1 – DESCRIPTION OF PLAN

GENERAL

The Altair 401(k) Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1990, and is available to qualifying employees of Altair Global Services, LLC (dba Altair Global) (the "Company," "Employer," or "Plan Administrator"). Fidelity Management Trust Company, (the "Trustee" or "Fidelity"), in conjunction with Fidelity Workplace Services, LLC, serves as the Trustee and record-keeper of the Plan, respectively. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees of the Company become eligible for participation at the age of twenty-one, as defined by the Plan document. Employees may enroll in the Plan on the first day of each month after becoming eligible. Deferral elections may be modified as of the first day of each month. Each participant's account is credited with the participant's contributions, Company matching contributions, and actual earnings or losses thereon. Investment income or loss is allocated based on the ratio of each participant's account balance. Contributions and earnings or losses are allocated among investment options as selected by the participant.

CONTRIBUTIONS

The Plan is funded through employee pre-tax deferrals, Roth deferrals, rollover contributions, and Company matching contributions. A participant may elect to contribute a portion of his or her eligible pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,000 for 2019). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2019). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are also permitted by the Plan.

Unless otherwise elected by the participants, all newly eligible participants are automatically enrolled in the Plan at a pre-tax deferral percentage of 6%. This rate is increased annually on December 27 by 1% up to a maximum of 12%.

The Company makes non-discretionary matching contributions equal to 50% of each participant's eligible contributions up to 1.5% of the employee's eligible compensation for each pay period. Employer matching contributions for the year ended December 31, 2019, totaled $368,259.

1 – DESCRIPTION OF PLAN (CONTINUED)

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and Employer contributions into a variety of mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment based on certain criteria, as defined in the Plan document.

VESTING

Participants are immediately vested in rollover contributions, qualified matching contributions, qualified non-elective contributions, deferral contributions, and any earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. The participant is vested 20% per year, beginning after one year of qualified service and is 100% vested after five years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to reduce future Company contributions or pay Plan administrative expenses. The Plan had forfeitures available of $5,445 and $0 as of December 31, 2019 and 2018, respectively. These amounts are reported as a component of net assets available for benefits. During the year ended December 31, 2019, forfeitures of $18,708 and $0 were used to reduce Company matching contributions and pay plan expenses, respectively.

1 – DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined in the Plan document. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Plan Administrator. Note terms are generally limited to a maximum of 5 years or to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Participants may have up to one note outstanding at a time. Notes receivable from participants are stated at unpaid principal balances plus any accrued and unpaid interest. Repayments are made through payroll deductions and are reinvested in participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2019, have interest rates of 4% with maturities from January 2020 through August 2029. Notes receivable from participants as of December 31, 2018, had interest rates of 4% with maturities from January 2019 through July 2027.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and fees paid related to distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP").

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income or loss is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or notes receivable policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The fair value is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3 – FAIR VALUE MEASUREMENTS (CONTINUED)

INVESTMENT VALUATION AND LEVELING (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$23,370,181	$ -	$ -	$23,370,181
Common collective trust	-	676,785	-	676,785
Total investments, at fair value	$23,370,181	$ 676,785	$ -	$24,046,966

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$17,326,247	$ -	$ -	$17,326,247
Common collective trust	-	666,906	-	666,906
Total investments, at fair value	$17,326,247	$ 666,906	$ -	$17,993,153

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity, the Trustee and a party-in-interest as defined by ERISA, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED) (CONTINUED)

This information consists of the following:

	2019	2018
Investments, at fair value:		
Mutual funds of registered investment companies	$ 23,370,181	$ 17,326,247
Common collective trust	676,785	666,906
Total investments, at fair value	$ 24,046,966	$ 17,993,153
Notes receivable from participants	$ 323,907	$ 332,150
Interest and dividends	$ 964,859	
Interest on notes receivable from participants	$ 12,841	
Net appreciation of fair value of investments	$ 3,128,277	

5 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds of registered investment companies and a common collective trust, which are managed by Fidelity Investments, an affiliate of the Trustee. Fidelity acted in capacity as Trustee; therefore, these investments qualify as party-in-interest transactions.

6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity Management & Research Company which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018

Current year adjustment from fair value to contract value	10,098
Prior year adjustment from fair value to contract value	6,843
Net increase in net assets available for benefits per Form 5500	$ 6,062,511

9 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Plan has evaluated events or transactions occurring after December 31, 2019, the statements of net assets available for benefits date, through July 30, 2020, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2019, except as follows:

In March 2020, the World Health Organization categorized the outbreak of coronavirus ("COVID-19") as a pandemic. COVID-19 occurred globally causing significant fluctuations in financial markets in the U.S. and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is unable at this time to estimate the full impact on the Plan's financial statements.

Effective April 20, 2020, the Plan was amended to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act") during 2020, including the following:

- Allowing participants to take distributions of up to $100,000 from the Plan,
- Increasing new notes receivable available borrowings of up to $100,000 through September 23, 2020 unless otherwise extended, and
- Providing for the deferment of payments on existing notes receivable through December 31, 2020.

