Report on the Financial Statements

We have audited the accompanying financial statements of CWB Holdings, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of CWB Holdings, Inc. 401(k) Plan as of December 31, 2018, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

(Continued)

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included in the 2018 supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - PLAN DESCRIPTION

The following description of CWB Holdings, Inc. 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, with an effective date of January 1, 2018, is a defined contribution plan covering all eligible employees of CWB Holdings, Inc. (the "Company", "Employer" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility: Employees are eligible to make elective salary deferral contributions after three consecutive months of employment, as defined in the Plan. Employees who were employed on January 1, 2018, the effective date of the Plan, became eligible to participate in the Plan immediately as of that date. Eligibility for Employer safe-harbor matching is the same as for employee elective salary deferrals. An employee is eligible for Employer discretionary profit sharing contributions after completing 1,000 hours of service and must be employed by the Company on the last day of the Plan year.

Entry Date: Employees may enter the Plan on the first day of the Plan month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions: Each year, participants may contribute up to 100% of their eligible compensation, as defined by the Plan, as pre-tax 401(k) deferrals or Roth 401(k) deferrals. Employees are automatically enrolled at a 3% deferral rate upon becoming eligible to participate in the Plan and may elect to change or discontinue deferrals at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company will safe-harbor match 100% of the first 3% of the participant's elective deferral, and 50% of each additional percentage not to exceed 5% of the participant's compensation, as defined. The Company safe-harbor matching contribution was \$352,275 for the year ended December 31, 2018. Of this amount, \$101,634 is due to the Plan at December 31, 2018. The Plan allows for the Company to make discretionary profit-sharing contributions. There were no discretionary profit sharing contributions for the year ended December 31, 2018. In addition, the Plan has recorded a qualified non-elective contribution ("QNEC") totaling \$43,162 due from the Employer at December 31, 2018. The QNEC contribution is to remedy certain auto-enrollment errors that had occurred during the Plan year.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's safe-harbor matching contributions and profit sharing contributions, if any, and (b) Plan earnings (losses), and (c) is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018

NOTE 1 - PLAN DESCRIPTION (Continued)

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon, as well as the Company's safe-harbor match. A participant's portion of the Company's profit sharing contributions and related investment income vests according to the following schedule:

<u>Full Years of Service</u>	<u>Vested Percentage</u>
Less than two years	0%
2 years	20
3 years	40
4 years	60
5 years	80
6 or more years	100

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Benefit Distributions: Upon termination from active service, if a participant's vested account balance is more than \$1,000 but does not exceed \$5,000, unless the participant makes a timely election to roll over the vested account to an Individual Retirement Account ("IRA") or another eligible retirement plan, or elects to have the vested account balance distributed, the vested account balance will be transferred to an IRA established in the participant's name. If a participant's vested account balance does not exceed \$1,000, the balance will be distributed to the participant in cash.

If a participant's vested account balance exceeds \$5,000 upon termination from active service, the participant may defer their distribution election under the Plan. They may also elect to roll over the vested account balance to an IRA or another eligible retirement plan or elect a distribution in the form of a single-sum payment. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship, as defined in the Plan document.

Forfeitures: Forfeitures represent the portion of the Employer's discretionary contributions that is lost by a participant who terminates employment prior to becoming fully vested under the Plan's vesting schedule. Participant forfeitures of Employer contributions may be used to reduce future Employer contributions or to pay administrative expenses of the Plan. At December 31, 2018, there were no forfeited non-vested accounts nor were any forfeitures used during the year ended December 31, 2018 to reduce Employer contributions or pay administrative expenses of the Plan.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range up to five years, unless the loan proceeds are used to purchase a primary residence. The rate of interest on the notes is determined based on rates available for similar loans from commercial lending institutions. Loans are secured by the balance in the participant's account. Principal and interest are paid through payroll deductions. Participating employees may have a maximum of one loan outstanding at any time. There were no outstanding notes receivable from participants at December 31, 2018.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Employer contributions and earnings thereon.

NOTE 1 - PLAN DESCRIPTION (Continued)

Administrative Expenses and Investment Management Expenses: Certain administrative fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the net depreciation in fair value of investments reported by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions and such differences could be material.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefit distributions and withdrawals are recorded upon payment.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through August 7, 2020, which is the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

On June 11, 2020, the Plan Sponsor acquired Abacus Health Products, Inc. On this same date, the Plan was amended to allow eligible employees of Abacus Health Products Inc. to participate in the Plan.

NOTE 3 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds (including money market mutual funds) – Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds	\$ 538,663	\$ 538,663	\$ -	\$ -

NOTE 4 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has not been amended since it was adopted by the Company. Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. As the Plan became effective on January 1, 2018, the Plan is subject to income tax examination for tax year 2018.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Employer. Certain Plan investments are shares of mutual funds managed by T. Rowe Price, the Plan's recordkeeper. Therefore, these transactions qualify as party-in-interest transactions.
