A. DESCRIPTION OF THE PLAN:

The following description of the Spectrum Orthopaedics, Inc. Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a profit sharing plan with a salary deferral feature established for the benefit of the employees of Spectrum Orthopaedics, Inc. ("Spectrum," "Company," and "Plan Sponsor") and a participating employer who have attained the age of 21. Effective January 1, 2019, the Plan was amended to add Ohio Specialty Surgical Suites, LLC ("OSSS") as a participating employer. To be eligible for nonelective employer contributions and matching employer contributions, employees must also complete one year of service. Prior service of OSSS employees is counted toward eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year participants may contribute up to 50% of pretax annual compensation, up to the maximum amount permitted by law and not less than 1% of their compensation, as defined by the Plan. Contributions may be made on a pre-tax basis or on an after-tax basis through a Roth deferral option. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan has an automatic enrollment function for all eligible employees of the Plan Sponsor. Employees of OSSS are excluded from the automatic enrollment function. Each eligible employee enters the Plan at a 3% deferral rate. In addition, the participants who enter the Plan under the automatic enrollment have an automatic escalation function which increase that participant's deferral rate at 1% each year, until the participant reaches a 6% deferral rate. The participant can choose to opt out of the automatic increase and change their deferral rate at any time.

Participants direct the investment of all contributions into certain individual investment options offered by the Plan. All contributions are limited to the maximum allowed as a deduction under the Internal Revenue Code.

The Plan also provides for a Qualified Automatic Contribution Arrangement ("QACA") for employees of Spectrum, unless elected otherwise, and provides for age based funds as the investment default option. As part of the QACA, the Plan Sponsor must make a QACA Nonelective Employer Contribution to each eligible active participant in an amount ranging from 3% to 25% of the active participant's compensation. Employees of OSSS are excluded from this nonelective employer contribution. For the year ended December 31, 2019, the Plan Sponsor elected to contribute 3% for the QACA Nonelective Employer Contribution, which totaled $255,012.

In addition, the Plan Sponsor has the option to make a discretionary profit sharing contribution to employees of Spectrum at varying percentages of the employee's eligible wages. The percentages vary based upon different groupings of employees by the Plan Sponsor. Employees of OSSS are excluded from this profit sharing contribution. The discretionary profit sharing contribution represents 10.21% of eligible wages for the first group, 2.86% of eligible wages for the second group, and 1.41% of eligible wages for the third group. Total discretionary profit sharing contributions to employees of Spectrum was $418,005 in 2019.

The Plan provides that OSSS may make discretionary matching contributions to the employees of OSSS. For the year ended December 31, 2019, OSSS elected to match 100% of the participant's voluntary contributions up to the first 3% of compensation. These matching contributions totaled $35,819 in 2019.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN (CONTINUED):

Participant Accounts - Each participant's account is credited with the participant's contribution, an allocation of the Plan Sponsor's contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - A participant is fully vested immediately in elective wage deferrals and amounts rolled over from other plans plus actual earnings thereon. Vesting for employer matching contributions and employer discretionary contributions are based on years of continuous service. A participant is 100% vested after two years of credited service or upon retirement (age 59 ½), disability, retirement or death while employed.

Payment of Benefits - On termination of service, a participant having a balance of more than $1,000 may elect to receive either a lump-sum or monthly distribution or a direct rollover distribution. A participant having less than a $1,000 balance may take a lump-sum distribution or a direct rollover distribution. If no election is made, a lump sum distribution will automatically be made as soon as reasonably practicable following the date the participant's application for distribution is received by the plan administrator. Non-terminated employees may make withdrawals from their elective deferral account balance as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Forfeitures - Discretionary contributions and matching contributions that are forfeited will be used to pay for administrative expenses incurred by the Plan. The portion of forfeitures not used to pay administrative expenses may be used to reduce any employer discretionary or matching contributions. During the years ended December 31, 2019 and 2018, no amounts were used from the forfeiture account. As of December 31, 2019 and 2018, forfeitures available were $50,306 and $45,924, respectively.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Payment of Benefits - Benefits are recorded when paid.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through July 21, 2020, the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Money market accounts are stated at cost, which approximates fair value.