1 – DESCRIPTION OF PLAN

GENERAL

The Altair 401(k) Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1990, and is available to qualifying employees of Altair Global Services, LLC (dba Altair Global) (the "Company," "Employer," or "Plan Administrator"). Fidelity Management Trust Company, (the "Trustee" or "Fidelity"), in conjunction with Fidelity Workplace Services, LLC, serves as the Trustee and record-keeper of the Plan, respectively. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees of the Company become eligible for participation at the age of twenty-one, as defined by the Plan document. Employees may enroll in the Plan on the first day of each month after becoming eligible. Deferral elections may be modified as of the first day of each month. Each participant's account is credited with the participant's contributions, Company matching contributions, and actual earnings or losses thereon. Investment income or loss is allocated based on the ratio of each participant's account balance. Contributions and earnings or losses are allocated among investment options as selected by the participant.

CONTRIBUTIONS

The Plan is funded through employee pre-tax deferrals, Roth deferrals, rollover contributions, and Company matching contributions. A participant may elect to contribute a portion of his or her eligible pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,000 for 2019). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2019). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are also permitted by the Plan.

Unless otherwise elected by the participants, all newly eligible participants are automatically enrolled in the Plan at a pre-tax deferral percentage of 6%. This rate is increased annually on December 27 by 1% up to a maximum of 12%.

The Company makes non-discretionary matching contributions equal to 50% of each participant's eligible contributions up to 1.5% of the employee's eligible compensation for each pay period. Employer matching contributions for the year ended December 31, 2019, totaled $368,259.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and Employer contributions into a variety of mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment based on certain criteria, as defined in the Plan document.

VESTING

Participants are immediately vested in rollover contributions, qualified matching contributions, qualified non-elective contributions, deferral contributions, and any earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. The participant is vested 20% per year, beginning after one year of qualified service and is 100% vested after five years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to reduce future Company contributions or pay Plan administrative expenses. The Plan had forfeitures available of $5,445 and $0 as of December 31, 2019 and 2018, respectively. These amounts are reported as a component of net assets available for benefits. During the year ended December 31, 2019, forfeitures of $18,708 and $0 were used to reduce Company matching contributions and pay plan expenses, respectively.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined in the Plan document. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Plan Administrator. Note terms are generally limited to a maximum of 5 years or to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Participants may have up to one note outstanding at a time. Notes receivable from participants are stated at unpaid principal balances plus any accrued and unpaid interest. Repayments are made through payroll deductions and are reinvested in participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2019, have interest rates of 4% with maturities from January 2020 through August 2029. Notes receivable from participants as of December 31, 2018, had interest rates of 4% with maturities from January 2019 through July 2027.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and fees paid related to distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP").

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income or loss is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or notes receivable policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The fair value is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3 – FAIR VALUE MEASUREMENTS (CONTINUED)

INVESTMENT VALUATION AND LEVELING (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$23,370,181	$ -	$ -	$23,370,181
Common collective trust	-	676,785	-	676,785
Total investments, at fair value	$23,370,181	$ 676,785	$ -	$24,046,966

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$17,326,247	$ -	$ -	$17,326,247

Total investments, at fair value	$17,326,247	$ 666,906	$ -	$17,993,153

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity, the Trustee and a party-in-interest as defined by ERISA, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED) (CONTINUED)

This information consists of the following:

	2019	2018
Investments, at fair value:		
Mutual funds of registered investment companies	$ 23,370,181	$ 17,326,247
Common collective trust	676,785	666,906
Total investments, at fair value	$ 24,046,966	$ 17,993,153
Notes receivable from participants	$ 323,907	$ 332,150
Interest and dividends	$ 964,859	
Interest on notes receivable from participants	$ 12,841	
Net appreciation of fair value of investments	$ 3,128,277	

5 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds of registered investment companies and a common collective trust, which are managed by Fidelity Investments, an affiliate of the Trustee. Fidelity acted in capacity as Trustee; therefore, these investments qualify as party-in-interest transactions.

6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity Management & Research Company which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Plan has evaluated events or transactions occurring after December 31, 2019, the statements of net assets available for benefits date, through July 30, 2020, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2019, except as follows:

In March 2020, the World Health Organization categorized the outbreak of coronavirus ("COVID-19") as a pandemic. COVID-19 occurred globally causing significant fluctuations in financial markets in the U.S. and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is unable at this time to estimate the full impact on the Plan's financial statements.

Effective April 20, 2020, the Plan was amended to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act") during 2020, including the following:

- Allowing participants to take distributions of up to $100,000 from the Plan,
- Increasing new notes receivable available borrowings of up to $100,000 through September 23, 2020 unless otherwise extended, and
- Providing for the deferment of payments on existing notes receivable through December 31, 2020.
