PIVOT INTERIORS, INC. SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2019

Note 1 - Description of plan:

The following description of the Pivot Interiors, Inc. (the "Company") Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on January 1, 1988, was merged on April 1, 2000 with the plan of Coordinated Resources, Inc. ("CRI") and was last amended on July 1, 2016. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all employees of Pivot Interiors, Inc. who have attained the age of 21.

The Plan Sponsor is Pivot Interiors, Inc. ("Plan Sponsor").

The Company retains the services of third parties to assist in the administration of the Plan. Through December 31, 2019, the Plan's custodian and third party administrator was Fidelity Management Trust Company ("Fidelity").

Eligibility - Except for excluded employees, all employees who have reached twenty-one years of age are eligible to participate in the Plan. New employees are automatically enrolled into the Plan within 30 days following the participant's date of hire. An employee may elect not to participate in the Plan.

Subsequent to year end, eligibility was amended to exclude interns, flexible schedule, and temporary employee classes effective January 1, 2020. In Plan years 2019 and prior, interns, flexible schedule, and temporary employee classes were excluded from participation in the Plan. To align Plan administration with the Plan document and in conjunction with the amendment, the Plan Sponsor submitted an application through the Internal Revenue Service's Voluntary Correction Program to remediate the discrepancy. In July 2020, the Internal Revenue Service approved the Plan's retroactive amendment of the definition of participant eligibility for all Plan years.

Participant contributions - Each year participants are eligible to contribute up to 100 percent of pre or post tax annual compensation, as defined in the Plan and subject to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Automatically enrolled participants have their deferral rates set initially at 5% of eligible compensation and their contributions are invested in a balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily.

Note 1 - Description of plan (continued):

Employer matching contributions - The Company contributes an amount equal to 50% of elective deferrals up to a maximum matching contribution of $3,000.

The Company may also contribute an additional amount determined at its sole judgment, which will be allocated to all participants, and is distributed based on the participants' compensation as a ratio of all other eligible participants' compensation. For the year ended December 31, 2019, the Company made discretionary contributions of approximately $51,000. For the year ended December 31, 2018, the Company did not make any discretionary contributions.

Participant accounts - Each participant's account is credited with the participant's contribution, employer's contribution, and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the valuation of the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Some Plan investments are units of funds managed by the custodian, therefore, these investments and all related investment transactions were party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting - Participants' contributions and rollovers from other qualified plans are 100% vested at all times. The Company's matching contributions are also 100% vested upon the participants' entry date. The Company's discretionary profit sharing contributions vest at a rate of 20% per year starting with the second full year of service. A full year of service is defined as completing 1,000 hours of service at any time during a Plan year.

At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately $13,000 for both years. These accounts may be used to reduce administrative fees and future employer contributions. In 2019 and 2018, no forfeited funds were used to reduce administrative fees or employer contributions.

Benefits paid to participants - The Plan provides for the payments of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined by the Plan), or termination of employment. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump sum, partial, or installments equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant's vested account balances that do not exceed $5,000.

Note 1 - Description of plan (continued):

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period, as defined by the Plan. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Investment management fees and operating expenses - Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Company.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments in all of the funds, except the stable value fund, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of December 31, 2019 and 2018. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The stable value fund is fully benefit-responsive and is reported at contract value, which approximates fair value.

Note 2 - Significant accounting policies (continued):

Investment valuation and income recognition (continued) - Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net appreciation (depreciation) in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value measurements:

The Plan performs fair value measurements in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 3 - Fair value measurements (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments were measured on a recurring basis by the Plan administrator, and consisted of mutual funds with a balance of $34,623,070 and deemed to be level 1 as of December 31, 2019.

Investments were measured on a recurring basis by the Plan administrator, and consisted of mutual funds with a balance of $27,246,513 and deemed to be level 1 as of December 31, 2018.

The Plan's valuation methodology used to measure the fair values of the mutual funds were derived from quoted market prices of the underlying assets in the mutual funds as substantially all of these instruments have active markets.

Note 4 - Investments:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Fidelity, the custodian of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedules.

The following information included in the financial statements and supplemental schedules was provided by and certified by the Plan's custodian as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2019 and 2018.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2019 and 2018.

- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the years presented.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

Note 5 - Stable value fund:

During the years ended December 31, 2019 and 2018, the Plan held an investment in the New York Life Anchor Account, a stable value fund ("SVF") that is a pooled account with New York Life Insurance Company, made available to participating plans through a group annuity contract. Contributions to the SVF are directed to a New York Life pooled separate account that invests primarily in a diversified portfolio of high quality, fixed income securities, which are owned by New York Life Insurance Company. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer, New York Life, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 - Income tax status:

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code 401(a). Subsequent to receiving this determination letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Party-in-interest transactions:

Fidelity Management Trust Company, the Plan's custodian, serves as Plan fiduciary, investment manager, and custodian to the Plan and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2019 and 2018, the Plan held for investment approximately $5,382,000 and $4,107,000, respectively, in Fidelity Management Trust Company mutual funds.

Note 8 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will automatically become fully vested in their accounts.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 10 - Subsequent events:

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") as a pandemic. The COVID-19 outbreak in the United States has caused business disruption both to the Plan Sponsor and throughout its customer base and supply chain through mandated and voluntary closings of many businesses. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Therefore, while the Plan Sponsor expects this matter to have a financial impact on its operating results, the financial impact to the Plan would be a possible significant depreciation of investments, due to market volatility and reduced or eliminated matching contributions from the Plan Sponsor, however given the fluid nature of the outcome of the pandemic, the ultimate impact and duration cannot be reasonably estimated at this time.

In response to the COVID-19 outbreak the U.S. Congress passed, and the President signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act in March 2020. The CARES Act provides for additional options to participants in regards to amount of and repayment terms for loans, as well as additional options with regard to distributions and repayment of distributions up to a certain limit, defined in the law and over a defined period of time.
