Shiloh Manufacturing LLC Union 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Shiloh Manufacturing LLC Union 401(k) Plan ("Plan") provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The name of the Plan was changed from Wentworth Acquisition LLC 401(k)'s plan to Shiloh Manufacturing LLC Union 401(k) Plan. The Plan year end changed from December 31 to October 31st. The Plan, established June 1, 1994, is a defined contribution plan covering substantially all union employees of Shiloh Manufacturing LLC (the "Company") which is the Plan Sponsor. The Plan is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has given Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) (the "Trustee") the trustee of the Plan, the authority to hold the assets of the Plan and to invest, contract and disburse all assets of the plan in accordance with the Plan agreement. The Plan restatement was effective November 1, 2018.

Eligibility

Employees may become participants and are eligible for matching contributions in the Plan after attaining the age 18 and completing three months of service. Eligible employees are automatically enrolled in the Plan.

Contributions

The Plan provides for an automatic election to have elective deferral contributions made to the Plan. The automatic elective deferral contribution shall be 3% of compensation. The automatic elective deferral contribution is automatically increased as soon as administratively feasible on or after each November 1st by 1% up to a maximum automatic elective deferral contribution of 10%. The participant may affirmatively elect a different percentage or elect not to make elective deferral contributions and may elect to designate all or a portion of his elective deferral contributions as Roth elective deferral contributions.

The Company will make a matching contribution equal to 100% of the elective deferral contribution up to 3% of compensation, plus 50% of the elective deferral contributions over 3% of compensation, but not over 5% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the applicable Company's contribution (if any) and (b) Plan earnings and losses (net of administrative expenses) and charged with the participant's withdrawals. The Company's contribution is allocated based on compensation as computed according to the Plan agreement. Plan earnings or losses are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Shiloh Manufacturing LLC Union 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Participants are immediately vested in Company contributions.

Notes Receivable from Participants

The Plan provides that participants can borrow funds against their employee account balance limited to the lesser of \$50,000 or 50% of their vested account balance and greater than \$1,000. Participants may only have one outstanding loan at a time. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Payment of Benefits

Generally, upon termination of service, a participant will receive his or her account balance in a lump-sum amount. However, if the participant's account balance is in excess of \$1,000, the participant may choose to receive his or her account balance in monthly installments. In addition, participants with balances in excess of \$1,000 have the option of deferring payments until the age of 70½. In the event of an employee's death, the entire account balance will be paid to the participant's named beneficiary.

Administrative and Investment Management Expenses

Administrative fees and third party administrator fees are paid by the Plan. Certain additional administrative expenses of the Plan are paid for by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension and Finance Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

Shiloh Manufacturing LLC Union 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain costs incurred in the administration of the Plan have been paid by the Company. Investment management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Subsequent Events

The Plan's management has evaluated subsequent events for recognition and disclosure through August 13, 2020, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, the Plan's investment portfolio has incurred a decline in fair value since October 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Shiloh Manufacturing LLC Union 401(k) Plan

Notes to Financial Statements

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Increase the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant’s vested account balance
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

4. Information Certified by Plan’s Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) and Fidelity Management Trust Company have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate for the years ended October 31, 2019 and for the period from January 1, 2018 through October 31, 2018:

<i>October 31,</i>	2019	2018
Collective trust funds	\$ 1,297,604	\$ 1,236,024
Mutual funds	53,697	175
Pooled separate accounts	728	122
Notes receivable from participants	84,958	80,346

	Year Ended October 31, 2019	Period from January 1, 2018 Through October 31, 2018
Interest and dividends	\$ 1,002	\$ -
Interest on notes receivable from participants	4,809	4,796
Net (depreciation) appreciation in fair value of investments	133,582	(64,987)

The Plan’s independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and gives the lowest priority to unobservable inputs (Level 3). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2019 and 2018.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - The fair values of participation units held in pooled separate accounts are based on their NAV, as reported by the managers of the pooled separate accounts as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value. Each of the pooled separate accounts invests in a single, open ended mutual fund with the exceptions of the Principal Mid Cap S&P 400 Index Separate Account, Principal Large Cap S&P 500 Index Separate Account, and the Principal Small Cap S&P 600 Index Separate Account. These pooled separate accounts invest the majority of assets in common stocks of companies that comprise the S&P 400, 500 and 600 indexes, respectively, as management seeks a very close correlation between their performance before expenses and that of those indexes. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's NAV per unit.

Shiloh Manufacturing LLC Union 401(k) Plan

Notes to Financial Statements

Collective Trust-Fund - A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fund invests in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions, with the objective of providing preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. Withdrawals from the fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the fund's trustee approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, are made one year after notification is received from the participating plan. The trustee of the fund, however, reserves the right to grant a withdrawal earlier than that mentioned above if there are sufficient cash assets to satisfy the withdrawal and it is not detrimental to the best interest of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2019 and 2018.

	As of October 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 53,697	\$ -	\$ -	\$ 53,697
Investments Measured at Net Asset Value (a)				
Collective trust funds	-	-	-	1,297,604
Pooled separate accounts	-	-	-	728
Total Investments at Net Asset Value	-	-	-	1,298,332
Total Plan Investments	\$ 53,697	\$ -	\$ -	\$ 1,352,029

Shiloh Manufacturing LLC Union 401(k) Plan

Notes to Financial Statements

	As of October 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 175	\$ -	\$ -	\$ 175
Investments Measured at Net Asset Value (a)				
Collective trust funds	-	-	-	1,236,024

Total Investments at Net Asset Value	-	-	-	1,236,146
Total Plan Investments	\$ -	\$ -	\$ -	\$ 1,236,321

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts represented in this table are intended to permit reconciliation of the fair value to the amounts presented in the Statements of Net Assets Available for Benefits.

6. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain mutual fund investments are managed by Principal Life Insurance Company, an affiliate of the Plan trustee, and a collective trust fund is managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants held by the Plan are also considered party-in-interest transactions. Fees for the administration of the Plan were paid for by the Plan. Investment management fees are paid for by the Plan to investment managers who qualify as parties-in-interest. These investment management fees are reflected in the financial statements as a reduction of the return on the Plan's investments.

7. Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain Plan investments it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits.

8. Tax Status

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype plan agreement adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype plan agreement, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Shiloh Manufacturing LLC Union 401(k) Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.
