CABLECRAFT MOTION CONTROLS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of Cablecraft Motion Controls 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2011, as a defined contribution retirement savings plan covering all eligible employees of Cablecraft Motion Controls, LLC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer may elect to make discretionary matching and profit-sharing contributions to the Plan. In 2019, the Employer made matching contributions equal to 50% of the first 6% of compensation that each participant contributed to the Plan. No Employer profit-sharing contributions were made to the Plan in 2019.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 20% vested after one year of service, increasing by 20% per additional year, with full vesting after five years of credited service.

At December 31, 2019 and 2018, forfeited nonvested accounts of terminated participants totaled \$5,170 and \$9,829, respectively. These accounts will be used to pay Plan expenses. In 2019, forfeited nonvested accounts of \$3,653 were used to pay Plan expenses.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisor and insurer. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan has adopted a volume submitter plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the volume submitter plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through July 30, 2020, the date the financial statements were available to be issued. See Note 8.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodology used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2019 and 2018.

Pooled Separate Accounts: Valued at the unit price reported by the sponsoring insurance company. The underlying investments owned can include money market funds, stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other pooled separate accounts, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of the underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no significant redemption restrictions on these investments.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018:

2019	Level 2	Total
Pooled separate accounts	<u>\$5,758,897</u>	<u>\$5,758,897</u>
Total Investments at Fair Value	<u>\$5,758,897</u>	<u>\$5,758,897</u>
2018		
Pooled separate accounts	<u>\$4,667,517</u>	<u>\$4,667,517</u>
Total Investments at Fair Value	<u>\$4,667,517</u>	<u>\$4,667,517</u>

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED INFORMATION)

All Plan information related to investments held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the Plan's insurer in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan's investments are managed by John Hancock Life Insurance Company (U.S.A.), the insurer of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Insurer and the Plan's third-party administrator also receive indirect fees from investments which are deducted from investment returns.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

NOTE 6 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be segregated from the Employer's general assets. While the Employer remitted all participant contributions to the Plan, contributions totaling \$612 were not remitted within the required time period for the year ended December 31, 2019 as reported on the attached Schedule of Delinquent Participant Contributions. The Employer corrected the delinquent contributions, including remitting the lost earnings related to the delinquent contributions to the Plan in 2020.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 - SUBSEQUENT EVENT

The outbreak of a novel coronavirus (COVID-19), which the World Health Organization declared in March 2020 to be a pandemic, continues to spread throughout the United States of America and around the world. Many state governors issued temporary executive orders that, among other stipulations, effectively prohibit in-person work activities for most industries and businesses, having the effect of suspending or severely curtailing operations. The extent of the ultimate impact of the pandemic on the Employer's operational and financial performance, which may impact the Plan, will depend on various developments, including the duration and spread of the outbreak and related treatments, all of which cannot be reasonably predicted at this time.

While management reasonably expects the COVID-19 outbreak may impact the Employer's financial condition, the related financial consequences and duration are highly uncertain as to how it will affect the Plan's operation. The outbreak has also adversely affected global market activity and caused increased volatility and uncertainty in financial markets. Because the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.
