NOTES TO FINANCIAL STATEMENTS

December 31, 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the R.F. MACDONALD COMPANY 401(k) RETIREMENT SAVINGS PLAN (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1992 to provide retirement benefits for employees of R.F. MACDONALD COMPANY (the "Company" or "Sponsor"). The Plan is a defined contribution plan covering all eligible employees. Participants may enter the Plan on the first day of the plan year quarter coinciding with or next following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and certain provisions of the Internal Revenue Code ("IRC").

The Company's owners and the Chief Financial Officer (the "Company's Management") are responsible for oversight of the Plan. The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Change in Custodians – The plan sponsor entered into a Trust Agreement with Newport Trust Company in October 2018, and substantially all of the Plan's investment assets were transferred from Charles Schwab Bank to Newport Trust Company on October 29, 2018. The investment assets remaining with Charles Schwab Bank were transferred to Newport Trust Company in January 2019.

Participant Contributions – The Plan maintains an account for each participant. Participants may voluntarily contribute up to 100% of their annual compensation, on a pre-tax basis or post-tax basis ("ROTH"), subject to an annual limitation. For the year ended December 31, 2019, the annual limitation was $19,000. Participants who reached at least 50 years of age by the end of the Plan year are permitted to make additional catch-up contributions limited to $6,000 for the year ended December 31, 2019. Participants are also allowed to roll over contributions from other qualified retirement plans, subject to approval by the Plan administrator.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary matching contributions determined annually based on a percentage of the participant's pretax contributions. For the year ended December 31, 2019, the Company contributed an amount equal to 50% of employee contributions up to 6% of compensation. In addition, the Company may also make discretionary profit sharing contributions. These contributions made by the Company are allocated based on the participants' compensation. For the year ended December 31, 2019, the Company made no discretionary profit sharing contribution. Participants must have completed one year of service with at least 1,000 hours and be employed at the end of the year to be eligible for employer contributions.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and the Plan's investment earnings and losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is equivalent to the participant's vested account balance.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions, if any, plus actual earnings thereon is based on the number of years of credited service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants – Effective June 15, 2012, the Plan was amended to eliminate the ability of participants to take out participant loans. All existing loans will be paid off according to their original amortization schedules. Principal and interest are paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum distribution or a direct rollover distribution into a qualified plan. At the time of retirement or termination of employment, if a participant's balance is in excess of $5,000, the participant may delay the receipt of distributions. If a terminated participant's account balance is between $1,000 and $5,000 and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account plan as designated by the Plan administrator for the benefit of the participant. If a terminated participant's account balance is less than $1,000, the amount will be distributed directly to the participant as a lump-sum payment. In-service distributions upon attainment of age 59 ½ and hardship distributions, as defined in the Plan, are also permitted.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied to reduce employer contributions. Forfeited non-vested accounts amounted to $38,493 and $28,233 at December 31, 2019 and 2018, respectively. During the year ended December 31, 2019, $28,233 of forfeitures were used to reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued) – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reported as distributions of benefit payments based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid. Effective January 1, 2019, the Plan was amended to eliminate the 6-month contribution suspension period after taking a hardship distribution.

Expenses – The Plan permits the payment of Plan expenses from the Plan's assets, proportionately allocated from the accounts of all participants in the Plan. Such expenses include fees paid to the custodian, recordkeeper and third-party administrator. Further, certain expenses specifically incurred by and attributable to a participant will be paid out of the related participant's account. Any expenses not paid by the Plan will be paid by the Company and are excluded from these financial statements. Investment management related expenses are included in net appreciation of the fair value of investments.

Concentrations – As of December 31, 2019 and 2018, four investments accounted for approximately 46% and 54%, respectively, of total investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Interest-Bearing Cash: Valued at fair value based on quoted balance by Charles Schwab Bank.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-Traded Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Fund: Valued at the NAV of the units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require five business days' notification in order to ensure that securities liquidations will be carried out in an ordinary business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodian of the Plan have certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits as of December 31, 2019 and 2018, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN (Continued)

Newport Trust Company held all of the Plan's investments as of December 31, 2019 and certain of the Plan's investments as of December 31, 2018 and executed investment transactions for the year ended December 31, 2019. Charles Schwab Bank held certain of the Plan's investments as of December 31, 2018.

NOTE 5 – PLAN TERMINATION

The Company established the Plan with the expressed intention for it to continue indefinitely. However, the Company also reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited will be 100% vested, if not already 100% vested. Distributions will then be made as soon as practical in a manner permitted by the Plan.

NOTE 6 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service ("IRS") was received on March 31, 2014, regarding the qualified status of the volume submitter plan on which the terms of the Plan and the related trust are based. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is intended to be designed and is currently being operated in substantial compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – SUBSEQUENT EVENTS

Effective January 1, 2020, the Plan was amended so that once an employee satisfies the eligibility requirements and if he or she does not make a deferral election, the participant will be automatically enrolled and 4% of eligible compensation will be withheld and contributed to the Plan. Each eligible employee's automatic deferral rate will increase by 2% beginning with the first pay period of each subsequent year up to a maximum of 12%.

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

The Plan administrator has evaluated subsequent events through August `14, 2020, the date the financial statements were available to be issued.
