Report on the Financial Statements

We were engaged to audit the accompanying financial statements of LifePoint Bell Memorial Non-Union Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of October 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of November 1, 2018, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended October 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2019, and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended October 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(the "Employer") is the sponsor of the Plan and is also designated as the plan administrator.

General

The Plan is a noncontributory, defined benefit plan covering substantially all employees of UP Health System - Bell, a subsidiary of the Employer, excluding those covered by a collective bargaining agreement, who have attained age 21 and 1,000 hours within 12 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective October 31, 2005, future accrual of benefits were frozen and new employees could not become participants in the Plan.

Retirement Benefits

Normal Retirement:

At age 65 and with five years of service, an active participant's monthly benefit is equal to 1.25% of final average monthly compensation plus 1.75% of final average monthly compensation in excess of covered compensation, multiplied by credited service to a maximum of 40 years.

Early Retirement:

At age 55 and with 10 years of service, accrued normal retirement benefit is reduced five-ninths of 1% for each of the first 60 months and five-eighteenth of 1% for each of the next 60 months by which benefit payments commence prior to the normal retirement date.

Participants may elect to receive their benefits as a life annuity or various joint and survivor annuities payable monthly from retirement. If less than \$5,000 in accumulated benefits exist, benefits will be paid in a single lump-sum distribution.

Death and Disability Benefits

If an active participant dies before receiving benefits from the Plan, the beneficiary is entitled to a monthly benefit equal to 50% of the actuarial equivalent value of the benefit earned up to the date of death. Active participants who have completed 10 years of service and who become totally and permanently disabled while employed, but prior to normal retirement, will be eligible for a disability benefit equal to the monthly benefit accrued as of the time they become disabled.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Funding Policy

The Plan provides for only employer contributions. The Employer's contributions are calculated by an enrolled actuary and are in accordance with the Plan's requirements and funding requirements of ERISA. The contributions include the current year's normal cost and amount sufficient to fund the prior service cost. For the years ended October 31, 2019 and 2018, the minimum funding requirement of ERISA was \$0. The Employer made no contributions for the years ended October 31, 2019 and 2018.

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA.

Vesting

All accrued benefits became fully vested when future benefit accruals were frozen.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Employer determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Employer absorbs various Plan expenses including actuary fees and audit fees, while trustee fees are paid from plan assets. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain investment-related expenses are included in net appreciation (depreciation) in fair values of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through August 10, 2020, which is the date that the financial statements were available to be issued. In regards to the effects of COVID-19, the Employer's operations have been significantly impacted; however, the Employer's ability to continue to fund the Plan cannot be reasonably estimated at this time.

Note 3: Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits accumulated under the Plan are based on employee's length of service and compensation as of October 31, 2005. Benefits payable are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

LifePoint Bell Memorial Non-Union Pension Plan

Notes to Financial Statements

Note 3: Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumptions used in the valuation as of November 1, 2018, were as follows:

Assumed rate of return	7.00%
Discount rate used to discount plan benefits	7.00%
Life expectancy	MP-2018 Mortality Scale
Benefit commencement age	Based on experience
Actuarial method	Unit Credit

The foregoing actuarial assumptions are based on the presumption the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of November 1, 2018. Had the valuation been performed as of October 31, 2018, there would be no material differences.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 and Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of October 31, 2019 and 2018.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

LifePoint Bell Memorial Non-Union Pension Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of October 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of October 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 2,510,607	\$ -	\$ 2,510,607
Mutual funds	10,318,415	-	-	10,318,415
Total investment assets at fair value	\$ 10,318,415	\$ 2,510,607	\$ -	\$ 12,829,022

	Assets at Fair Value as of October 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 2,941,169	\$ -	\$ 2,941,169
Mutual funds	9,406,003	-	-	9,406,003
Total investment assets at fair value	\$ 9,406,003	\$ 2,941,169	\$ -	\$ 12,347,172

Note 5: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments at fair value at October 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee of the Plan.

