EMPLOYEE RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2019 and 2018

(1) Description of the Plan

The following description of the UHHS Memorial Hospital of Geneva Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan sponsored by The Memorial Hospital of Geneva d/b/a University Hospitals Geneva Medical Center (Hospital or Plan Sponsor). The Plan covers employees of the Hospital who have completed two years of service and have attained age 21, excluding employees whose employment is governed by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2009, the Plan was frozen to new employees that were hired, rehired, or transferred into the Hospital on or after this date. New employees of the Hospital on or after January 1, 2009 are eligible to participate in the University Hospitals Health System, Inc. Retirement Plan.

(b) Contributions

Each year, the Hospital contributes to the Plan an amount equal to 3% of the employee's total compensation, as defined by the plan agreement, plus an additional 3% of the employee's compensation in excess of \$30,000.

(c) Participant Accounts

Each participant's account is credited with allocations of the Hospital's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Loans are not permitted under the plan agreement.

(d) Vesting

A participant's interest in Hospital contributions made to the Plan and earnings thereon are immediately vested.

(e) Participant Investment Account Options

The Plan offers participants the services of an independent investment advisor to manage investments based on individual participant risk profiles. Participants may opt out of this service and direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and an insurance investment contract as investment options for participants.

(f) Payment of Benefits

At the time of termination of service due to death, disability, retirement, or other reasons, a participant is entitled to the value of the vested interest in his or her account as an annuity or in a lump-sum distribution.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Expenses Paid by Plan Sponsor

Certain plan expenses such as ERISA attorney fees and audit fees are paid by the Plan Sponsor.

(f) Cash and Cash Equivalents

The Plan considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents include \$3,607 and \$2,586 of money market funds with a weighted average term of less than 60 days at December 31, 2019 and 2018.

(3) Information Prepared and Certified by the Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments from participants:

- Investments, at fair value
- Interest and dividends
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at end of year)

Notes to Financial Statements

December 31, 2019 and 2018

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2019 and 2018

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

December 31, 2019	Level 1	Level 2	Level 3	Total
Assets:				
Cash and cash equivalents \$	3,607	—	—	3,607
Mutual funds	4,110,748	—	—	4,110,748
Total assets \$	<u>4,114,355</u>	<u>—</u>	<u>—</u>	<u>4,114,355</u>

Assets:				
Cash and cash equivalents \$	2,586	—	—	2,586
Mutual funds	3,485,590	—	—	3,485,590
Total assets \$	<u>3,488,176</u>	<u>—</u>	<u>—</u>	<u>3,488,176</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Level 1, 2 or 3.

(5) Related Party and Party in Interest Transactions

Fees paid directly to Fidelity to provide investment advisory services totaling \$3,937 and \$4,051 are included in administrative expenses for the years ended December 31, 2019 and 2018, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(6) Plan Termination

Effective January 1, 2009, the Plan was frozen to new employees that were hired, rehired, or transferred into the Hospital on or after this date. Although it has not expressed any intention to do so, the Hospital does have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

(7) Tax Status

The Plan Sponsor adopted a prototype nonstandardized money purchase pension plan that received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable Sections of the Internal Revenue Code (IRC). The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

December 31, 2019 and 2018

The Plan Sponsor is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Sponsor has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2016.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

All activity of the Plan has been evaluated through August 11, 2020, the date the financial statements were available to be issued

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy and has caused instability in the financial markets resulting in significant declines in certain markets between January 1, 2020 and June 26, 2020.

As a result, the Plan's investment portfolio has incurred a decline in fair value since December 31, 2019. However, because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses cannot be determined and it will be recognized in subsequent periods, if any. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

There were no additional reportable events.
