Independent Auditor's Report

To the Plan Administrator
Triage, LLC Retirement Savings Plan
Omaha, Nebraska:

Report on the Financial Statements

We have audited the accompanying financial statements of Triage, LLC Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year the ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in the net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Other Matter – Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2019 (Schedule 1), is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Triage, LLC Retirement Savings Plan

Notes to Financial Statements December 31, 2019 and 2018

(1) Description of Plan

The following description of the Triage, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan, which was established in 2018, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Triage, LLC (the Company). The Plan Administrator and trustee are responsible for oversight of the Plan. The Investment Committee, with the assistance of Slavic Mutual Funds Management Corporation, the co-fiduciary investment advisor, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator and trustee.

B. Eligibility

Employees are eligible to make pre-tax and Roth after-tax salary reduction contributions after attaining age 21. Eligible employees become participants on the first day of the month coinciding with or following the date of eligibility. Employees are eligible to receive the Company's safe harbor matching and discretionary profit sharing contributions after attaining age 21 and completing one year of service (defined as a 12-consecutive month period during which the employee completes 1,000 or more hours of service). A participant must also be employed on the last day of the Plan year to receive any non-elective profit sharing contribution.

C. Contributions

Participants may make voluntary salary deferral contributions up to 98% of compensation subject to the maximum dollar limits allowable by law. Participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan is a safe harbor plan, whereby the Company makes safe harbor matching contributions equal to 100% of the participant's elective contributions not exceeding 3%, and 50% of the following 2% of the participant's compensation for each payroll period, during the Plan year. The Company may also make discretionary profit sharing contributions. Contributions are subject to certain limitations. Participants direct the investment of employee and Company contributions into various investment options offered by the Plan.

D. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings (losses), and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are vested immediately in their contributions and the Company's safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution is based on years of continuous service based on the following schedule. A year of credited service requires a minimum of 1,000 hours of service during the Plan year.

Triage, LLC Retirement Savings Plan

Notes to Financial Statements December 31, 2019 and 2018

Completed Years of Service	Percentage of Account Vested
After one year of service	0%
At least 2 years of service, but less than 3	20%
At least 3 years of service, but less than 4	40%
At least 4 years of service, but less than 5	60%
At least 5 years of service, but less than 6	80%
6 years or more	100%

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at reasonable rates. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the purpose of the note is to acquire or construct the primary residence of the participant, in which case the repayment period shall not exceed fifteen years. Notes receivable from participants outstanding at December 31, 2019 bear interest rates of 4.75% to 6.00% with maturities ranging from February 2020 through October 2024.

G. Payment of Benefits

On separation from employment for a reason other than death, if a participant's vested interest exceeds \$5,000, a participant may elect to receive a lump sum payment at a time of his/her election. In the absence of an election, the Plan can automatically roll the funds into a qualified individual retirement account on the 60th day following the later of the participant attaining normal retirement age or separating from service. If the participant's account is less than \$5,000, but greater than \$1,000, the Plan can automatically roll the account into a qualified individual retirement account. If the participant's account is less than \$1,000, the Plan can automatically cash out the account.

The Plan also allows for in-service distributions of fully vested accounts once a participant has attained age 59 ½ or in the case of a hardship.

H. Forfeitures

Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their Company contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to reduce future Company contributions or pay Plan expenses. At December 31, 2019 and 2018, there were no forfeited non-vested accounts.

(2) Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Triage, LLC Retirement Savings Plan

Notes to Financial Statements December 31, 2019 and 2018

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian and recordkeeper. See Note 3 for discussion of fair value measurements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes are treated as distributions based upon the terms of the Plan document.

E. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

F. Payments of Benefits

Benefit payments to participants are recorded when paid.

G. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

H. Subsequent Events

The Plan has evaluated subsequent events through August 7, 2020, the date the financial statements were available to be issued.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Triage, LLC Retirement Savings Plan

Notes to Financial Statements December 31, 2019 and 2018

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at fair value as determined by quoted marked prices, which represents the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,279,973	--	--	11,279,973

Fair Value as of December 31, 2018

(4) Tax Status

The Plan has adopted a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Triage, LLC Retirement Savings Plan

Notes to Financial Statements December 31, 2019 and 2018

(6) Party-in-Interest Transactions

Certain mutual funds held by the Plan are issued by Fidelity Investments, the custodian of the Plan, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan has a number of service providers which qualify as parties-in-interest. Fees paid by the Plan to parties-in-interest amounted to \$59,774 for the year ended December 31, 2019.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Furthermore, the Plan has invested in one mutual fund as of December 31, 2019 and 2018 that represents 35% and 33% of net assets available for benefits, respectively.

(8) Subsequent Events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Company and the Plan. To date, the Plan has experienced significant volatility in the fair value of investments. The Plan sponsor also expects impacts as a result of the provisions of the CARES Act which allows participants to take coronavirus related hardship distributions without an early withdrawal penalty, increases the maximum participant loan withdraw, and suspends the requirement to make minimum distributions for the 2020 Plan year.