LifePoint Bell Memorial Non-Union Pension Plan

Notes to Financial Statements

Note 6: Plan Termination

In the event of termination, the Plan's assets are allocated, as prescribed by ERISA and its regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable, or would have been payable, on the day before the commencement of the said three-year period to the extent the benefits are based on provisions of the Plan during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), up to the applicable limitations (discussed below).
3. All other vested benefits (that is, vested benefits not insured by the PBGC).

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

The freezing of the Plan described in Note 1 is not considered a plan termination.

Note 7: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Wells Fargo. Wells Fargo is the trustee, as defined by the Plan. Administrative fees paid by the Plan through revenue sharing to the trustee for administration services amounted to \$10,000 for the years ended October 31, 2019 and 2018.

Note 8: Tax Status

The Employer adopted a nonstandard prototype document with an IRS determination letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

LifePoint Bell Memorial Non-Union Pension Plan

Notes to Financial Statements

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, years of service, and demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Summary of Provisions of the Plan

Effective date and plan year

The plan was established effective November 1, 1959, with the latest plan restatement effective November 1, 2011. The plan year ends on each October 31, while the employer's fiscal year ends on each June 30.

Eligibility

Each employee is eligible to become a participant in the plan on the earlier of the November 1 or May 1 immediately following completion of at least 1,000 hours commencing with his date of employment and attainment of age 21. No employee shall become a participant in the plan on or after October 31, 2005.

Service

Service benefit purposes is credited according to the following schedule of calendar year hours, subject to certain break in service rules:

<u>Hours of Service</u>	<u>Credited Service</u>
1,000-1,199	0.6
1,200-1,399	0.7
1,400-1,599	0.8
1,600-1,799	0.9
1,800 or more	1.0

Effective October 31, 2005, no further benefit service will be credited.

Service credited for vesting purposes means the number of calendar years on or before December 31, 2011 in which the employee completes at least 1,000 hours of service plus the number of plan years on or after November 1, 2011 in which the employee completes at least 1,000 hours of service, subject to certain break in service rules.

Compensation

Compensation for plan purposes means W-2 compensation for a calendar year, including certain employee pre-tax contributions. If the employee has less than 1,800 hours of service, compensation shall be increased by a ratio of 1,800 and actual number of hours worked for such calendar year. A participant's annual compensation for plan purposes is limited as required under Code §401(a)(17).

Normal retirement

Condition

For participants whose date of hire is on or after June 1, 1985, the normal retirement date is the first day of the calendar month next following the later of the participant's 65th birthday and the completion of five years of plan participation. For participants whose date of hire is prior to June 1, 1985, the normal retirement date is the first day of the calendar month next following the participant's 65th birthday.

Benefit

The normal retirement benefit, 1/12th of which is payable monthly for the life of the participant, is equal to the sum of the following:

- 1.25% of average earnings multiplied by the participant's years of benefit service not in excess of 40 years, plus
- 0.50% of average earnings in excess of the current Covered Compensation for the participant, multiplied by the participant's years of benefit service not in excess of 40 years.

"Average earnings" is the average annual compensation of a participant for the five consecutive calendar years that produce the highest average.

"Covered Compensation" is the average of the taxable wage bases for the 35 years ending with the year the participant attains Social Security retirement age.

No further benefits will accrue under the plan after October 31, 2005.

Accrued benefit

The accrued benefit is the monthly benefit with payments beginning at normal retirement that has been earned due to compensation and benefit service as of any determination date. The accrued benefit is payable for the life of the participant and is computed in the same manner as for normal retirement, using the participant's average earnings and benefit service as of the date of determination, and Covered Compensation determined by assuming the current taxable wage base will remain constant for all future years. No further benefits will accrue under the plan after October 31, 2005.

Early retirement

Condition

A participant may retire early after he has attained age 55 and completed 10 years of service.

Benefit

The deferred benefit, to commence at the participant's normal retirement date, is equal to the participant's vested accrued benefit determined as of his early retirement date.

