1. Plan Description (continued)

In order to satisfy the nondiscrimination requirements of Section 401(k) of the Internal Revenue Code of 1986 (the Code), contributions are limited to the extent necessary so that the actual deferral percentage for the highly compensated group is in compliance with the limitations, as defined, by the Code. In addition, pre-tax contributions and Roth after-tax contributions were limited to a maximum of \$19,000 and \$18,500 for 2019 and 2018, plus a “catch-up” contribution up to 10% of annual compensation, as defined, up to a maximum of \$6,000 for 2019 and 2018 for participants who have attained the age of 50 as of December 31 in such calendar year. Furthermore, in order to satisfy the rules of Section 415 of the Code, in no event shall the annual additions, as defined, exceed the lesser of \$56,000 and \$55,000 for 2019 and 2018, respectively, or 100% of a participant’s compensation, as defined.

Voluntary Contributions

Participants may elect to make voluntary after-tax contributions to the Plan, which shall not exceed 10% of their compensation, as defined, for the Plan year.

Employer Contributions

In accordance with the Plan, the Company makes matching contributions for each participant equal to 66-2/3% of each participant’s pre-tax and/or Roth after-tax contributions but not in excess of 4% of the participant’s eligible earnings for the Plan year, as defined. Additionally, for each Plan year, the employer contributes a non-matching contribution equal to 3% of each participant’s eligible earnings, as defined.

Eligibility

Generally, salaried and hourly employees who are not covered by a collective bargaining agreement are eligible to participate in the Plan immediately upon employment.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer’s contribution portion of the accounts of certain employees of the Company who are transferees in from other plans is based on years of continuous service, as defined. All other employees of the Company are vested immediately in the employer’s contributions. For 2019

and 2018, forfeitures used to reduce employer matching and basic contributions were \$123,384 and \$151,586, respectively. As of December 31, 2019 and 2018, forfeitures available to be used to reduce future employer matching and basic contributions or to pay reasonable expenses of Plan administration were \$ 167,499 and \$1,394, respectively.

Participant Accounts

Each participant's account reflects the participant's contributions, employer's contributions, Plan earnings, and administrative expenses. Earnings are allocated based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers

Participants may elect to roll over amounts from other qualified plans or individual retirement accounts into this Plan upon submitting a Rollover Contribution form to Vanguard Fiduciary Trust Company (the Trustee or Vanguard).

Transfers From Other Qualified Plans

Participants may elect to transfer amounts from other qualified plans into the Plan as follows:

- (a) Participants who have an interest in another qualified employee benefit plan (as described in Section 401(a) of the Code) may transfer the lump-sum value of their accrued benefits directly into the Plan.
- (b) Participants may contribute amounts which were received from a qualified employee benefit plan in which they previously participated and which are permitted to be contributed to the Plan in accordance with the Code.

Transfers from the Siplast Inc. 401(k) Salary Reduction Plan (the Siplast 401(k) Plan) recorded in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, represents participant balances transferred to the Plan from the Siplast 401(k) Plan result of the merger of the Siplast 401(k) Plan into the Plan effective October 1, 2019. All participants from the Siplast 401(k) Plan whose balances transferred into the Plan were fully vested as of that date. There were no such transfers for the year ended December 31, 2018.

1. Plan Description (continued)

Payment of Benefits

Participants may withdraw funds from their vested account in the event of retirement, death, termination, or hardship withdrawal, as defined. In addition, upon attainment of 59½ years of age, participants may withdraw all or any portion of their remaining participant account balance in the Plan. Upon termination of employment or death of a participant, the vested account balance will be distributed to a participant or beneficiary either in the form of a lump-sum payment, rollover, or periodic installments. If the value of a participant's vested account balance exceeds \$5,000, the participant or beneficiary may elect to defer distribution in accordance with Plan provisions.

Hardship Withdrawals

The Plan allows a participant who has not attained the age of 59½ the ability to withdraw all or part of their vested participant account, except that portion which represents earnings on elective contributions, but only upon determination by the plan administrator that the participant has suffered an immediate and heavy financial need, as defined in the Plan. Such withdrawal shall not exceed the amount necessary to meet the immediate and heavy financial need.

Notes Receivable from Participants (Participant Loans)

The Plan allows participants to borrow against their aggregate balance outstanding in the Plan. Total loans to a participant cannot exceed the lesser of 50% of the participant's account balance based upon the most recent valuation up to a maximum amount of \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months). The minimum amount of any loan granted to a participant shall be at least \$1,000, and the interest rate for each loan is based on prevailing market rates at the time the loan is approved. Loans are required to be repaid within five years, unless used to purchase or acquire a qualified dwelling. Loans are offset against the participant's account and the related portion does not share in any income, expenses, gains, or losses (other than the interest on the loan) which are realized by the Plan. The entire unpaid principal amount of the loan will become immediately due either upon the participant's termination of employment or a default in payment of either principal or interest. In the event of a default in payment, if the outstanding loan balance is not paid in full, it is treated as a deemed distribution, which the participant is required to pay taxes and penalties.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue or terminate the Plan at any time subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will become 100% vested. The net assets of the Plan would then be distributed to the participants in lump-sum form.

