**THE OHIO AUTO CLUB EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF THE PLAN

The following description of The Ohio Auto Club Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of The Ohio Auto Club (the "Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute the maximum amount allowed by law of their pretax annual compensation, as defined by the Plan. The maximum salary deferral permitted by the Internal Revenue Code (the "IRC") was \$19,000 and \$18,500 for 2019 and 2018, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants that attain age 50 before the end of the year, may make additional "Catch-Up Contributions" to the Plan up to the annual dollar limit per IRS Code.

The Company provides a matching contribution at a level established annually by the Company. For 2019 the first pay the Company matched 100% of the first 4% of base compensation, then for the remainder of 2019 the Company matched 50% of the first 4% of base compensation that a participant contributed to the plan and in 2018, the Company matched 100% of the first 4% of base compensation that a participant contributed to the plan. For both years the Company also had a Safe-Harbor contribution of 4% to all eligible employees.

Participant Accounts

Each participant's account is credited with the participant's salary deferral and allocation of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their account is based upon years of continuous service. A participant is 100% vested after two years of continuous service for years prior to January 1, 2019. Starting January 1, 2019, participants hired after that date will vest in the Company's match and discretionary contribution as follows: 20% after one year of service, 40% after two years of service, 60% after three years of service, 80% after four years of service, and 100% after five years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching and discretionary contributions in any increment in any of the following options:

American Beacon Small Cap Value R6	PNC Investment Contract Fund
American Beacon Large Cap Value R6	Baron Small Cap Fund
American Century Aggressive Fund	Vanguard Mid Cap Index

NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF THE PLAN – CONTINUED

Participant Notes Receivable

Participants may borrow from their fund accounts. The Company has the sole right to approve or disapprove a participant's application for a loan, provided that loans are made available to all participants on a reasonably equivalent basis. No loan shall exceed the lesser of \$50,000 or one-half of the fair value of a participant's vested account balance. If the participant's vested account balance is \$20,000 or less, the maximum loan shall not exceed the lesser of \$10,000 or 100% of the participant's vested account balance. Any loan shall bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan. The term of such loan shall not exceed sixty months, unless the loan is to be used by the participant to purchase the participant's principal residence. The term for such loans shall be determined by the Company considering the maturity dates quoted by representative commercial banks in the local area for similar loans. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$1,813 and \$5,422, respectively. Forfeitures are used to offset administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis.

Valuation of Investments

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The common/collective trust investment is valued at contract value on the financial statements. The annuity contract is based on the fair value of the underlying securities of the contract less service fees. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment adviser, custodians, and insurance company. See Note 7 for discussion of fair value measurements.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Administrative Expenses

Administrative expenses charged to the Plan are primarily borne by the Company and calculated on a quarterly basis using 6.75 basis points on the total plan assets. Minor expenses were paid by the Plan in 2019 and 2018.

**THE OHIO AUTO CLUB EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

2. SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

4. INCOME TAX STATUS

The Plan is designed to constitute a qualified trust under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal income taxes under Section 501(a) of the IRC.

The Plan obtained its latest determination letter February 26, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. A letter regarding the form of the Plan being acceptable, as obtained from the IRS for the prototype plan on which the Plan is based, was dated September 21, 2017.

Accounting principles generally accepted in the United States of America require plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

5. TRUSTEE CERTIFICATION

PNC Bank, the trustee of the Plan, has certified with respect to the investment assets, transactions and income, that the information provided is a complete and accurate accounting of the financial condition of the Plan. This information was not audited for these financial statements, as allowed by D.O.L. Reg. 2520.103-8.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**THE OHIO AUTO CLUB EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

6. FAIR VALUE MEASUREMENTS – CONTINUED

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values (NAV) and to transact at that price.

Group Annuity Contract– Carrying amounts are the accumulated units and accumulated unit value at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019

Instrument	Fair Value	Principal Vauation Technique	Unobservable Inputs
Group annuity contract	\$ 3,120,529	Value of previous valuation period multiplied by a net investment factor	Net Investment Facto

The net investment factor is used to measure the investment performance. The net investment factor for any Valuation Period is determined by (a) divided by (b), minus (c), where:

- (a) Is the value of the assets at the end of the preceding Valuation Period; plus the investment income and capital gains, realized or unrealized, credited to those assets at the end of the Valuation Period for which the net investment factor is being determined; minus the capital losses, realized or unrealized, charged against those assets during the Valuation Period; minus any amount charged against the account for taxes. This includes any amount set aside during the Valuation Period as a provision for taxes attributable to the operation or maintenance of the contract;
- (b) Is the value of the assets at the end of the preceding Valuation Period; and
- (c) Is a daily factor for the Valuation Period representing the asset charge deducted from the Subaccount adjusted for the number of days in the Valuation Period. The rates for this charge are shown in the contract.

7. FULLY BENEFIT-RESPONSIVE CONTRACT

The PNC Investment Contract Fund (the “Fund”) is a common trust fund administered by PNC Bank N.A. for its customers in conformity with the rules and regulations of the Office of the Comptroller of the Currency as they apply to collective investments of fiduciary funds held by national banks and in compliance with the Employee.

Retirement Income Security Act of 1974. The Fund’s investors consist solely of defined contribution plans. The investment objectives of the Fund are to maximize current income, while maintaining principal and to provide for withdrawals of certain participant-initiated transactions under a plan without penalty or adjustment.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsible investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PNC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The Fund invests primarily in Synthetic Guaranteed Investment Contracts insured by wrap contract agreements. The Fund also invests in a money market account.

Contract units are redeemed daily based on the net asset value of the Fund which is determined daily. Unit holders have agreed to the payment of redemption over a period of up to twelve months under certain circumstances. Net investment income is reinvested.

Total return for the Fund is the actual rate of investment income credited to a unit holder for the year which amounted to 2.45% and 1.93% for the years ended December 31, 2019 and 2018, respectively.

8. PARTY IN INTEREST TRANSACTION

The PNC Investment Contract Fund is administered by PNC Bank N.A, which is also the trustee of the Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS**

10. SUBSEQUENT EVENTS

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted in the risk and uncertainties note, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent to December 31, 2019, the impact to the Plan of the COVID -19 pandemic during 2020 has resulted in significant reductions in values to many investments of the Plan. It has also significantly decreased interest rates. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

The Plan management has performed subsequent events procedures through August 7, 2020, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements or disclosures as stated herein except the one mentioned above.