Common / collective trust fund: The common/collective trust fund consists of a stable value fund. The fair values of participation units held in the stable value fund are based on NAV to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts. The stable value fund generally permits redemptions daily. If the fund experiences periods of insufficient liquidity, then the stable value fund may defer honoring any payment request until liquidity is sufficient. The Plan is permitted to redeem investment units at NAV on the measurement date. The NAV is reported to the Plan by the trustee and is used as a practical expedient to estimate fair value in accordance with authoritative accounting guidance.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as follows:

Assets Measured at Fair Value at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,100,791	$ -	$ -	$ 17,100,791
Money market fund	70,878	-	-	70,878
	$ 17,171,669	$ -	$ -	17,171,669
Investments measured at NAV:				
Common / collective trust fund				973,946
Total investments at fair value				$ 18,145,615

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Assets Measured at Fair Value at December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,058,631	$ -	$ -	$ 14,058,631
Money market fund	69,104	-	-	69,104
	$ 14,127,735	$ -	$ -	14,127,735
Investments measured at NAV:				
Common / collective trust fund				976,445
Total investments at fair value				$ 15,104,180

The following table set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2019				
Common / collective trust fund *	$ 973,946	$ -	Daily	1 day
December 31, 2018				
Common / collective trust fund *	$ 976,445	$ -	Daily	1 day

***** Investment strategy for these investments, valued using NAV per share, is not being presented since it is a fund that files a form 5500 as a direct filing entity ("DFE").

E. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

F. INCOME TAX STATUS:

Effective January 1, 2016, the Plan adopted the Fidelity Management & Research Co. Defined Contribution Volume Submitter Profit Sharing Plan. The volume submitter plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service ("IRS") as to the qualified status. The volume submitter opinion letter has been relied upon by this Plan. Although the Plan has been amended since adoption, the plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. The plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Fidelity Management Trust Company is the trustee of the Plan and holds all of the Plan's investments. Fidelity Management Trust Company is a party-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties-in-interest transactions.

Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Plan Sponsor. Other than as described above or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties-in-interest.

H. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. LOST OPPORTUNITY COST CONTRIBUTION:

The Company made late participant contributions to the Plan for the year ended December 31, 2019. The Plan contributed the late amounts totaling $15,234 in January 2020 for the payroll date in 2019. This amount has been properly included as participant contributions receivable on the statements of net assets available for benefits as of December 31, 2019. The Plan calculated the lost earnings totaling $117.

Also, a disclosure has been made on Form 5500, Schedule H, Page 4, line 4a that $15,234 of 2019 participant contributions were not made within the time period described in 29 CFR 2510.3-102, which is considered a Section 4975(a) prohibited transaction.

All prohibited transactions have been corrected and lost earnings deposited into the Plan subsequent to year end.

J. SUBSEQUENT EVENTS:

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have risen which may have negatively impacted investment income and other plan transactions. The Plan's investments may have experienced a significant decline in fair value, consistent with a general decline in financial markets. Other financial impacts could occur, though such potential impact is unknown at this time.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closing of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.

Dr. Mark Shepard
Spectrum Orthopaedics, Inc.
Profit Sharing Plan and Trust
7442 Frank Ave.
North Canton, Ohio 44720

We have conducted a DOL limited-scope audit of the financial statements of Spectrum Orthopaedics, Inc. Profit Sharing Plan and Trust for the year ended December 31, 2019 and have issued our report thereon dated July 21, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 6, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Spectrum Orthopaedics, Inc. Profit Sharing Plan and Trust are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Your estimate of the mutual funds is based on fair value. We evaluated the key factors and assumptions used to develop the fair value in determining that it is reasonable in relation to the financial statements taken as a whole.

Your estimate of the money market fund is based on fair value. We evaluated the key factors and assumptions used to develop the fair value estimate of the money market fund in determining that it is reasonable in relation to the financial statements taken as a whole.

Your estimate of the common/collective trust fund is based on net asset value. We evaluated the key factors and assumptions used to develop the net asset value in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of fair value in Note D to the financial statements for the valuation methodologies used for assets measured at fair value.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Trustee and management of Spectrum Orthopaedics, Inc. Profit Sharing Plan and Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Certified Public Accountants
