Rowe Price Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(1) Description of the Plan

The following description of the Westfield Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan, which covers substantially all full-time employees of Ohio Farmers Insurance Company, Westfield Bank, F.S.B, and Westfield Services, Inc. (collectively referred to as the Company). The Company adopted the Plan, effective January 1, 2000. Eligible employees of the Company are able to participate in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Company's Employee Benefits Administrative Committee (BAC). The BAC has overall responsibility for the operation and administration of the Plan. The BAC determines the appropriateness of the Plan's investment offerings and monitors investment performance.

(b) Contributions

Each year, participants may contribute up to 75 percent of their annual wages into the Plan on a pre-tax basis and 10 percent on an after-tax basis, not to exceed the maximum amount as allowed by law. Newly hired employees who are eligible to participate in the Plan are auto-enrolled into the Plan with a salary deferral election of 3 percent and their contributions are invested in the moderate conservative diversified portfolio until changed by the participant. Participants are permitted to change the default salary deferral election within a reasonable period after receiving notice informing them of the default election or at any time thereafter as permitted by the Plan. Participants may cease to contribute to the Plan by changing their election to 0 percent as permitted by the Plan and may request a refund of salary deferrals (and related earnings or losses) within 90 days of the first automatic contribution. The Plan contains an auto escalation feature whereby participant elective deferrals are automatically increased by 1 percent each year on April 1st to a maximum of 10 percent. Participants may elect to make Roth 401(k) contributions and catch-up contributions to the Plan, not to exceed the maximum contribution amounts under the law and as permitted by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans including Roth 401(k) rollover contributions.

The Company makes a safe harbor non-elective contribution of 3 percent of an employee's compensation to all employees who are eligible to participate in the Plan. Contributions received from participants typically are net of excess deferral amounts returned to certain active participants as required to satisfy the relevant nondiscrimination provisions of the Plan. In 2019, no excess deferrals were returned. In 2018, excess deferrals returned totaled \$2,422.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Company contributions made and (b) net earnings and gains or losses of the Plan.

WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Allocations are based on the individual participant's account activity during such period. The benefit to which a participant is entitled is the benefit which can be provided from the participant's account.

(d) *Vesting*

Each participant's interest in the Plan (including the Company's safe harbor non-elective contribution) is fully vested and nonforfeitable.

(e) *Investment Options*

Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan.

(f) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms are five years or less. Loans are secured by the balance in the participant's account and bear interest at a fixed rate based on the prime rate plus 1 percent at the time of the borrowing. Interest rates on participant loans ranged from 4.25 % to 6.50% at December 31, 2019, and from 4.25% to 6.36% at December 31, 2018. Principal and interest payments are made through biweekly payroll deductions.

(g) *Payment of Benefits*

Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. The Plan provides for automatic rollover provisions. If the participant's account is between \$1,000 and \$5,000, the Plan may make an automatic rollover of the participant's vested interest in his or her account to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan may make an automatic lump sum distribution to the participant equal to the participant's vested interest in his or her account. The Plan also provides for withdrawals to participants who have a qualifying financial hardship.

Upon retirement, a participant may choose to take the entire balance of their account or may leave the balance in the Plan, if that balance is greater than \$5,000, and have distributions made in accordance with minimum distribution rules.

(h) *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(i) *Plan Expenses*

The Company pays certain administrative expenses of the Plan that are excluded from these financial statements. Fees related to the administration of notes receivable from participants and

WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2019 and 2018

other miscellaneous fees are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

(d) Use of Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(e) Payment of Benefits

Benefits are recorded when paid.

(3) Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by T. Rowe Price Trust Company (the trustee of the Plan). Auditing procedures have not

been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

(4) Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- *Level 2* – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- *Level 3* – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

An asset's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Where fair value is provided by independent pricing services, the Plan has obtained an understanding of the methods, models and inputs used in pricing, and has controls in place to validate that amounts provided represent current fair values.

The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Money market fund:* Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded. The money market fund seeks to preserve the value of the investment at \$1.00 per share.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

December 31, 2019 and 2018

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide information as of December 31, 2019 and 2018 about the Plan's financial assets measured at fair value.

(5) Transactions with Parties-in-Interest

Certain Plan investments are managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee defined by the Plan, and therefore, transactions therewith qualify as party-in-interest transactions.

The Company provides to the Plan certain investment management services for which no fees are charged.

T. Rowe Price Trust Company (T. Rowe) provided certain administrative services to the Plan pursuant to a Plan recordkeeping agreement (agreement) between the Company and T. Rowe. T. Rowe received revenue from mutual fund service providers for services T. Rowe provided to the mutual funds. This revenue was used to offset certain amounts owed to T. Rowe for administrative services provided to the Plan.

If the revenue received by T. Rowe from mutual fund service providers exceeded the amount owed under the agreement, T. Rowe remitted the excess to the Plan's trust on a quarterly basis. Such amounts were applied to pay Plan administrative expenses. During 2019, \$259,366 was deposited to the trust and \$168,368 was used to pay administrative expenses resulting in net other income of

\$90,998 presented in the statements of changes in net assets available for benefits for the year ended December 31, 2019. During 2018, \$228,914 was deposited to the trust and \$169,627 was used to pay administrative expenses resulting in net other income of \$59,287 presented in the statements of changes in net assets available for benefits for the year ended December 31, 2018.

(6) Tax Status

The IRS (Internal Revenue Service) has determined and informed the Company by a letter dated March 24, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC (Internal Revenue Code). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect amounts reported in the statements of net assets available for benefits.

(8) Subsequent Events

The Plan has evaluated subsequent events through July 30, 2020, the date the financial statements were available to be issued.

Subsequent to year end, the World Health Organization officially declared the Coronavirus Disease 2019 (COVID-19) outbreak a global pandemic. During 2020, the financial markets experienced significant volatility due to the COVID-19 pandemic. As a result, the Plan's investment portfolio has also incurred significant volatility in fair value since December 31, 2019. The timing of the financial market recovery is uncertain at this time.

Notes to Financial Statements

December 31, 2019 and 2018

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act provides emergency economic relief in response to the COVID-19 pandemic. There are several key provisions of the CARES Act that affect retirement plans related to hardship distributions, participant loans, and required minimum distributions. In April 2020, the Plan adopted the provision of the CARES Act which increases the amount that Plan participants may borrow; participants may borrow the lessor of \$100,000 (increase from \$50,000) or 100% (increase from 50%) of their vested account balance until 180 days after the enactment date of the CARES Act. In addition, the Plan adopted the CARES Act provision that waives all 2020 required minimum distributions.
