Community Hospitals and Wellness Centers 403(b) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 - Plan Description

The following description of Community Hospitals and Wellness Centers 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Community Hospitals and Wellness Centers (the "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to make employee deferral contributions into the Plan upon becoming employed by the Hospital.

Contributions

The Plan provides for employee salary 403(b) contributions up to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Hospital may make discretionary contributions to employees participating in the Plan who are employed by the Hospital as of the Plan's year end and who have met the eligibility requirements. During 2019, the Hospital made an annual contribution to the Plan of 4 percent of eligible participants' W-2 wages, as approved by the Hospital's board of directors. As amended on January 1, 2016, employees who have completed at least one year of service as of the end of the plan year are eligible to receive employer discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Hospital's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover, and employer discretionary contributions and any income or loss thereon.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Voya Retirement Insurance and Annuity Company (Voya), American Funds, Franklin Templeton Investments, Jackson National Life Insurance Company, Lincoln National Life Insurance Company, Security Benefit, and Nationwide Life Insurance Company or their affiliates. Voya, American Funds, Franklin Templeton Investments, Jackson National Life Insurance Company, Lincoln National Life Insurance Company, Security Benefit, and Nationwide Life Insurance Company are the custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

December 31, 2019 and 2018

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except as noted below. The Voya Fixed Account and Voya Fixed Plus Account are group annuity contracts with Voya that invest in the general assets of Voya. Voya considers these contracts to be fully benefit responsive and valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 4 for additional information.

The remaining group annuity contracts are not considered benefit responsive and are valued at fair value. Since there are no specific securities in the issuers' general account related to these contracts and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. See Note 6 for additional information.

All other investments are valued based on quoted prices reported in active markets.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Hospital on behalf of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 30, 2020, which is the date the financial statements were available to be issued.

Community Hospitals and Wellness Centers 403(b) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 3 - Unaudited Information

The following are the Plan's investments at December 31, 2019 and 2018 included in the accompanying financial statements and supplemental schedule of assets held at end of year, which are based solely on information certified by Voya:

	2019	2018
Pooled separate accounts	\$ 7,969,546	\$ 6,074,030
Group annuity contracts	11,145,773	10,627,273
Total	<u>\$ 19,115,319</u>	<u>\$ 16,701,303</u>

Additionally, interest and dividends of \$439,631 and net realized and unrealized gains on investments of \$1,559,071 during 2019 included in the accompanying financial statements are based solely on information certified by Voya.

The remaining investment balances as of December 31, 2019 and 2018 and related activity for the year ended December 31, 2019 have not been certified by Voya or any other custodian.

Note 4 - Group Annuity Contracts

The Plan has benefit-responsive group annuity contracts with Voya. Voya maintains the contributions in a general account, which is invested in the general assets of the insurance company. The account is credited with earnings charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer but may not be less than 4.00 and 3.00 percent for the Voya Fixed and Voya Fixed Plus accounts, respectively. Such interest rates are reviewed on the contract year anniversary date.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Community Hospitals and Wellness Centers 403(b) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 6 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2019

- (2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stocks, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2019.