Upon written request to the retirement committee, the participant's benefit may commence at any time after his early retirement date. The accrued benefit is reduced 5/9 of 1% for each of the first 60 months and 5/18 of 1% for each of the next 60 months by which the participant's date of benefit commencement precedes the normal retirement date.

Late retirement

Condition

A participant may choose to postpone his retirement beyond his normal retirement date, in which event no benefit shall be payable until actual retirement.

Benefit

The participant's benefit, commencing on the first day of the month following his actual date of retirement, shall be the greater of the actuarial equivalent of the benefit the participant would have received at his normal retirement date, and the benefit computed using the participant's compensation and benefit service earned as of his actual retirement date.

Disability retirement

Condition

A participant must be eligible for permanent disability payments under the Federal Social Security Act and have completed 10 years of service.

Benefit

The disability retirement benefit, commencing the first day of the first month for which he is entitled to a disability benefit under the Federal Social Security Act, is computed as the participant's accrued benefit determined as of the participant's date of termination of employment due to disability without actuarial adjustment for early commencement.

Death before retirement

Condition

In the event of the death of a participant after becoming eligible for a vested benefit under the plan, and while either (i) actively employed by the employer, or (ii) on deferred vested status but prior to receiving any retirement benefits, a monthly survivorship benefit shall be payable to the participant's surviving spouse.

Benefit

The monthly benefit is payable on the first day of the calendar month following the participant's date of death or the earliest date the participant could have elected benefit payments to commence, whichever is later, and continuing for the lifetime of the surviving spouse. The benefit is determined as 50% of the benefit the spouse would have received if the participant had terminated employment the day before death (or on his actual date of termination if earlier), had lived to the benefit commencement date, and elected an immediate joint and 50% to survivor benefit.

Termination of employment

Condition

If a participant terminates his employment after completing 5 or more years of vesting service, he is entitled to a deferred vested benefit with payment commencing on his normal retirement date.

Benefit

The amount of the benefit is calculated as the product of a vesting percentage and the accrued benefit determined as of the participant's date of termination. The vesting percentage is determined from the following table.

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 5	0%
5 or more	100

Each participant is considered 100% vested in their accrued benefit effective October 31, 2005.

Top-heavy status

If in any year the plan is determined to be top heavy, the following provisions will take effect:

- A minimum accrued benefit will be determined for each participant equal to 2% of the average earnings, multiplied by the participant's years of service during which the plan is top heavy, limited to 10 such years.
- Participants will become vested in their accrued benefits according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Optional modes of benefit payments

Subject to the applicable plan conditions, a participant may select an optional method of benefit payment, in lieu of the prescribed life income, which is actuarially equivalent thereto. The purpose of the optional method is to permit the guarantee of retirement income payments for a different period of time (i.e., 10 or 15 years or life income only) or to provide a continued life income to a surviving beneficiary after the death of the participant (for example, 50%, 75% or 100% of the participant's actuarially reduced retirement income from the plan). However, if no option is elected and the participant is married at the date the benefit commences, the monthly benefit will automatically be paid in the form of a 50% joint and survivor annuity.

If the actuarial equivalent single sum amount due a terminated participant is less than \$1,000, such amount shall be distributed to the participant in lieu of any other benefits under the plan. If the actuarial equivalent single sum amount due to a terminated participant is more than \$1,000, but less than \$5,000, the participant shall have the option to elect such amount to be distributed in lieu of any other benefits under the plan.

Actuarial equivalence

Actuarial equivalence is based on the UP-84 Mortality and 6% interest. For purposes of determining single sum benefits, such benefit shall not be less than the amount based on the mortality and interest rates, as defined under Code Section 417(e)(3), in effect for the month of September preceding the first day of the plan year in which the benefit is to be paid.

Contributions to the plan

The employer contributes actuarially determined amounts to finance the plan benefits. No contributions by participating employees are required.

Investment of plan funds

The assets of the pension plan will be invested by the trustee in accordance with the terms of the trust agreement.
