Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the SB Financial Group 401(k) (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan adopted July 1, 1988 sponsored by SB Financial Group (Company) for the benefit of employees of The State Bank and Trust Company (dba State Bank) and Rurbanc Data Services, Inc. (RDSI) who have achieved six months of service and have attained age 21. RDSI was sold in January 2018 and is no longer a participating employer of the Plan. Effective March 18, 2019, the Plan was amended to add SBFG Title, LLC as a participating employer of the Plan. Entry into the Plan is the first day of the Plan year quarter coinciding with or next following the date eligibility requirements have been met. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Bank and Trust Company - Wealth Management is the trustee of the Plan. The State Bank is the custodian of the Plan. Findley Davies, Inc. is the recordkeeper of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation up to the maximum allowed by law. Employee rollover and Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes a safe harbor matching contribution equal to 100% of employees' salary deferral amounts up to 4% of the employees' eligible compensation. Contributions are subject to certain limitations. Discretionary additional Company matching and profit-sharing are also available as determined annually by the Company's Board of Directors. No discretionary contributions were elected to be made for 2019 or 2018.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SB Financial Group 401(k)

Notes to Financial Statements

December 31, 2019 and 2018

Vesting

Participants are immediately vested in their voluntary contributions and any safe harbor Company matching contributions, plus earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus earnings thereon, is based on years of credited service. A participant is fully vested after three years of credited service.

Forfeited Accounts

At December 31, 2019, the Plan had forfeited nonvested accounts that totaled \$1,614. At December 31, 2018, forfeited nonvested accounts totaled \$0. These accounts are used to reduce future Plan expenses or reduce Company contributions. The Plan did not use any forfeitures in 2019. The Plan used \$33,652 on Company contributions from forfeited nonvested accounts during 2018.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan. The Plan permits hardship withdrawals subject to certain restrictions. Participant loans are not permitted by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

SB Financial Group 401(k)

Notes to Financial Statements

December 31, 2019 and 2018

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds and the money market fund are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The IRS has determined and informed the Company by a letter dated May 20, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The State Bank, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief:

- Investments and noninterest-bearing cash as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment (loss) income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2019

SB Financial Group 401(k)

Notes to Financial Statements

December 31, 2019 and 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by State Bank and Trust - Wealth Management. State Bank and Trust Company - Wealth Management is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan paid \$83,564 and \$78,682 of administrative fees to State Bank and Trust Company - Wealth Management during the years ended December 31, 2019 and 2018, respectively. The Company paid recordkeeping fees to Findley Davies, Inc. of \$3,687 and \$2,749 during 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

SB Financial Group 401(k)

Notes to Financial Statements December 31, 2019 and 2018

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

2019

SB Financial Group 401(k)

Notes to Financial Statements

December 31, 2019 and 2018

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments held by the Plan include mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 assets during 2019 or 2018.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events

Subsequent events have been evaluated through July 20, 2020, which is the date the financial statements were available to be issued.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
