INTELLIPRO GROUP INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 – Description of Plan

The following description of the Intellipro Group Inc. ('Company') 401(k) Plan (the 'Plan') provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan sponsored and administered by Intellipro Group Inc. and was established on September 1, 2014 for the benefit of all eligible employees of the Company. Employees can enroll into the Plan upon employment starts. Generally, the Plan covers all employees of the Company except for employees who are:

- At under age of twenty-one

The Plan is subjected to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Plan trustees oversees governance of the Plan.

b. Participant Contributions

Every year participants may elect to have 1% to 90% of their compensation (as defined in the Plan) withheld and contributed to their basic account in the Plan, subject to the Internal Revenue Service ("IRS") pretax contribution limits. Participants may contribute up to \$19,000 for the year ended December 31, 2019. Participants who are age 50 and over may make an additional catch-up contribution of \$6,000.

The Plan also permits Roth 401 (k) contributions into the Plan. Participants may also make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. All contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

c. Company's Contributions

The company does not make any matching contribution to the plan.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan to the extent that not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 – Description of Plan (continued)

e. Vesting

Participants are immediately 100% vested in their accounts with respect to participant contributions (including catch-up, Roth and rollover contributions) and earnings thereon.

Vesting in the employer's discretionary contribution, portion of their accounts is based on the following schedule:

<u>Years of Employment</u>	<u>Vested Percentages</u>
Less than 3 years	0%
3 Years or More	100%

f. Forfeited Accounts

Forfeitures, if any, will be allocated to Participants in accordance with the applicable formula elected by the employer. For the year ended December 31, 2019, there are no forfeiture.

g. Investment Options

Participants can direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty-four pre-selected mutual funds. The Plan also maintains a stable value collective trust fund as investment option for the existing participants. Participants may change their investment options and allocations on a quarterly basis.

h. Notes Receivable from Participants

Participants may borrow from their fund accounts. Each participant may have up to two loans outstanding at any one time, only one of which may be a primary residence loan. Loan fees and interest due are paid by the participants. Minimum loan amount is \$500, a new loan, when added to the outstanding balance of all loans from the Plan, will be limited to 50% of participant's vested account balance to a maximum of \$50,000. However, the maximum \$50,000 amount is reduced by the excess of participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan, over the participant's current outstanding balance of loans as of the date of the new loan.

The maximum repayment period is generally not more than 5 years for a general-purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the loan will be repaid within a period not to exceed 30 years. The loan will bear interest at the prime rate plus 2%. Principal and interest is paid ratably through each pay period. All loans must be secured by not more than 50% of the participant's vested account balance.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 – Description of Plan (continued)

i. Payment of Benefits

Upon separation from service due to termination of employment, death, disability, retirement or attainment of the age of 59½, the participant may receive their entire vested portion in a lump sum. A participant generally has two options concerning the account balance when a distribution is made:

- The participant may elect to roll-over the vested account balance to another qualified retirement plan or to an individual retirement account; or
- The participant may elect to have the vested account balance paid directly to him and income taxes will be withheld accordingly.

If the value of the vested account (minus any rollover contribution account but including any outstanding loan balance) is less than \$5,000 when the participant employment is terminated, the participant will receive a distribution of the entire vested portion of the account balance and the non-vested portion will be forfeited.

The Plan allows for hardship or in-service withdrawals but is subject to the approval of the Plan administrator.

Note 2 – Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ('US GAAP') requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes thereon, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

DECEMBER 31, 2019 AND 2018

Note 2 – Summary of Significant Accounting Policies (continued)

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expense when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivables are recorded as benefit payments based on terms of the Plan document.

e. Risks and Uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

f. Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 2 – Summary of Significant Accounting Policies (continued)

g. Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

h. Date of Management's Review of Subsequent Events

The Plan management has evaluated subsequent events through July 20, 2020, the date at which the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

INTELLIPRO GROUP INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 3 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Financial assets measured at fair value on a recurring basis as of December 31, 2019 and December 31, 2018 were as follows:

Mutual fund. Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds. Valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (a diversified portfolio of U.S. and international stocks, inflation-hedging securities, U.S. bonds and cash reserves) less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. These investments are available to redeem immediately, and there are no redemption restrictions or notice periods required. There were no unfunded commitments as of December 31, 2019 and 2018.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at the fair value as of December 31, 2019 and 2018:

Note 4 – Related-Party Transactions and Party in Interest Transactions

ADP Company is the record keeper for the Plan, therefore, these transactions qualify as party-in-interest transactions. The Company pays directly for other expenses related to the Plan's operation.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 5 – Plan Termination

At the date of the report, the Company has no intention to terminate the Plan but it reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 – Income Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan was amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan administrator to evaluate tax positions taken by the plan and recognize tax liabilities if the Plan has taken an uncertain position is more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
