GREENWICH EDUCATION GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Greenwich Education Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Greenwich Education Group, LLC (the Company). Employees are eligible to participate on the first day of the month following one month of service and after reaching age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan, as pre-tax or Roth 401(k) contributions, subject to certain limitations as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation, and their contributions are invested in a designated fund until changed by the participant.

The Plan provides a matching contribution to all employees who have completed one year of vesting service with the Company and are employed on the last day of the Plan year. The matching contribution is equal to 25% of each participant's elective deferral contribution, subject to a maximum of 3% of the participants eligible compensation. In addition, the Company may elect to make discretionary profit sharing contributions and qualified matching contributions at the discretion of the Company. There were no discretionary profit sharing or qualified matching contributions for the year ended October 31, 2019. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held by Ascensus Trust Company (Ascensus). These funds include a variety of investment options with various objectives and degrees of financial risk.

GREENWICH EDUCATION GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their pre-tax and Roth deferrals and rollover contributions, including the earnings on those amounts. Vesting in the Company contribution portion of their accounts is based on years of continuous service. Participants are fully vested in employer contributions upon the completion of one year of service. Participants are also fully vested upon reaching early retirement age, death or total disability.

Notes Receivable from Participants

Effective February 2019, the Plan was amended and restated to allow for participant loans. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to ten years. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus one percent. There were no outstanding notes receivable balances at October 31, 2019. Participants may only have one loan outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum, based upon election of the participant, as defined in the Plan or the Code. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, the plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the normal retirement age. Upon financial hardship, a participant is entitled to the value of his or her vested account, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

Forfeitures of employer contributions are used to reduce the Company's future contributions. Forfeited nonvested matching accounts totaled \$1,058 and \$222 at October 31, 2019 and 2018, respectively. For the year ended October 31, 2019, there were no forfeited nonvested accounts used to reduce Company contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

GREENWICH EDUCATION GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. No allowance for credit losses has been recorded as of October 31, 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through August 17, 2020, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedule as of October 31, 2019 and 2018, and for the year ended October 31, 2019 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Ascensus, the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GREENWICH EDUCATION GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value:

Money Market and Mutual Funds

Money market and mutual funds are valued using Level 1 inputs, which consist of the quoted price of shares held by the Plan at year end.

There have been no changes in the methodologies used at October 31, 2019 and 2018.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between levels of investments during the years ended October 31, 2019 and 2018.

GREENWICH EDUCATION GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by affiliates of Ascensus. Ascensus serves as the trustee and recordkeeper of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Investment and administrative expenses paid by the Plan to Ascensus or its affiliates totaled \$11,261 for the year ended October 31, 2019. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a nonstandardized prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at October 31, 2019 and 2018:

NOTE 9 - SUBSEQUENT EVENTS

Effective January 1, 2020, the Plan was amended and restated to change the Plan's year end to December 31st. The restatement also removed the one-year vesting service requirement for receiving matching contributions. All other Plan provisions under the new adoption agreement remain substantially the same.

As part of the Cares Act passed by the United States Government in response to the COVID-19 outbreak, the Plan was modified with respect to participants who are affected by the Coronavirus pandemic. The modification increased the maximum loan limitations to 100% of the participant's vested account balance or \$100,000, if the participant applies for a loan on or before September 23, 2020. The modification also allows for affected participants to become eligible to receive a distribution from their vested account balance up to \$100,000, if the participant applies for a distribution on or before December 31, 2020. Such distributions are allowed to be paid back within three years and are treated as rollover contributions. In addition, the 10% penalty tax on premature distributions will not apply to these distributions. Although, the Plan has not yet been formally amended with respect to these modifications, the Plan is allowing participants to utilize these provisions while the Plan amendments are being finalized.
