Bronco Wine Company 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bronco Wine Company 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) *Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company (Reliance) and Massachusetts Mutual Life Insurance Company (MassMutual), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019, and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.

NOTE 1 – PLAN DESCRIPTION

The following description of Bronco Wine Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan and was established on October 1, 1975. The Plan covers all employees of Bronco Wine Company and related entities, Hacienda Wine Cellars, Barrel Ten Quarter Circle, Inc., West Coast Grape Farming, Inc., and Bivio Transport and Logistics, LLC (together, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the Company are eligible to participate in the Plan on the first day of the first quarter coinciding with or next following one year and 1,000 hours of service. Employees may roll over a tax deferred amount from another qualified plan prior to meeting the eligibility requirements for deferrals under the Plan. Eligibility for employer matching contributions will occur on the first day of the Plan year preceding the satisfaction of one year and 1,000 hours of service. Eligibility for employer profit sharing contributions will occur on the earlier of the first day of the seventh month or the first day of the Plan year, coinciding with or next following one year and 1,000 hours of service. Employees must be employed as of the last day of the Plan year, to be eligible to receive any employer matching or employer profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan contains an automatic enrollment feature whereby all eligible employees who have not completed a salary deferral agreement, or opted out, will be automatically enrolled in the Plan with a 3% salary deferral. Automatic enrollment feature also includes an automatic increase each plan year of 1% not to exceed 8% salary deferral. Participants may make changes to the deferral percentage or cancel their deferral by completing a salary deferral agreement at any time.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company may make matching contributions, and has elected to match 50% of the first 6% of employee contributions, up to 3% of total compensation deferred to the Plan. The Company contributed $867,118 for the match portion during the year ended December 31, 2019. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all eligible participants' compensation. The Company contributed $1,000,000 for the profit sharing portion of the Plan for the year ended December 31, 2019.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and the employer matching contributions, as well as allocations of the employer profit sharing contributions and Plan earnings. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Profit sharing accounts are maintained separately for each participant. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their participant and employer matching contributions into various investment options offered by the Plan. Profit sharing contributions, detailed at Note 3, are nonparticipant-directed.

Vesting for existing participants – Employee deferrals and employer matching contributions are 100% vested at all times. In the event of termination due to death, disability, or retirement, all balances, including profit sharing accounts, are 100% vested and the beneficiary will receive full payment as soon as administratively possible.

Participant's profit sharing accounts vest in accordance with the following schedule:

Years of Service	Vested Percentage
0 – 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Notes receivable from participants – Participants may borrow money from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan may be outstanding at any one time. The loans are issued by the Plan and secured by the vested balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear interest at bank prime rate plus 2%. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.50% to 7.50% with various maturities throughout October 2029.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant is immediately 100% vested in all contributions and may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be reallocated as additional employer contributions or used to reduce future Company contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The mutual funds and common stock investments are stated at fair value. The Plan's custodian, Reliance, certifies the fair market value of the mutual funds. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's custodian, MassMutual, certifies the contract value of the guaranteed investment contract. Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits – Benefits are recorded when paid.

Plan administrative expenses – Investment fees pertaining to the custody of Plan assets and execution of investment transactions are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative fees pertaining to the third-party administrator and independent auditor are paid by the Company and are not included in these financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits, but arose after the statements of net assets available for benefits date and before financial statements are available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has evaluated subsequent events through August 4, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Nonparticipant-directed investments – Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2019	2018
Net assets		
Cash	$ 533,340	$ 1,634,573
Common stocks	49,456,247	39,711,305
Employer contributions receivable	1,000,000	-
	$ 50,989,587	$ 41,345,878
Changes in net assets		
Contributions	$ 1,000,000	
Net appreciation in fair value of investments	9,776,614	
Dividends and interest	1,010,134	
Benefits paid to participants	(2,143,039)	
	$ 9,643,709	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018:

	Fair Value Measurement as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 49,456,247	$ -	$ -	$ 49,456,247
Mutual funds	37,622,078	-	-	37,622,078
Investments at fair value				$ 87,078,325

	Fair Value Measurement as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 39,711,305	$ -	$ -	$ 39,711,305
Mutual funds	31,302,698	-	-	31,302,698
Investments at fair value				$ 71,014,003

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH MASSMUTUAL

In 2013, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 – TAX STATUS

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax position and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, Reliance Trust Company and Massachusetts Mutual Life Insurance Company, the custodians of the Plan, have certified the completeness and accuracy of:

- Investments in mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of participant-directed investments totaling $4,861,276 and dividends of $1,470,602, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the schedule of assets (held at the end of year).

The nonparticipant-directed investments of cash and common stock, and the related net appreciation in fair value of investments, dividends, and interest, detailed at Note 3 were subject to audit procedures and are not covered by the certifications noted above.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

The Plan paid expenses related to plan operations and investment management to various service providers. Certain Plan investments are managed by MassMutual, the custodian of the Plan. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.

