A - DESCRIPTION OF PLAN

The following description of the C4 Pizza, LLC 401(k) Plan (formerly G4 Management LTD 401(k) Plan) (the "plan") is provided for general information purposes only. The plan Sponsor is C4 Pizza, LLC. Participants should refer to the Summary Plan Description (SPD) for additional information.

General

The plan was adopted effective August 1, 2002 and amended to conform to Federal regulations and is a qualified defined contribution plan covering all eligible employees of C4 Pizza, LLC who have completed one year of service and are 18 years of age or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Loren D. Stark Company acts as the record keeper, third party administrator and Massachusetts Mutual Life Insurance Company (MassMutual) is the custodian of the plan. The custodian of the plan has been designated to hold the assets of the plan for the benefit of plan participants and their beneficiaries in accordance with the terms of this plan. The Trust Fund established by the plan's custodian will be the funding medium used for the accumulation of assets from which plan benefits will be distributed.

Allocations

Assets of the plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participants account and any earnings thereon.

Contributions

In order to allow participants the opportunity to increase their retirement income, each participant may, in accordance with nondiscriminatory procedures established by the administrator, elect to make employee voluntary contributions to the plan. Such contributions must generally be paid to the custodian within a reasonable period of time after being received by the employer. Employee elective deferrals may be pre-tax 401(k) elective deferral or after-tax Roth contributions.

The Company contributes a safe harbor matching contribution in an amount equal to 100% of the matched participants contributions that are not in excess of 3% of their compensation, plus 50% of the amount of the matched employee contributions that exceed 3% of the participant's compensation but that do not exceed 5% of their compensation.

In addition, each year, the company may make a discretionary profit sharing contribution.

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the plan. Such amounts, if incurred, are recorded as a liability in the year in which they are initially contributed to the plan. In addition, they are netted against contributions received in the statement of changes in net assets available for benefits. There were no corrective distributions recorded for 2019.

A - DESCRIPTION OF PLAN (Continued)

Participant rollovers
Participants are allowed to transfer or rollover funds into the plan from other qualified plans.

Vesting
Participants are immediately vested in their contributions, the employer's safe harbor contributions plus actual earnings thereon. Vesting in the employer's non-safe harbor discretionary contributions begins with 20% after one year of service increasing 20% each year until fully vested after five years of service. A participant will be fully vested in all of their accounts under the plan (including those accounts attributable to the adopting employer's contributions) upon reaching the plan's normal retirement age (age 65), their disability or death.

Payment of benefits
Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, participants with account balances of $200 or less, will be distributed as a lump-sum payment. A terminated participant may receive a distribution of their account at any point.

A participant may receive a hardship distribution of his or her salary reduction contributions if the distribution is (1) on account of medical expenses incurred by the participant, their spouse or dependents, (2) to purchase (excluding mortgage payments) a principal residence of the participant, (3) for the payment of tuition, related educational fees and room and board for the next twelve months of post-secondary education for the participant, their spouse, children or dependents, (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence, (5) payments for burial or funeral expenses of your deceased parent, spouse, children or other dependents, or (6) expenses for the repair of damage to your principal residence that would qualify for the casualty deduction under the Internal Revenue Code.

Forfeitures
The Employer may use forfeitures first to pay plan expenses then they may be used to reduce amounts otherwise required to be contributed to the plan. During 2019, there were $28 of forfeitures. As of December 31, 2019, there were no unallocated forfeitures.

Participant accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

A - DESCRIPTION OF PLAN (Continued)

Investment options

The plan allows a participant to direct the investment of the entire balance of their participant account. If a participant does not elect to direct the investment of their account, then the account will be invested in accordance with the default investment alternatives established under the plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time, and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Because the plan is a defined contribution plan, it is not covered by Pension Benefit Guaranty Coverage insurance.

Notes receivable from participants

Participant loans are permitted under the plan. A participant may borrow the lesser of fifty percent of the present value of their vested interest in the plan (less any outstanding loans) or $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The minimum amount of any loan is $ 1,000. All loans are considered directed investment of the participant's account and all payments of principal and interest will be credited to their account. Loan terms may not exceed 59 months. The participant's loan is collateralized by the balance in the participant's account and bears interest at the prevailing prime interest rate as published at the time of the loan. Each loan will be amortized with level payments of principal and interest paid at least quarterly.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the plan's significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the plan's management, who is responsible for their integrity and objectivity.

