INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Intervention Inc. 401(k) Investment Plan
Westminster, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Intervention Inc. 401(k) Investment Plan, which comprise the Statement of Net Assets Available for Benefits as of March 31, 2020 and 2019, and the related Statement of Changes in Net Assets Available for Benefits for the year ended March 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended March 31, 2020 and 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statement and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INTERVENTION INC 401(K) INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED MARCH 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Intervention Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The original Plan was established effective April 1, 2001 by the Company for the benefit of its employees and the employees of any affiliated employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan was amended and restated April 1, 2015. Additional amendments were made in 2019 to reduce the age of eligibility and change the address of the Plan Sponsor.

Employees are eligible to become a participant in the Plan and eligible for safe harbor matching contributions on the first day of the month after the employee completes 6 months of service and attains 21 years of age. Effective April 1, 2019, the plan was amended to reduce the age for eligibility to 18 years old. Employees are eligible for discretionary nonelective profit sharing contributions after completing a year of service.

Contributions. Participants have the option to make before-tax contributions and qualified Roth contributions to the Plan of up to 100% of each participant's compensations, as defined by the Plan and subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their elective deferral percentages and may terminated their elective deferrals at any time. The Company makes safe harbor matching contributions and may elect to make discretionary nonelective profit sharing contributions each year. For the Plan year ended March 31, 2020 and 2019, the Company matched 100% of the participant's deferred compensation that is not in excess of 6% of the participant's compensation. The Company did not make any discretionary nonelective profit sharing contributions for the year ended March 31, 2020.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions, including earnings thereon. All employers' profit-sharing contributions, including earnings thereon, become vested upon death, disability or attaining age 65 or according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	50%
2	75%
3	100%

Employer contributions and earnings thereon which are forfeited by terminated participants are used to pay plan expenses. Forfeitures are allocated in the plan year in which the forfeiture occurs. There were no forfeiture balances at March 31, 2020 and 2019.

Investment Options. Employees direct their contributions and their share of the Company's contributions to investments in various pooled separate accounts. Participants may change their investment allocations at any time.

Hardship Withdrawals. Participants may withdraw funds from their elective account only upon certain circumstances.

Participant Loans. Participants may borrow from their account up to a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account and bear interest based on the prevailing rates charged by lenders under similar circumstances as determined by the plan administrator as of the loan date. Principal and interest is paid ratably through bi-weekly payroll deductions. If a loan is in default, it will be deemed a distribution to the participant.

Payment of Benefits. Upon termination of employment, the participant shall be entitled to a distribution in the amount of the participant's account balance. The participant can elect to receive his/her distribution in various methods, including lump-sum payments. In lieu of the benefit commencing on the normal retirement date, a participant who satisfies the service requirement for early retirement may elect to have his/her benefits commence on the first day of any month following the date he/she satisfies the age requirement for early retirement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at contract value. The Statement of Net Assets Available for Benefits presents the contract value of the fully-benefit responsive investment contracts.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment adviser and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Fee Income. In the event that recordkeeping revenue received in connection with plan services under revenue sharing arrangements exceeds agreed upon compensation levels, such excess revenue is deposited to a suspense account and to be used to pay plan expenses or to be allocated to accounts of eligible participants. Administrative expense refunds, and the corresponding administrative expenses, are recognized on a gross basis on the statement of changes in net assets available for benefits.

Payment of benefits. Benefits to participants are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the value of investments.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable held at March 31, 2020 and 2019, net depreciation in fair value of investments, interest and dividends for the year ended March 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Standard Life Insurance Company, the trustee of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codifications* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2020 and 2019.

Pooled separate accounts: Valued at the net asset value (NAV) which approximates the closing price reported on the active market on which the individual securities of the pool are traded. Securities in the active market are adjusted for internal fees and pooled into an adjusted market price. The value of these assets are published to invested participants daily via the trustees website.

The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted NAV under agreements with the insurance company, except for the stable value fund for which contract value is generally the amount participants would receive for plan-permitted, participant-directed withdrawals.

However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2020 and 2019:

Assets at Fair Value as of March 31, 2020

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$3,570,909	$ -	$3,570,909
Total assets at fair value	$ -	$3,570,909	$ -	$3,570,909

Assets at Fair Value as of March 31, 2019

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$4,295,060	$ -	$4,295,060
Total assets at fair value	$ -	$4,295,060	$ -	$4,295,060

NOTE 5 – GROUP ANNUITY CONTRACT WITH THE STANDARD INSURANCE COMPANY

The Plan is invested in the Standard Stable Asset Fund, which is a traditional fully benefit-responsive guaranteed investment contract that is fully guaranteed by the general account assets of The Standard Insurance Company totaling $1,250,239 for 2020 and $940,427 for 2019. The fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is contractually obligated to repay the principal and a specified interest rate that is declared at the beginning of each calendar quarter. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the fund, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the fund's ability to meet its financial obligations. The fund's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the plan to transact at contract value with the participants.

NOTE 6 – RELATED PARTY TRANSACTIONS

The Plan is invested in a fixed group annuity contract managed by The Standard Insurance Company. The Standard Insurance Company is the custodian and record keeper for the Plan and, therefore, these transactions quality as party in interest transactions.

Certain Plan investments are managed by Standard Insurance Company. The Standard Insurance Company is a plan trustee and recordkeeper for the Plan and, therefore, these

transactions qualify as party in interest transactions. The Standard Insurance Company, as the Plan's third party administrator, receives indirect compensation from investment fund providers for recordkeeping, administration, communication and other shareholder services provided on behalf of the registered investment companies. Certain indirect compensation is offset against administrative expenses charged to the Plan.

Certain registered investment company funds may make revenue sharing payments to the Standard Insurance Company which collects the funds for the benefit of the plan. The revenue sharing payments may reduce the plan expenses or be allocated among participants.

NOTE 7 - TAX STATUS

The Internal Revenue Service approved a master proto-type plan by a letter dated March 31, 2014, under which the Plan operates, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of March 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – CONCENTRATIONS OF CREDIT RISK/RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balance and amounts reported in the accompanying statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of March 31, 2020 and 2019, to Form 5500:

	2020	2019
Net assets available for benefit per the financial statements	$4,940,565	$5,285,478
Less employer contributions receivable	(3,960)	(3,304)
Net assets available for benefits per the Form 5500	4,936,605	5,282,174

The following is a reconciliation of the net decrease in net assets per the financial statements for the year ended March 31, 2020, to Form 5500:

Net decrease in net assets per the financial statements	$(344,913)
Add prior year employer contribution receivable	3,304
Less current year employer contribution receivable	(3,960)
Net increase in net assets per the Form 5500	$345,569

NOTE 10 - SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through August 5, 2020, the date the financial statements were available to be issued.

The 2019 novel coronavirus (or COVID-19) has affected, and may continue to affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments and the amounts reported in the 2020 statement of net assets cannot be predicted at this time.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Plan Management is in the process of reviewing the CARES Act and any resulting changes to the Plan.
