Scott M & A Corporation 401(k) Plan

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Scott M & A Corporation 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service of at least 1,000 hours and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum allowable under the tax law of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employee deferrals for the years ended October 31, 2019 and 2018 were \$276,673 and \$262,617, respectively. The Company matches up to 30% of the employees' contributions, with a limit of 5% of employees' compensation (highest match possible 1.5%). The Company's discretionary matching contributions for the years ended October 31, 2019 and 2018 were \$61,851 and \$55,881 respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (1) the Company's contributions and (2) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after six years of service.

Note 1 - (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions to several investment options.

Loans to Participants

Participants may borrow a minimum of \$1,000 and a maximum equal to 50% of their vested account balances, not to exceed \$50,000, reduced by their highest outstanding loan balance during the preceding twelve months with a maximum of three outstanding loans. The maximum term permitted for repayment of a loan is five years except for loans used for the purchase of a principal residence, which may be repaid over a maximum of fifteen years. Loans bear interest at a rate based on similar commercial loans by a person in the business of lending money. A loan set-up charge equal to \$100 per loan will be deducted from the participant's account. A maintenance fee of \$50 will be charged annually.

Payment of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of his or her account or cash installments.

Forfeited Accounts

For the years ended October 31, 2019 and 2018 there was \$7,519 and \$4,909 of forfeited nonvested accounts, respectively.

Plan Expenses

Administrative expenses may be paid by the Plan or Company.

Note 2 - Summary of the Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of pooled separate accounts are valued at the calculated unit value based on the observable NAV of the underlying investment. Purchases and sales are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment contracts held in Guaranteed Interest Funds are valued at fair value, which represents contributions, reinvested income, less any withdrawals plus accrued interest. Fair value is adjusted to contract value on the financial statements. Interest rates approximate market rates. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Payments and Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

For the year ended October 31, 2019, the Company has evaluated subsequent events for potential recognition and disclosure through the report date, the date the financial statements were available to be issued.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 4 - Tax Status

The Plan obtained a determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is no longer subject to examination by the IRS for years before October 31, 2016.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 - Related Party and Party in Interest Transactions

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are shares of pooled separate accounts managed by Massachusetts Mutual Insurance Company. Massachusetts Mutual Insurance Company is the custodian as defined by the Plan and therefore, these transactions qualify as a party in interest transactions. Certain employees and the officer of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the plan.

Note 7 - Fair Value Measurements

Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of October 31, 2019 and 2018. As required by FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

<u>Assets at Fair Value as of October 31, 2019</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 3,906,498	\$ -	\$ 3,906,498
Group Annuity Contract	-	133,311	-	133,311
Total	<u>\$ -</u>	<u>\$ 4,039,809</u>	<u>\$ -</u>	<u>\$ 4,039,809</u>

<u>Assets at Fair Value as of October 31, 2018</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 3,757,990	\$ -	\$ 3,757,990
Group Annuity Contract	-	129,334	-	129,334
Total	<u>\$ -</u>	<u>\$ 3,887,324</u>	<u>\$ -</u>	<u>\$ 3,887,324</u>

The Company determines fair value of its investments using the market approach. The use of quoted prices for identical assets and matrix pricing or other similar techniques are examples of market approaches. Liquidation value is based on an actuarial formula as defined under the terms of the Group Annuity Contract or Group Funding Agreement. There are no unobservable inputs within this formula, therefore our determination is that this investment option meets the definition of Level 2.

Pooled Separate Accounts have unit value calculated based on the observable NAV of the underlying investment, which meets the definition of Level 2.

Note 8 - Information Prepared and Certified by Trustee

At October 2019, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on the information certified by the Trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the employee Retirement Income Security Act of 1974.