Bronco Wine Company 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bronco Wine Company 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) *Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company (Reliance) and Massachusetts Mutual Life Insurance Company (MassMutual), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019, and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.

NOTE 1 – PLAN DESCRIPTION

The following description of Bronco Wine Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan and was established on October 1, 1975. The Plan covers all employees of Bronco Wine Company and related entities, Hacienda Wine Cellars, Barrel Ten Quarter Circle, Inc., West Coast Grape Farming, Inc., and Bivio Transport and Logistics, LLC (together, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the Company are eligible to participate in the Plan on the first day of the first quarter coinciding with or next following one year and 1,000 hours of service. Employees may roll over a tax deferred amount from another qualified plan prior to meeting the eligibility requirements for deferrals under the Plan. Eligibility for employer matching contributions will occur on the first day of the Plan year preceding the satisfaction of one year and 1,000 hours of service. Eligibility for employer profit sharing contributions will occur on the earlier of the first day of the seventh month or the first day of the Plan year, coinciding with or next following one year and 1,000 hours of service. Employees must be employed as of the last day of the Plan year, to be eligible to receive any employer matching or employer profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan contains an automatic enrollment feature whereby all eligible employees who have not completed a salary deferral agreement, or opted out, will be automatically enrolled in the Plan with a 3% salary deferral. Automatic enrollment feature also includes an automatic increase each plan year of 1% not to exceed 8% salary deferral. Participants may make changes to the deferral percentage or cancel their deferral by completing a salary deferral agreement at any time.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company may make matching contributions, and has elected to match 50% of the first 6% of employee contributions, up to 3% of total compensation deferred to the Plan. The Company contributed $867,118 for the match portion during the year ended December 31, 2019. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all eligible participants' compensation. The Company contributed $1,000,000 for the profit sharing portion of the Plan for the year ended December 31, 2019.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and the employer matching contributions, as well as allocations of the employer profit sharing contributions and Plan earnings. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Profit sharing accounts are maintained separately for each participant. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their participant and employer matching contributions into various investment options offered by the Plan. Profit sharing contributions, detailed at Note 3, are nonparticipant-directed.

Vesting for existing participants – Employee deferrals and employer matching contributions are 100% vested at all times. In the event of termination due to death, disability, or retirement, all balances, including profit sharing accounts, are 100% vested and the beneficiary will receive full payment as soon as administratively possible.

Participant's profit sharing accounts vest in accordance with the following schedule:

Years of Service	Vested Percentage
0 – 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Notes receivable from participants – Participants may borrow money from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan may be outstanding at any one time. The loans are issued by the Plan and secured by the vested balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear interest at bank prime rate plus 2%. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.50% to 7.50% with various maturities throughout October 2029.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant is immediately 100% vested in all contributions and may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be reallocated as additional employer contributions or used to reduce future Company contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The mutual funds and common stock investments are stated at fair value. The Plan's custodian, Reliance, certifies the fair market value of the mutual funds. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's custodian, MassMutual, certifies the contract value of the guaranteed investment contract. Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits – Benefits are recorded when paid.

Plan administrative expenses – Investment fees pertaining to the custody of Plan assets and execution of investment transactions are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative fees pertaining to the third-party administrator and independent auditor are paid by the Company and are not included in these financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits, but arose after the statements of net assets available for benefits date and before financial statements are available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has evaluated subsequent events through August 4, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Nonparticipant-directed investments – Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2019	2018
Net assets		
Cash	$ 533,340	$ 1,634,573
Common stocks	49,456,247	39,711,305
Employer contributions receivable	1,000,000	-
	$ 50,989,587	$ 41,345,878
Changes in net assets		
Contributions	$ 1,000,000	
Net appreciation in fair value of investments	9,776,614	
Dividends and interest	1,010,134	
Benefits paid to participants	(2,143,039)	
	$ 9,643,709	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018:

	Fair Value Measurement as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 49,456,247	$ -	$ -	$ 49,456,247
Mutual funds	37,622,078	-	-	37,622,078
Investments at fair value				$ 87,078,325

	Fair Value Measurement as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 39,711,305	$ -	$ -	$ 39,711,305
Mutual funds	31,302,698	-	-	31,302,698
Investments at fair value				$ 71,014,003

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH MASSMUTUAL

In 2013, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 – TAX STATUS

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax position and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, Reliance Trust Company and Massachusetts Mutual Life Insurance Company, the custodians of the Plan, have certified the completeness and accuracy of:

- Investments in mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of participant-directed investments totaling $4,861,276 and dividends of $1,470,602, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the schedule of assets (held at the end of year).

The nonparticipant-directed investments of cash and common stock, and the related net appreciation in fair value of investments, dividends, and interest, detailed at Note 3 were subject to audit procedures and are not covered by the certifications noted above.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

The Plan paid expenses related to plan operations and investment management to various service providers. Certain Plan investments are managed by MassMutual, the custodian of the Plan. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Bronco Wine Company 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bronco Wine Company 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) *Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company (Reliance) and Massachusetts Mutual Life Insurance Company (MassMutual), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019, and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.

