The Plan also allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Additional catch-up contributions are available to any participant who is age 50 or older.

The Plan provides an automatic enrollment feature deferring 4 percent of eligible compensation, upon meeting eligibility requirements, unless the participant elects to opt out.

The Company makes matching contributions of 50 percent of the first 6 percent of compensation deferred by the participant up to 3 percent of a participant's compensation. Employer matching contributions are funded on a pay-period basis and calculated and trued up on an annual basis.

The Company may also elect to make annual discretionary contributions. Participants' who have completed 1,000 hours of service during the plan year and continue employment through the last day of the plan year, retire, die, or become disabled during the plan year will be eligible to receive an allocation of the company discretionary contribution. No discretionary contributions were made to the Plan for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses and plan losses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants' contributions, the employer match contribution, and rollover contributions and related earnings and losses are fully vested at all times and are not subject to forfeiture for any reason.

The Company's discretionary contributions, if any, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	- %
2	20
3	40
4	60
5	80
6 or more	100

Note 1 - Plan Description (Continued)

A participant's account becomes 100 percent vested upon death, attaining normal retirement age (65) while an employee, retirement due to disability, or termination of the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan allows for terminated participants' vested account balances of $1,000 or less to be automatically distributed. The Internal Revenue Service (IRS) has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. Participants are only permitted to have one loan outstanding at any point in time under the Plan. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates, as determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Charles Schwab Bank or its affiliates. Charles Schwab Bank is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Plan provides for notes receivables to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 2 - Summary of Significant Accounting Policies

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation

The Plan's investments are stated at fair value.

The general insurance account is a life insurance contract that is valued at fair value based on the cash surrender value of the policy. The money market fund is valued at fair value based on its outstanding balance. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 28, 2020, which is the date the financial statements were available to be issued.

Note 3 - Assets Certified by the Trustee

Charles Schwab Bank (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the IRS. The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100 percent vested, and the plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.
