The following description of the Cates Control Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1990, covering substantially all employees of Cates Control Systems, Inc. (the "Employer"). The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code, as amended (IRC). In addition, the Plan's financial statements and supplemental schedule have been prepared in compliance with accounting principles generally accepted in the United States of America (US GAAP) and with ERISA.

The Plan covers all employees of Cates Control Systems, Inc (the "Employer") who have achieved 1 hour of service.

Contributions

Participants may contribute up to 100% of their salary, up to the maximum amount permitted by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan provides for a discretionary and profit-sharing match by the Employer. During the year ended December 31, 2019, the Employer made no contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's contributions and Employer contributions. The amount of investment earnings or losses is allocated to a participant's account based upon the individual participant's pro-rata mix of investments or the net asset value of the funds in which the participant invests.

Vesting

Participants are 100% vested in their contributions, rollovers and actual earnings thereon. Participants vest in employer profit sharing contributions on a six-year schedule as follows:

Years of Service	Percentage Vested
Less than;	
2 years	0%
3	20%
4	40%
5	60%
6	80%
6 or more	100%

NOTE 1 - DESCRIPTION OF PLAN (continued)

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant may elect to receive an annuity, installment payments, lump-sum payment or a direct rollover to another qualified plan equal to the value of the participant's vested interest in his or her account. Upon death of a participant, the Plan allows for extended payments for all beneficiaries. Hardship distributions are permitted subject to certain limits.

Forfeitures

Forfeitures of non-vested employer contributions may be used to pay administrative expenses or to reduce future employer contributions. For the year ended December 31, 2019 and 2018, the balance in forfeited, non-vested accounts totaled approximately $16 thousand and $15 thousand, respectively. During the year ended December 31, 2019, the Plan used forfeitures of approximately $560 to pay administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of addition to and deductions from net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Receivables and Payables

Receivables for employee contributions, if any, are recorded on the date the contributions have been separated from a participant's pay which is the pay date. Employer discretionary contributions are determined and recorded in the year they are earned and to coincide with the year in which the Employer records the contribution in its general ledger and takes the tax deduction for the contribution. Accruals for Plan expenses not related to benefit payments are recorded when due.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Receivables and Payables (continued)

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions on the statement of net assets available for benefits. Accruals for Plan expenses not related to benefit payments are recorded when due.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to distributions and the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE, UNAUDITED

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information, and related activity, certified by the trustee, except for comparing such information with information included in the Plan's financial statements and supplemental schedule.

The following is a summary of financial information certified by the trustee as complete and accurate as of and for the year ended December 31:

	2019	2018
Investments:		
Mutual funds, at fair value	$ 4,947,048	$ 3,865,669
Guaranteed interest account, at contract value	517,998	479,618
	$ 5,465,046	$ 4,345,287

Net appreciation in fair value of investments	$ 674,541
Dividends and interest income	159,429

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value as it relates to financial assets and liabilities and to nonfinancial assets and liabilities measured at fair value on a recurring basis. That framework provides a three-level valuation hierarchy based upon observable and unobservable inputs, with preference given to observable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: quoted prices in active markets for identical assets or liabilities;

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;

Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

December 31, 2019:	Total	Level 1	Level 2	Level 3
Mutual funds	$ 4,947,048	$ 4,947,048	$ -	$ -
Total investments in fair value hierarchy	$ 4,947,048	$ 4,947,048	$ -	$ -

December 31, 2018:	Total	Level 1	Level 2	Level 3
Mutual funds	$ 3,865,669	$ 3,865,669	$ -	$ -
Total investments in fair value hierarchy	$ 3,865,669	$ 3,865,669	$ -	$ -

NOTE 5 - GUARANTEED INTEREST ACCOUNT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Empower Retirement totaling approximately $518 thousand and $480 thousand, respectively, at December 31, 2019 and 2018. Under the terms of the contract, Great-West Life and Annuity Insurance Company maintains contributions in a general account. The account is credited with earnings on the underlying investments and is charged for Plan withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in participation units held in a guaranteed interest account of Empower Retirement. Empower Retirement provides services to the Plan as trustee; therefore, this investment and transactions qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan is based on a prototype non-standardized profit sharing plan with CODA developed by Travis Wolff, LLP, which received a favorable opinion letter dated March 31, 2014 issued by the Department of the Treasury of the Internal Revenue Service that the Plan is qualified under Code Section 401. Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2019 to the form 5500:

Net assets available for benefits per the financial statements	$ 5,430,849
Excess contributions payable	34,197
Net assets available for benefits per the Form 5500	$ 5,465,046

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 500 for the year ended December 31, 2019:

Net increase per the financial statements	$ 1,085,562
Add: current year excess contribution payable	34,197
Net increase per the Form 5500	$ 1,119,759

NOTE 11 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 11, 2020, which is the date the financial statements were available to be issued. There were no events identified which required adjustment to or disclosure in these financial statements except for the following.

On January 30, 2020, the World Health organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risk to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

NOTE 11 - SUBSEQUENT EVENTS (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to the changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants.

Plan management has evaluated the relief provisions available to the Plan's participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Suspended required minimum distributions for 2020.