NOTE 1 – PLAN DESCRIPTION

The following description of Bronco Wine Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan and was established on October 1, 1975. The Plan covers all employees of Bronco Wine Company and related entities, Hacienda Wine Cellars, Barrel Ten Quarter Circle, Inc., West Coast Grape Farming, Inc., and Bivio Transport and Logistics, LLC (together, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the Company are eligible to participate in the Plan on the first day of the first quarter coinciding with or next following one year and 1,000 hours of service. Employees may roll over a tax deferred amount from another qualified plan prior to meeting the eligibility requirements for deferrals under the Plan. Eligibility for employer matching contributions will occur on the first day of the Plan year preceding the satisfaction of one year and 1,000 hours of service. Eligibility for employer profit sharing contributions will occur on the earlier of the first day of the seventh month or the first day of the Plan year, coinciding with or next following one year and 1,000 hours of service. Employees must be employed as of the last day of the Plan year, to be eligible to receive any employer matching or employer profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan contains an automatic enrollment feature whereby all eligible employees who have not completed a salary deferral agreement, or opted out, will be automatically enrolled in the Plan with a 3% salary deferral. Automatic enrollment feature also includes an automatic increase each plan year of 1% not to exceed 8% salary deferral. Participants may make changes to the deferral percentage or cancel their deferral by completing a salary deferral agreement at any time.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company may make matching contributions, and has elected to match 50% of the first 6% of employee contributions, up to 3% of total compensation deferred to the Plan. The Company contributed $867,118 for the match portion during the year ended December 31, 2019. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all eligible participants' compensation. The Company contributed $1,000,000 for the profit sharing portion of the Plan for the year ended December 31, 2019.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and the employer matching contributions, as well as allocations of the employer profit sharing contributions and Plan earnings. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Profit sharing accounts are maintained separately for each participant. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their participant and employer matching contributions into various investment options offered by the Plan. Profit sharing contributions, detailed at Note 3, are nonparticipant-directed.

Vesting for existing participants – Employee deferrals and employer matching contributions are 100% vested at all times. In the event of termination due to death, disability, or retirement, all balances, including profit sharing accounts, are 100% vested and the beneficiary will receive full payment as soon as administratively possible.

Participant's profit sharing accounts vest in accordance with the following schedule:

Years of Service	Vested Percentage
0 – 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Notes receivable from participants – Participants may borrow money from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan may be outstanding at any one time. The loans are issued by the Plan and secured by the vested balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear interest at bank prime rate plus 2%. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.50% to 7.50% with various maturities throughout October 2029.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant is immediately 100% vested in all contributions and may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be reallocated as additional employer contributions or used to reduce future Company contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The mutual funds and common stock investments are stated at fair value. The Plan's custodian, Reliance, certifies the fair market value of the mutual funds. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's custodian, MassMutual, certifies the contract value of the guaranteed investment contract. Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits – Benefits are recorded when paid.

Plan administrative expenses – Investment fees pertaining to the custody of Plan assets and execution of investment transactions are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative fees pertaining to the third-party administrator and independent auditor are paid by the Company and are not included in these financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits, but arose after the statements of net assets available for benefits date and before financial statements are available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has evaluated subsequent events through August 4, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Nonparticipant-directed investments – Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2019	2018
Net assets		
Cash	$ 533,340	$ 1,634,573
Common stocks	49,456,247	39,711,305
Employer contributions receivable	1,000,000	-
	$ 50,989,587	$ 41,345,878
Changes in net assets		
Contributions	$ 1,000,000	
Net appreciation in fair value of investments	9,776,614	
Dividends and interest	1,010,134	
Benefits paid to participants	(2,143,039)	
	$ 9,643,709	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018:

	Fair Value Measurement as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 49,456,247	$ -	$ -	$ 49,456,247
Mutual funds	37,622,078	-	-	37,622,078
Investments at fair value				$ 87,078,325

	Fair Value Measurement as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 39,711,305	$ -	$ -	$ 39,711,305
Mutual funds	31,302,698	-	-	31,302,698
Investments at fair value				$ 71,014,003

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH MASSMUTUAL

In 2013, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 – TAX STATUS

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax position and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, Reliance Trust Company and Massachusetts Mutual Life Insurance Company, the custodians of the Plan, have certified the completeness and accuracy of:

- Investments in mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of participant-directed investments totaling $4,861,276 and dividends of $1,470,602, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Mutual funds, guaranteed investment contracts, and notes receivable from participants reflected on the schedule of assets (held at the end of year).

The nonparticipant-directed investments of cash and common stock, and the related net appreciation in fair value of investments, dividends, and interest, detailed at Note 3 were subject to audit procedures and are not covered by the certifications noted above.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

The Plan paid expenses related to plan operations and investment management to various service providers. Certain Plan investments are managed by MassMutual, the custodian of the Plan. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