	<u>10/31/19</u>
Investments at fair value:	
Interest in Pooled Separate Accounts	\$ 3,906,498
Held in insurance company general accounts - unallocated	133,311
Investment income (loss)	369,554

Note 9 - Subsequent Event

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan is in the process of operationally being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions. Written amendments to the Plan to reflect these operation changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through the report date, the date these financial statements were issued.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 11/01/2018 - 10/31/2019 and indirect compensation is presented on a calendar year basis ending 12/31/2018.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Indirect Compensation

Float compensation **\$11.95**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.00% for 2018) earned on the bank accounts and investments associated with the short-term investment pool for the 2018 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2018. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2018 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

Scott M & A Corporation 401(k) Plan

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Scott M & A Corporation 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service of at least 1,000 hours and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum allowable under the tax law of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employee deferrals for the years ended October 31, 2019 and 2018 were \$276,673 and \$262,617, respectively. The Company matches up to 30% of the employees' contributions, with a limit of 5% of employees' compensation (highest match possible 1.5%). The Company's discretionary matching contributions for the years ended October 31, 2019 and 2018 were \$61,851 and \$55,881 respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (1) the Company's contributions and (2) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after six years of service.

Note 1 - (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions to several investment options.

Loans to Participants

Participants may borrow a minimum of \$1,000 and a maximum equal to 50% of their vested account balances, not to exceed \$50,000, reduced by their highest outstanding loan balance during the preceding twelve months with a maximum of three outstanding loans. The maximum term permitted for repayment of a loan is five years except for loans used for the purchase of a principal residence, which may be repaid over a maximum of fifteen years. Loans bear interest at a rate based on similar commercial loans by a person in the business of lending money. A loan set-up charge equal to \$100 per loan will be deducted from the participant's account. A maintenance fee of \$50 will be charged annually.

Payment of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of his or her account or cash installments.

Forfeited Accounts

For the years ended October 31, 2019 and 2018 there was \$7,519 and \$4,909 of forfeited nonvested accounts, respectively.

Plan Expenses

Administrative expenses may be paid by the Plan or Company.

Note 2 - Summary of the Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of pooled separate accounts are valued at the calculated unit value based on the observable NAV of the underlying investment. Purchases and sales are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment contracts held in Guaranteed Interest Funds are valued at fair value, which represents contributions, reinvested income, less any withdrawals plus accrued interest. Fair value is adjusted to contract value on the financial statements. Interest rates approximate market rates. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Payments and Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

For the year ended October 31, 2019, the Company has evaluated subsequent events for potential recognition and disclosure through the report date, the date the financial statements were available to be issued.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 4 - Tax Status

The Plan obtained a determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is no longer subject to examination by the IRS for years before October 31, 2016.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 - Related Party and Party in Interest Transactions

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are shares of pooled separate accounts managed by Massachusetts Mutual Insurance Company. Massachusetts Mutual Insurance Company is the custodian as defined by the Plan and therefore, these transactions qualify as a party in interest transactions. Certain employees and the officer of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the plan.

Note 7 - Fair Value Measurements

Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of October 31, 2019 and 2018. As required by FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

<u>Assets at Fair Value as of October 31, 2019</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 3,906,498	\$ -	\$ 3,906,498
Group Annuity Contract	-	133,311	-	133,311
Total	<u>\$ -</u>	<u>\$ 4,039,809</u>	<u>\$ -</u>	<u>\$ 4,039,809</u>

<u>Assets at Fair Value as of October 31, 2018</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 3,757,990	\$ -	\$ 3,757,990
Group Annuity Contract	-	129,334	-	129,334
Total	<u>\$ -</u>	<u>\$ 3,887,324</u>	<u>\$ -</u>	<u>\$ 3,887,324</u>

The Company determines fair value of its investments using the market approach. The use of quoted prices for identical assets and matrix pricing or other similar techniques are examples of market approaches. Liquidation value is based on an actuarial formula as defined under the terms of the Group Annuity Contract or Group Funding Agreement. There are no unobservable inputs within this formula, therefore our determination is that this investment option meets the definition of Level 2.

Pooled Separate Accounts have unit value calculated based on the observable NAV of the underlying investment, which meets the definition of Level 2.

Note 8 - Information Prepared and Certified by Trustee

At October 2019, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on the information certified by the Trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the employee Retirement Income Security Act of 1974.

	<u>10/31/19</u>
Investments at fair value:	
Interest in Pooled Separate Accounts	\$ 3,906,498
Held in insurance company general accounts - unallocated	133,311
Investment income (loss)	369,554

Note 9 - Subsequent Event

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan is in the process of operationally being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions. Written amendments to the Plan to reflect these operation changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through the report date, the date these financial statements were issued.
