members retiring after August 1, 2009 and meeting the Rule of 90 provisions by August 30, 2009 and not opting for AFM benefits, the annual benefit is based on a \$65,000 level.

SCHEDULE SB ATTACHMENTS

Vested Benefits Upon Termination of Service

Vesting: Eligible upon termination at any age with 5 years of service.

Termination Benefit: The same benefit is payable as for Early Retirement but payments may not begin before age 65 unless the employee had at least 10 years of service at termination, in which case reduced benefits may begin as early as age 55.

Death Benefits for Participants

Eligibility: Eligible upon the death of a participant after 5 years of service.

Benefit: The spouse of an eligible employee who dies after completing 5 years of service will receive a monthly income for life equal to the monthly benefit they would have received had the employee retired on the day immediately preceding their death with benefits payable on a 100% Joint and Survivor basis.

If death occurs prior to age 55, benefits to the spouse will commence with the month following the date that the employee would have reached age 55.

Form of Benefit Payments

An Employee eligible for normal or early retirement may elect, subject to certain restrictions, to receive his benefits on a Life Only, 100% Joint and Survivor, 75% Joint and Survivor, 50% Joint and Survivor, or 10 Year Certain and Continuous basis. Unless otherwise elected, any benefit payable under the Plan shall be paid on a 50% Joint and Survivor basis, if the Employee has been married to his current spouse for at least one year, or on a Life Only basis otherwise with the further proviso that, except for the 50% Joint and Survivor option, all benefit payments shall be actuarially equivalent to a benefit payable on a Life Only basis.

There is no reduction for the 50% Joint and Survivor option if the beneficiary is the Employee's spouse and they have been married for at least one year at date of retirement.

For deferred vested retirements, the 50% Joint and Survivor optional form of payment is actuarially reduced.

Methods

Valuation date

First day of plan year

Funding target

Present value of accrued benefits

Target normal cost

Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.

Asset Method

Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses, and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted present value of receivable contributions (discounted using the effective interest rate). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets, but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Participant Data

The employee data were provided by The Musical Arts Association as of the census date.

Benefits Not Included in Valuation

None.

Shortfall Amortization

For the 2018 plan year, the 7-year shortfall amortization is used. The Musical Arts Association elected, pursuant to §430(c) of the Internal Revenue Code, to apply subparagraph (iii) (15-year amortization) of §430(c)(2)(D) for purposes of the shortfall amortization installment for the 2008 and 2010 plan years.

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Administrative Expenses	Administrative expenses for the current plan year are estimated by determining the actual expenses paid from the trust for the preceding plan year
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust).

Assumptions Rationale – Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on a published table for pension participants believed to have similar characteristics to the plan population. Assumed termination rates differ by age and gender because of expected differences in termination rates by gender.
Disability	Disability rates were based a published table for pension participants believed to have reasonably similar characteristics participating in pension plans with similar disability provisions. Assumed disability rates differ by gender because of expected differences in disability rates by gender.
Retirement	Retirement rates are based on plan sponsor expectations for the future reflecting the plan's earliest retirement age, the lack of retiree medical benefits and the expectation that orchestra members are likely to work well past age 65.

Form of payment

Form of payment assumptions are based on plan sponsor expectations that participants eligible to receive an unreduced Joint-and-50% Survivor Annuity will elect to do so when presented with the Relative Value comparison shown on benefit statements.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions and methods since prior valuation

The segment rates used to calculate the funding target were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC §430.

The assumed plan-related expenses added to the target normal cost were changed from \$244,492 for the 2017 plan year to \$314,698 for the 2018 plan year.

Effective November 1, 2018, population decrements are assumed to occur at the middle of the year, which is a change from beginning of year used last year. This change is considered a method change attributable to a change in valuation software used by Willis Towers Watson.

SCHEDULE SB ATTACHMENTS

Schedule SB, Line 25 Change in Method

The decrement timing used in the valuation was changed from beginning of year to rounded middle of year. Under rounded middle of year decrement timing, all decrements are assumed to occur at the middle of the year and eligibility for benefits, commencement and cessation of benefits, and other events are assumed to occur at the middle of the year. The change in funding method meets the parameters for automatic approval of software changes under IRS Rev. Proc. 2017-56.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