Basis of presentation and use of estimates

The plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accrual basis of accounting requires the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis when received. Related fees are charged directly to the borrowing participant's account when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Administrative expenses

The plan pays substantially all administrative fees and expense related to maintaining the plan. Contract administrative fees of $918 were charged to the plan in 2019. The Sponsor may pay other overhead and administrative costs. Indirect fees from investments are paid by the plan and are reductions to the earnings of the investments.

Fair value measurements

The framework for measuring fair value is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3

Fair values are based on at least one significant unobservable input for the asset.

As of December 31, 2019 and 2018, the plan did not own any investments which were required to be measured at fair value. Consequently, the tabular presentation of the fair value hierarchy of investments (required by GAAP) which would normally appear in these types of financial statements has been excluded. The carrying value of notes receivable from participants approximate their fair values at December 31, 2019 and 2018, respectively.

For the year ended December 31. 2019 the plan had net realized/unrealized gain (loss) from investments of $481,627.

C - INVESTMENTS

Pooled separate accounts

Pooled separate accounts (PSAs), by definition, are investment vehicles established and maintained by an insurance company. PSAs may only be accessed through the purchase of an insurance contract such as a group annuity. A pooled separate account is not a separate legal entity; it is part of the insurance company that established it. They are regulated by state insurance laws and are subject to review by state examiners on a regular basis. Pooled separate accounts are valued using the net asset value method, with no liquidity restrictions.

Group annuity contract

The fixed account and the MassMutual Lifetime Income Investment Option are MassMutual guaranteed investment contracts that are fully benefit-responsive investment contract. MassMutual maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value.

D - TAX STATUS

The plan adopted and uses the prototype plan of Loren D. Stark Company. The plan has been periodically amended for regulatory purposes. The IRS has determined and informed the volume submitter (Loren D. Stark Company) by letter dated March 31, 2014 that the plan and related trust are designed in accordance with the applicable regulations of the IRC. It is the view of the plan administrator and the plan's counsel that the plan continues to be designed and operated in compliance with the applicable requirements of the IRC and the plan and the related trust continue to be tax exempt. Therefore, no provision for federal or state income taxes has been included in these financial statements.

E - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (Unaudited)

The Company has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MassMutual, as custodian of the plan, has certified that all of the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Investments and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2019 and 2018.

Income and expenses as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

Difference to reconcile	-
Changes in net assets available for benefits per Form 5500	$ 694,976

G - CONCENTRATIONS OF RISK

The following is a summary of financial instruments subject to credit risk at year end.

Investment securities
The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants
As discussed in Note A above, if a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document. Consequently, no allowance for collectability is considered necessary by plan management.

General business economy
Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Decline in fair value of investments
Since December 31, 2019, the outbreak of COVID-19 and related global responses have caused material disruptions to businesses around the world, leading to an economic slowdown. Global equity markets have experienced significant volatility and weakness. While governments and central banks have reacted with monetary interventions designed to stabilize economic conditions, the duration and extent of the impact of the COVID-19 outbreak, as well as the effectiveness of government and central bank responses, remains unclear at this time. Subsequent changes, if any, in the fair value of the plan's investments have not been reflected in the financial statements as at December 31, 2019.

H - PARTY IN INTEREST TRANSACTIONS

Loren D. Stark Company is the record keeper and third party administrator of the plan. MassMutual is the custodian and as such both entities are considered parties in interest with respect to the plan.

I – RECENT ACCOUNTING PRONOUNCMENTS

Fair value measurement

In August 2019, the FASB issued ASU 2019-13 Disclosure Framework (Topic 820) - Changes to the Disclosure Requirements for Fair Value Measurement. This guidance removes or modifies various disclosures relating to the activity or reconciliations of Level 1, Level 2 and Level 3 fair value measurements. It is effective for interim and annual periods beginning after December 15, 2020. Management is currently evaluating this guidance and the impact it will have on the financial statements.

J - DATE OF MANAGEMENT'S REVIEW

The plan's management has evaluated subsequent events through date of the independent auditor's report, which is the date the financial statements were available to be issued.

K - SUBSEQUENT EVENT – COVID -19

COVID -19 (the "Coronavirus)

Plan management is currently evaluating the impact of the COVID -19 pandemic on the Plan and has concluded that while it is reasonably possible that the virus could have a negative effect on the Plan's net assets or changes in net assets, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.