2. Summary of Significant Accounting Policies

Following is a summary of the significant accounting policies of the Plan:

Basis of Accounting

Accounting records of the Plan are maintained on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the GAF Materials Corporation Capital Accumulation Plan's Master Trust (the Master Trust) (see Note 3) is based on the beginning of year value of the Plan's interest in the trust plus contributions and investment income or loss less distributions and administrative expenses.

The Master Trust's investments in money market, common stocks, bonds and commingled funds are stated at fair value. Quoted market prices are used to value such investments. Securities transactions are recorded on the trade date (the day the order to buy or sell is executed).

The Master Trust holds assets in the Vanguard Retirement Savings Trust III (the Trust), which is a guaranteed investment trust that holds investment contracts issued by high-quality insurance companies and banks as rated by Vanguard. The Trust is valued using net asset value (NAV) of the units held at year end as the practical expedient.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales transactions are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Capital gains and losses are included in dividend income.

Fair Value Measurements

The accounting guidance on fair value measurements and disclosures establishes a valuation hierarchy that prioritizes the inputs used to measure fair value based on three defined levels or criteria. The hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the reporting entity's market assumptions. The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 – Quoted prices for identical instruments in active markets;
- Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and
- Level 3 – Instruments whose significant inputs are unobservable and for which estimates of fair value are determined using related market data.

The following is a description of the valuation methodology used for the assets measured at fair value at December 31, 2019 and 2018:

Common Stocks, Bonds and Commingled Funds: Valued at the closing price reported on the active market.

Money Market Fund: Valued at quoted NAV of shares held by the Plan at year-end reported on the active market.

Guaranteed Investment Trust: Valued at the NAV of units held by the Master Trust at year end, which is based on the value of the underlying securities.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2019, the Plan held no investments classified as Level 2 or Level 3. The following table provides the fair value hierarchy of the Master Trust investments as of December 31, 2019:

	<u>Level 1</u>
Common stock funds.....	\$ 297,614,964
Money market funds.....	133,718
Bond funds	56,624,419

Total investments in the fair value hierarchy	623,260,409
Guaranteed investment trust, at NAV ^(a)	66,474,167
Total investments	<u>\$ 689,734,576</u>

As of December 31, 2018, the Plan held no investments classified as Level 2 or Level 3. The following table provides the fair value hierarchy of the Master Trust investments as of December 31, 2018:

	<u>Level 1</u>
Common stock funds.....	\$ 223,882,172
Money market funds.....	5,955
Bond funds	44,614,261

Total investments	<u>\$ 523,446,803</u>

^(a)This category represents investments in the Trust. Investments in the Trust can be transferred out into a stock fund, a balanced fund, or a bond fund with an average duration of more than four years as often as the Plan allows. The funds must remain in such investments for 90 days before they can be transferred into a shorter-term bond or money

market fund. Funds can always be transferred back into the Trust, even if they were transferred out within the last 90 days. If the Plan were to eliminate this fund as an investment option, Vanguard can, at its option, require that the Plan's investment in the fund remain invested for a one year period as long as the Plan's portfolio manager and the Plan participants are notified. These assets are measured at fair value using the NAV per share as the practical expedient and not classified within the fair value hierarchy.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated September 27, 2016, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator indicated that they will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code, if necessary.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Administrative Expenses

Expenses attributable to the management and investment of each investment fund shall be charged against the respective fund. As provided by the Plan, administrative expenses are paid by either the Plan or the Company. In 2019 and 2018, as provided by the Plan, administrative expenses were paid by the Plan and the Company. Expenses paid directly by the Company are not included in the Statement of Changes in Net Assets Available for Benefits of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable From Participants (Participant Loans)

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued and unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

New Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. ASU 2017-06 requires a plan to present its interest in a master trust and the change in that interest in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. It also requires a plan to disclose the master trust's investments and other assets and liabilities, as well as the dollar amount of its interest in these balances. ASU 2017-06 is effective for entities for fiscal years beginning after December 15, 2018, with retrospective application to all periods presented. The Plan has adopted this guidance and the financial statements disclosures have been revised to reflect these changes.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. Management is currently determining the effect on the Plan of adopting ASU 2018-09. ASU 2018-09 is effective for entities for fiscal years beginning after December 15, 2019.

3. Investments

The Master Trust includes the investment assets of the Plan and the GAF, LLC Union Capital Accumulation Plan. The investment balances of each individual plan in the Master Trust are directly reflective of the participants' individual account balances.

4. Information Certified by the Trustee

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's share of investments in the Master Trust disclosed in the accompanying financial statements, notes receivable from participants, the Plan's interest in the investment (loss) income of the Master Trust, and interest income on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, previously defined as the Trustee of the Plan.

5. Parties-In-Interest Transactions

Certain Plan investments are managed by the Trustee and are considered parties-in-interest. All investment transactions with such parties-in-interest qualify as party-in-interest transactions and are exempt from the prohibited transactions rules. Fees incurred by the Plan for the investment management services include administrative services.

6. Subsequent Events

The Company evaluated subsequent events for the Plan through August 7, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The COVID-19 outbreak in the United States has resulted in government mandated closures of nonessential businesses, directives aimed at restricting movement for residents of many states, and related financial market disruptions. The Plan administrator is unable to quantify the potential effects of the pandemic on the financial status of the Plan.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. Plan management is currently evaluating the provisions of the CARES Act and the impact it may have on the Plan.
